I.A.O. 30. which have several battalions, the following instructions are published for information :—
16th Jan. 1924. Brevet rank in the Army is distinct from rank :

rank does not take precedence in purely regiment matters over a Commandant of equivalent rank the former is the junior in regimental rank.

According to paragraph 1142, King's Regulation the senior combatant officer present at mess is responsible for the maintenance of discipline, this would imply the senior officer according to regimental rank in the case of a regimental mess

CORPS MEMORANDUM No 15 1923

*Royal Corps of Signals Headquarter Officers' Mess
Fund*

1 Approval has been given by the Army Council for the Officers' Mess of the Signal Training Centre to be considered as a Headquarter Mess in accordance with paragraphs 1466, 1468 and 1470 K R

2 It has been decided by the Corps Committee that the initial contribution under paragraphs 1466 and 1468 K R shall, for the present, be £5

It has further been decided that an annual subscription under paragraph 1470 K R shall be levied and that this subscription shall be one day's regimental pay

3 In order to facilitate the collection of the initial contribution and annual subscription referred to in paragraph 2 instructions (*vide* paragraphs 4 and 5) are being issued to the Corps Agents to credit the sums to the Headquarter Officers' Mess Fund from the pay of officers who bank with Messrs Lloyd's Bank, Limited (Cox's Branch), without personal instructions from the officers concerned, but subject to immediate re-credit if any officers wish to make other arrangements for payment

These instructions are being issued in order to save correspondence and in anticipation of agreement by officers. It is, however, to be distinctly understood that if an officer wishes to pay the initial contribution and/or annual subscription by personal remittance or Bankers Order, etc., he may at once notify the Agents to that effect, instructing them to re-credit his pay with the sums deducted

I.A.O. 47. Reserves, Indian Army.—It is probable that the training of all reservists of the fighting units of the Indian Army will be carried out in the financial year 1924 25

4/25/25
A. G. 2

2 The following preliminary instructions are issued as a guide to all concerned in organizing the training of the recently formed reserve of Indian infantry and pioneers (excluding Gurkha groups and the 1-4th Hazara Pioneers), and to enable Officers Commanding Reservists to consider their plans in the event of reservist's training being ordered for 1924 25

3 Normal number of reservists to be called up—It is intended that, normally, class A reservists will not be trained in the same financial year (April to March) in which they join the reserve, and that class B reservists will not be trained until the second year after they have joined class B of the reserve. When, therefore the reserve has been filled and is being maintained at establishment by automatic transfer of men from the colours, not more than $\frac{2}{3}$ of class A and $\frac{1}{2}$ of class B will be trained annually

The maximum number of reservists to be trained in a normal year will therefore work out as follows (*vide* appendices to Army Instruction, India, No 890 of 1923), for an infantry regiment of 6 regular battalions

$\frac{2}{3}$ of 385 class "A" reservists	256
$\frac{1}{2}$ of 1135 class "B" reservists	567
Total	823

Allowing a percentage for casualties, unfits, and men who fail to attend for training, the above total may be expected to be reduced to (say) 750. The figures are calculated for the largest regiment of Indian infantry. The number of reservists to be trained in other infantry and pioneer regiments will be less in proportion

4 Number of reservists for training in 1924 25—If training is ordered for 1924 25, the only reservists who will be called up for training during that year will be those of class A and of classes I and II (now provisionally included under Class B)

who joined the reserve previous to 31st March 1924 I.A.O. 47.
 All such men will be called up for training but 24th Jan.
 no others Men of class B proper, who joined 1924
 that class during the year 1923 24, will not be
 trained till 1925 26

It is anticipated that, by the 31st March 1924, only $\frac{1}{3}$ of the establishment of class A will be attained and it is estimated that the total number of reservists actually to be trained in the ensuing year for an average 6 battalion regiment will fall somewhat short of the figures given in paragraph 3 above for a normal year

5 Organization by "batches" for training —
 So far as can be foreseen, the governing factor in deciding on the number of reservists to be called up for training at one time will be range accommodation available, and it is anticipated that this may limit the number to a maximum of 250 Obviously class A reservists should not be trained with class B, and class B reservists should preferably be trained with men of that class who have a similar amount of reserve service It is suggested, therefore, that reservists be called up in batches, class B being sub divided into senior and junior categories according to length of service in the reserve, as follows —

Class A	250
Class B (seniors)	250
Class B (juniors)	250

It is realized, however, that it may not always be possible to adhere closely to this arrangement because it is necessary to fix dates for training with special reference to the convenience and agricultural necessities of the men to be trained, and that these conditions vary with the different classes of reservists

6 Suitable season for training — In view of the strenuous nature of the month's course, it would appear advisable to carry out the training during the cold weather, but it may not be possible in every case to do this The training of territorials must not be allowed to interfere with the training of reservists The latter must have precedence over the former

I.A.O. 47.
24th Jan.
1924.

7. *Provision of staff.*—There are various alternative methods of providing training staff. It would appear advisable for a permanent staff to be provided for one season's training, and it would be advantageous if this staff could be found wholly from one battalion, an internal security battalion per regiment being the most suitable one if available. In any case, if such a staff is permanently employed for a whole season the personnel of it should not again be so employed for some years.

For a batch of 250 reservists the training battalion will call upon one or more active battalions for the following staff :—

	British officers	1
	Indian officers	4
	Coy. havildar major	1
	Coy. quartermaster havildar	1
	Pay havildar	1
Instructors	{ Havildars	5
	{ Naicks	5
	{ Lance-naicks	5
	{ Sepoys	15

The provision of this staff is a serious tax on active battalions. By reducing the number of batches and increasing their numerical size, Officers Commanding reservists will reduce the period during which this staff will have to be provided.

If a batch falls below 200, none of the above staff will be allowed except instructors, who will be available on the following scale :—

Havildar	.. 1 per 50 reservists.
Naick 1 per 50 reservists.
L-naick	.. 1 per 50 reservists.
Sepoys 3 per 50 reservists.

Unless engaged on other duties, British officers of the Indian Territorial Force attached to Training battalions should whenever possible be employed in training reservists. This will obviate the necessity for calling on active battalions to provide British officers for this purpose.

8. *Points for consideration of Officers Commanding Reservists, in calling up reservists for training.*—As

a result of the points brought forward in the preceeding paragraphs, Officers Commanding reservists will take the following factors into consideration :—

I.A.O. 47.

24th Jan.

1924.

- (a) Range accommodation available
- (b) Advisability of calling up reservists in batches
- (c) Suitable season for training, having special reference to the convenience of the men
- (d) Convenience of Officers Commanding active battalions who will be called upon to provide the training staff for the training period

9 Rules regarding provision of followers, special allowances, etc., allowed to Commandants Training Battalions on account of reservists training—Will be published later

10 Musketry course—Details will be published later

11 Clothing—

(i) The rules regarding clothing for reservists of infantry and pioneers (except Gurkhas and the 4th Hazara pioneers) are laid down in Army Instruction (India), No 713 of 1923

(ii) Clothing for reservists of all branches of the service, who were transferred to Reserve prior to August 1923, is held by, or will be sent after manufacture to, the Mobilization Clothing Depot, Lahore. Indents for these reservists should be forwarded to the O O, Mobilization Clothing Depot, Lahore. Items which are available will be at once issued, the remaining items will be supplied as they become available

12 Equipment—

(i) Arms and accoutrements for reservists are held in deposit in ordnance on behalf of Officers Commanding reservists

(ii) Oil or stores required in connection with the training of reservists, will be issued on loan by the I A O C on the scales authorized for Indian Infantry in the proportion necessary for the numbers actually present for training

I.A.O. 47
24th Jan
1924.

(iii) To avoid delay in issue, officers responsible for reservist's training must give the Chief Ordnance Officer concerned as much notice as possible of the number of sets of arms and accoutrements to be withdrawn from deposit, and will, at the same time, submit indents for other stores required

Full particulars regarding the consignee and the date on which the equipment is required must be given

13 *Accommodation*—Reservists will be housed in any accommodation in the lines of the training battalion which is not at the time required for the personnel of the training battalion. Reservists for whom accommodation cannot be found in the lines will be placed under canvas

The new scales for accommodation for Indian training battalions which it is hoped, will be issued shortly, will include storage accommodation for rifles and equipment of reservists. Storage accommodation for reservists' kits is already sanctioned, vide Army Instruction, India No 150 of 1922

14 Commandants training battalions will submit, as early as possible, direct to Army Headquarters their detailed proposals for the calling up of their reservists for training, in anticipation of sanction being accorded to reservist training in 1924-25

107-Misc/591 (S D 8)

Sir,

I am commanded by the Army Council to state, with reference to your letter No 11534/6 (MT 2), dated 1th October 1923, that warrant officers of the Army Educational Corps who are ex army schoolmasters, on leaving the Service, are recognised by the Board of Education as trained certificated teachers. They must, however, be recommended for such recognition by the Army Council.

I am to say that this recognition is not accorded until they are actually employed by a civil education authority.

I am to add that service in Army Children's Schools only is recognised for the purpose of increments of salary in civil employment.

I am,

Sir,

Your obedient Servant,

Promotions—British—1 Since has been reopened as described in annexure to Army Instruction No 318 of

Instruction (India) No 777 of 1923, and acting promotion can still be made under paragraph 5 of that Army Council Instruction, it must be distinctly borne in mind that in making that acting promotion personnel can only be appointed but not promoted to acting rank, as described in paragraph 254, King's Regulations (1923 Edition) Accordingly, Part II Orders notifying acting promotion should be so worded

2 Promotions—Artillery—Until substantive promotion is reopened for British ranks of the Artillery in India, vacancies will be filled as follows—

Royal Horse and Royal Field Artillery—

- (1) Battery Serjeant Major and Battery Quartermaster Serjeant—Vacancies will be reported to Army Headquarters and the Officer in Charge Records. Until such time as a man to fill the vacancy is received from home or the arrival of the man promoted to acting rank by Army Headquarters, Officers Commanding Brigades or unbrigaded units will appoint the senior non commissioned officer who is recommended to act in the vacancy.
- (2) Serjeant and below—In permanent vacancies for Serjeant and Bombardier the Officers Commanding Brigades or unbrigaded units will promote the senior lower rank recommended to acting rank, vide Army Instruction (India) No 161 of 1922, other vacancies will be filled by appointment to act in the vacancy.
- (3) Farriers, Saddlers and Artificers—Promotions are made by the Officer in Charge Records.

Royal Garrison Artillery—

- (1) Battery Serjeant Major and Battery Quartermaster Serjeant—As for Royal Horse and Royal Field Artillery.
- (2) Serjeant and below—In vacancies for Serjeant, Lance Serjeant and Lance Bombardier, the senior recommended non commissioned officer or man will be appointed by the Officer Commanding the battery.

As regards permanent vacancies for **I.A.O. 67.**
 Bombardier, the Officer Commanding **30th Jan. 1924.**
 Brigade or unbrigaded unit will promote the senior recommended to acting rank,
 de Army Instruction (India) No 461
 of 1922

(3) **F** **r** **i** **e** **r** **s**, Saddlers and Artificers—As for
 Royal Horse and Royal Field Artillery.

When substantive promotion is reopened, vacancies will be filled by promotion as follows —

(1) Battery Serjeant Major and Battery
 Quartermaster Serjeant—By Army
 Headquarters

(2) Serjeant and below—By the Officer Com-
 manding Brigade or unbrigaded unit

By the Officer Commanding—By the
 concerned

Requirements of units for supply of St George's
 Flags, under paragraph 946, King's Regulations
 (1923 Edition), Army Headquarters are making the
 following distribution — **I A O 68.**
A/17416-
A G 3

Northern Command	3,000
Southern Command	5,000
Western Command	2,000
Eastern Command	5,000
Burma District	1,000
Waziristan Force	1,000
Ind Bde Areas	1,000 each

2 Should the number of Flags so distributed be
 found insufficient, additional requirements can be
 met on requisition to Army Headquarters

3 Officers Commanding units desirous of purcha-
 sing roses, red or white (linen) for supply to their
 men who desire to purchase and wear them on the
 occasion of the National Fete of St George, should
 apply direct to Honorary Secretary, The Royal
 Society of St George, 5 Bloomsbury Square Lon-
 don, W C 1 These roses are sold at 6d each and
 supplied to order only at 20 shillings per gross and
 are not returnable

4 The price of Flags is 1 penny each and the
 amounts so collected from individuals by units
 should be forwarded direct to Honorary Secretary,
 The Royal Society of St George, London

Rates at which contributions to the Indian Civil **I A O 69.**
 Service and Indian Military Service Family Pen-
 sion Funds and the Indian Military Widows' and
 Orphans' Fund are recoverable during the month
 of February 1924—Contribution to the above funds
A/17415
A. G. 12

I.A.O. '69. will be at the rate of 1s. 5d the rupee during the
30th Jan. 1924. month of February 1924. This rate also applies to
 the payment of leave salaries, pensions and annuities
 fixed in sterling

The percentage admissible as exchange compensa-
 tion allowance on salary paid during the same
 month is Rs 215 1 per Rs 100. The allowance is
 subject to the maximum of Rs 65 6 0

I.A.O. 70 Correspondence Regimental Records 3 2nd Pan-
 jab Regiment—As all Regimental Records of the
 3 2nd Punjab Regiment were destroyed in a fire
 which occurred in the regimental office of that unit
 on the night of the 14th January 1924, all units
 and departments able to supply any information
 relative to these records will send such information
 to the unit as early as possible

I.A.O. 71 Permanent Staff Auxiliary Force—Conditions of
 service—The following amendments are made to
 India Army Order No 550 of 1920 —

Sub paragraph to paragraph 7 is reconstructed as
 follows —

“Subject to the recommendation of the officer
 commanding the Auxiliary Force unit to which the
 warrant or non commissioned officer is attached and
 with the consent of the officer commanding the
 regular unit concerned, extensions may be granted,
 year by year, up to a maximum of 5 years with
 the Auxiliary Force. In the case of those appoint-
 ed acting regimental sergeant majors, either direct
 from their units or while serving as acting regi-
 mental quartermaster sergeants or staff sergeant in-
 structors, extensions may, subject to similar recom-
 mendation and with the consent of the officer com-
 manding his regular unit, be sanctioned as consid-
 ered advisable

Extensions in either case will not be granted
 beyond the 21 years' qualifying service for pension

Any such application must be accompanied by
 the written consent of the warrant or non commis-
 sioned officer concerned”

Paragraph 12—In line 1 after ‘tenure’ insert
 “or extended tenure if such is granted”

I.A.O. 72 Passages—Sea—Departmental warrant officers
 who proceed to the United Kingdom on leave on
 private affairs are warned that there is little likeli-
 hood of not entitled passages by transport being
 available to enable them to return to India on the
 expiration of their leave

2 In the event of such passages not being avail-
 able to enable them to rejoin for duty before their
 leave expires, the India Office will arrange return

passages, on repayment, for departmental warrant officers who are unable to pay the cost of passages, and the amount will be recoverable in monthly instalments of Rs 50 or 10 per cent of their pay, whichever is less, on their return to India. This concession is not applicable to families.

I A O, 72.
30th Jan.
1924.

Movements—Sea—The erroneous labelling of baggage by individuals embarking on transports has again been brought to notice, packages obviously not required on the voyage being labelled "Wanted on Voyage."

 Rs. 400 in the Punjab.

I.A.O. 87. Furlough and Leave, Indian Army.—It is notified
 for the information of all concerned that the follow-
 ing amendment to paragraph 854, Army Regulations,
 India, Volume II, has been approved by the Govern-
 ment of India :—

A/24619
 A. G. 11.

Para 854 (clause b).

Delete the words "two Indian officers.....
 infantry" in lines three and four, and substitute
 the following :—

"11 per cent in the case of infantry"

The necessary correction will be published in
 the April Appendices to India Army Orders 1924

The percentage referred to may be worked to
 forthwith.

I.A.O. 88. Jewish Festivals.—War Office letter No 111
 Gen, No 2181 (A. G. 4a), dated 9th January, 1924,
 relative to the grant of leave to soldiers of the
 Jewish persuasion to enable them to observe
 certain Jewish festivals during 1924, is published
 as an annexure to this Order.

I.A.O. 89. Extensions of Service and Re engagements,
 India Unattached List—The following amendment
 to paragraph 18, Appendix XXVII, Army Regula-
 tions, (India), Volume II, has been approved and
 will be published in the January 1924 Appendices
 to India Army Orders :—

A/17629
 A. G. 11

For first nine lines down to "beyond 21 years"
 substitute the following :—

"Non departmental warrant officers, and all
 non-commissioned officers and men of the
 India Unattached List may be permitted
 to extend their service, re-engage or
 continue in the service beyond 21 years,
 under the conditions prescribed in the
 King's Regulations. The final approv-
 ing authority for such extensions, re-
 engagements and continuance in the
 service beyond 21 years, will be the head
 of the department concerned as defined

" " in paragraph 3 of this appendix in all I A O 89.
cases of such extensions, etc., the Officer- 2nd Feb.

mission letter No 3-21963-186, dated 14th Novem-
ber 1923, regarding 3 unknown Indian soldiers is
published as an annexure to this Order with the
intimation that any information on the subject
should be reported to the Adjutant General in
India

Re engagement of temporary officers of the In-
dian Medical Service—With reference to para-
graph 5 of Army Instruction (India) No 284 of
1922, the notification therein referred to is not
being submitted as directed. The notification should
be submitted to Army Headquarters three months
before an officer's contract expires in order that
the question of any leave due to him may be con-
sidered. This period is particularly important in
the case of an officer who is not desirous of renew-
ing his contract or who is not recommended for re-
engagement. The notification should be accompa-
nied by a certificate as to the officer's physical
fitness or otherwise for a further period of service.
These documents should be forwarded through the
prescribed channel in order that the various autho-
rities concerned may record their opinion as to the
officer's suitability in all respects for re-engage-
ment

ANNEXURE TO INDIA ARMY ORDER
No 90 OF 1924

No 3 21963 186

Imperial War Graves Commission,

82, Baker Street, W 1,

14th November 1923

Sir,

*Savigny Communal Cemetery,
Department —Vosges, France*

A report has been received that three unknown Indian soldiers are buried in the above cemetery, but it has not been possible to obtain any information which would assist in identification.

Local enquiries have been made, and one of the inhabitants of the village states that three Indian soldiers died there early in 1918, but is unable to give any further information.

I am directed to enquire if it is possible for you to say what unit of the Indian Army was stationed at Savigny about that period, and whether you have record of any casualties which would refer

I am, etc,

Maps—As there seems to be some doubt as to the maps available, and the methods of providing them, the rules and general information regarding the obtaining of tactical and other maps are here set forth for the information of all officers serving in India

2 The whole of Southern Asia between meridians 41° E longitude and parallels 1° and 10° north latitude is mapped on the *Polyconic* system (See Manual of Map Reading and Field Sketching, 1921 page 189)

3 This area is divided into map sheets as follows —

Nomenclature	Scale	AREA COVERED		SQUARE		REMARKS
		Lat	Long	No	Marked	
Million sheet	1/10 00 000	—	4°	16 one degree squares	A to D 1 to 4	Each sq. represents a degree of arc
Degree Sheet	1° = 4 miles	1°	1°	16 fifteen minute squares	1 to 16	Each square represents a $15'$ sheet
$15'$	1° = 2 "	20	20'	36 five minute squares	A to E 1 to 6	Each sheet represents a section of a $15'$ sheet
$15'$ sheet	1° = 1 "	10	10'	9 six minute squares	A to C 1 to 3	

Smaller (1:200 000) scale maps on the Modified Secant Conical projection are also available for the above area

4 (a) Million Sheets are numbered consecutively downward from the N. W. Corner, *e.g.*, 53

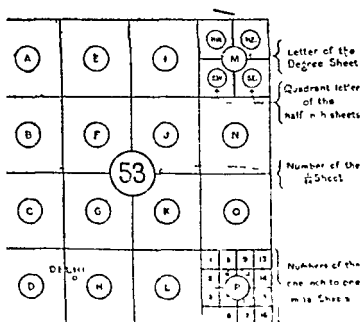

(b) Degree Sheets are lettered in the same way from A to P also bear the number of the parent million sheet, *e.g.*, 53 H.

(c) Half Inch Sheets are named N. W., S. W., E., and S. E. together with the degree sheet number and letter, *e.g.*, 53 H|NW.

(d) One Inch Sheets are numbered from 1 to 16 after the same method as (a) and (b). They also bear the million and degree sheet number and letter, *e.g.*, 53 H|2 (see diagram).

5 The tactical map for the Army in India is the "sheet" vide I. A. O. 102 of 1921 as amended by I. A. O. 286 of 1921. Command District and Brigade Headquarters hold stocks of map for use of Internal Security troops on mobilization.

In addition to the above, large scale maps of certain towns—known as Town Guide Maps—have been prepared.

To provide against operations on the N. W. F. Frontier, certain Maps and Books are stored in certain depots near the frontier.

I.A.O 101. At the request of District and Artillery Headquarters—special large scale maps are produced for manoeuvres and Artillery Practice camps
9th Feb. 1924

6 Maps are compiled and produced by the Survey of India. They are variously classified as "Public", "For Official Use only" and "Secret".

7 Map catalogues are issued gratis to all fighting units and certain Training establishments. Individuals may obtain them V P P from the Map Record and Issue Office, Calcutta, for Re 1 plus 0 8-0 postage. The catalogues show what maps are available for each particular area. Million and degree sheets are available for the whole of India (with the exception of a few degree sheets), but the entire country is not yet covered by up to date $\frac{1}{2}$ inch and 1 inch (modern) sheets.

8 It is the duty of Brigade Commanders to ensure that all units and officers under their command know what maps are available of their district and the method of obtaining them. Every officer should be in possession of the best maps available of the area in which he is serving which are obtainable from the Survey of India at the special military half price rate.

Free issue of maps has not been sanctioned for India although it is sometimes possible for Brigades to provide a limited number for units out of training grant.

9 In the event of actual operations the commander of the troops taking part in such operations will ensure that an adequate supply of maps is available. He should apply in the first instance to the nearest Headquarters, which if unable to meet his requirements will demand the maps required urgently, in form of the Chief of the General Staff of the action taken. Army Headquarters accepts the responsibility for the payment for all maps ordered to meet urgent demands.

10 The method of obtaining maps and of adjusting their cost is laid down in the Catalogue of Maps referred to in para 7. See also I.A.O 102 of 1921, 2nd of 1923 and the Advertisement Issues of the Army List.

The principal purpose of this book is to provide a contemporary account of the measures of reorganization carried out in the Army in India after the Great War of 1914-18, and to describe, in a connected form the essential features of the army as thus reconstructed. The opportunity has been

I.A.O. 123. taken of reviewing broadly at the same time the evolution of the Army in India from its first beginnings, the object being to indicate the chain of causation which ultimately produced the after war reforms, and also to preserve, in a convenient relation, a record of the military institutions which served India before the war, and which have been so greatly altered by the after war reforms that they may soon stand in danger of being forgotten. The book is intended for the information of the general public and also for the use of military officers in connection with their promotion examinations.

I A O 124 Royal Artillery—Re organization—Army Order No 1 of 1924 is made applicable to India and published as an Annexure to this Order

I A O. 125 Legal and Judicial—Under the provision clause (a) of Section 62 of the Indian Army Act 1911 (VIII of 1911), the Commander in Chief India hereby empowers the following officer holding a Command in which persons subject to the Indian Army Act are serving out of India to convene Summary General Courts Martial for the trial of such persons subject to the Act as may from time to time be serving under his Command —

Royal Artillery—Re organization

GEORGE R I

Whereas we deem it expedient to alter the existing organisation of our Royal Regiment of Artillery

Our Will and Pleasure is that the amendments shown in the Schedule attached to this Our Warrant shall be made to Our Warrant dated 7th July, 1914 defining the expression "Corps"

Given at Our Court at St James's this 8th day of January, 1924, in the 14th year of Our Reign

By His Majesty's Command,

DERBY

* Army order 250 of 1916 (relevant extract is reproduced in Annexure B)

SCHEDULE

For the two paragraphs under "Artillery" substitute—

The Royal Horse Artillery Royal Field Artillery and Royal Garrison Artillery will form one Corps

The Corps will include all Artillery units of the Territorial Army and the local battalions and companies of Royal Artillery abroad

Enlistments will in future be for service in the Royal Regiment of Artillery"

Army Council's instructions on the foregoing Warrant

No soldier serving at the date of this Warrant in the Corps of Royal Horse and Royal Field Artillery, or in the Corps of Royal Garrison Artillery will be compulsorily transferred to the new Corps of Royal Artillery, except under the provisions of Sections (1) (7) and (8), Army Act

Any extensions, re-engagements or continuance in the service after 21 years will only be permitted provided that the soldier is willing to be transferred to the new Corps of Royal Artillery

BY COMMAND OF THE ARMY COUNCIL,
H J CRIDDA

ANNEXURE "B" to INDIA ARMY ORDER
No. 124 of 1924.

 G S M 1.2

I.A.O. 141. Returns—British Army.—Owing to the great
 21151 delay in the submission by British units, of the
 A O 1. actual strength, and draft requirement returns, the
 attention of all concerned is invited to India Army
 Order No 22 of 1923, which is republished for in-
 formation and strict compliance

Returns—British Army—Great inconvenience and
 much extra clerical labour is being caused by the
 unpunctual submission and incorrect address of the
 actual strength return (India Army Form Y-1910)
 and draft requirements return (India Army Form
 Y-1921).

The instructions contained in letter No. A -15495;2 I A.O. 141.
(A G-1), dated the 19th September 1922 must be 22nd Feb.
strictly complied with 1924.

Attention is particularly directed to the fact that the covers containing the returns should be addressed to the Adjutant General in India, Simla. These returns should not be enclosed with other correspondence.

Reliefs—Tank Corps—It has been decided that I A.O. 142.
the moves of Armoured Car Companies notified in A. 791
India Army Order No 359 of 1923 will not now be A.G-4
carried out, this India Army Order is hereby cancelled.

Records—British Army—For the information of I A.O. 143.
all concerned it is hereby notified that the documents of the personnel of the late Anglo India A. 24398
Force Artillery Batteries are no longer maintained A.G-6
in the custody of the Headquarter Office of the Poona District.

2 These documents are now with the Officer in Charge Royal Horse and Royal Field Artillery Records, Woolwich, and all questions regarding the documents of the above personnel should be addressed to this office.

Legal and Judicial—The proceedings of all I A.O. 144
Courts Martial which require to be submitted to A. 4704
Army Headquarters for the orders of His Excellency the Commander in Chief, or other superior authority, are to be sent by, or through, Command or Independent District Headquarters to the Judge Advocate General in India. The covering letter or memorandum to the Adjutant General in India will be addressed to him through the Judge Advocate General in India.

Rewards—Colonisation Scheme in the Punjab— I A.O. 145.
Since an announcement has recently appeared in the Press regarding a Colonisation Scheme for military men on the Lower Sutlej Canal, it is notified that neither Army Headquarters nor the Indian Soldier's Board will entertain any applications, official or otherwise, for consideration under that scheme. No applications will therefore be forwarded to either the Adjutant General in India or the Secretary, Indian Soldier's Board.

A G 9

2 The conditions and qualifications governing these appointments are contained in the Annexure to this Order

3 It is considered that in the case of Indian officers selected for such appointments their knowledge of the English language must be of a high order and their intellectual and educational attainments such that they can understand and work the New Cantonment Act. They must be able to fill a position which brings them into dealings with both military and civil officials of some considerable standing. They must be possessed of tact and strength of character. Moreover, the nature of the work which an Executive Officer is called on to do, necessitates a man of active habits.

4 It should be made clear to prospective candidates that they will not be magistrates, that as Executive Officers conservancy sanitation and the control of conservancy establishments will be a prominent feature of their work.

5 Although the pay of officers holding such appointments has been fixed at a maximum of Rs 500 per mensem, it has been decided that, if the scheme proves a success the question of improving this rate of pay will receive due consideration at the end of 5 years.

6 The names of candidates should be submitted to the Adjutant General in India at an early date together with particulars of (i) rank (ii) regiment (iii) caste or tribe (iv) educational qualifications (v) appointments held, (vi) special qualification, if any.

I.A O. 155. **Accounts**—As it is necessary that expenditure pertaining to the current financial year should be adjusted in the Accounts before the 31st March 1924, all officers concerned are requested that claims are submitted in sufficient time for that of their payment before the 31st March 1924.

The War Office

Whitehall

London S.W. 1

January 1924

Sir

1 I am directed to inform you that the question has been raised as to which Manual is to be used in the examination for promotion. The examination is to be held in the near future. The Manual of Military Law is to be issued in the near future.

2 A comparative table has been prepared with Army Order No. 13 of 1923 and the proposed in the new Regulations of the paragraph of the 1911 edition of the Army Reserve Regulations. There is already a comparative table in the new Pay Warrant.

3 Pending the issue of a new Manual of Military Law there is no change in the examination for promotion examinations for such paper as is to be held in the near future.

(a) New issue of the Pay Warrant and Rules and Regulations. The comparative table is to be included in the new issue.

(b) Old amendment of the Pay Warrant and Rules and Regulations.

I am

Sir

Your obedient servant

ANNEXURE TO INDIA ARMY ORDER No 101 OF 1924

Conditions and qualifications governing the appointment of Indian Officers to the Cantonments Department as Executive Officers

(1) The appointments will be open to Indian officers of any rank holding Victoria's commission whether serving on the active or retired list

(2) The candidate must be of active habits, sound physique and medically fit in every way, and before appointment will be required to be medically examined by a qualified doctor

NOTE.—The candidate should not ordinarily be above 35 years in age, but applications from candidates possessing exceptional qualifications for the Department who do not fulfil this condition will be considered

(3) The candidate must be able to read and write English fluently, possess ability and aptitude for office and accounts work and be capable of appreciating and administering the Cantonments Act and the rules and bye laws made thereunder

Candidates elected for appointment to the Department will be required to pass such examination in cantonment and municipal law, Cantonment Accounts, Sanitation and Hygiene as may be prescribed by the Governor General in Council

(4) An officer appointed to the Department will be designated "Executive Officer," and his position and functions will be as prescribed in clauses 20 and 21 of the Cantonments Bill, including the management and supervision of the conveyance of the cantonment

(5) An "Executive Officer" will not exercise any judicial powers

(6) An "Executive Officer" will receive Rs 100 per mensem on first appointment rising by annual increments of Rs 20 to a maximum of Rs 500. Such increments will be admissible only on his work being satisfactory

(7) An "Executive Officer" will be on probation for one year in the Department. He will be

liable to return to military duty, if on the active list, or to be discharged if on the retired list, during the period of probation on giving reasonable notice or on his proving unsuitable for permanent appointment to the Department

(8) Once appointed permanently to the Department, an Executive Officer will be in permanent civil employ and will no longer be eligible to revert to military duty

(9) An "Executive Officer" will be liable to discharge by the Governor General in Council

He will be liable to dismissal by the same authority for misconduct or inefficiency in the work of the Department

(10) An "Executive Officer" will be retired at the age of 55

NOTE—Rules governing the grant of pension to Executive Officers on discharge or retirement will be issued later

Officers—Discipline—India Army Order No 361 I A O. 178.
of 1922 is hereby cancelled and the following sub- 3rd Mar.
stituted 1924.

A-11640
A.G.-8.

2 Attention is drawn to Section 47 (previously Section 46 A), of the Army Act, as amended by the Army and Air Force (Annual) Acts of 1920, 1921, 1922 and 1923, and republished as an Annexure to this Order

3 In dealing summarily with officers or warrant officers under the provisions of Section 47 of the Army Act, the following instructions will be strictly observed —

(a) The authority having power to deal summarily with a case against an officer or a warrant officer within the meaning of Section 47 of the Army Act, will only exercise this power when the offence is laid under the following sections of the Army Act —

6 except on active service, 8 (2) (Threatening or insubordinate language only), except on active service 9 (2) except on active service, 10, 11, 14 15, 19, 20, (except when the act is wilful), 21, 22, 26, 28 (1) 30 (3), 31 (2), 31 (4), 31, 39 and 40

(b) When a General Officer, or Colonel Commandant, who has power to dispose summarily of a case against an officer, decides to award,

(i) Forfeiture of seniority of rank, or

(ii) Forfeiture of service for the purposes of promotion where an officer's promotion depends upon length of service,

the forfeiture in either case will not exceed 12 months' seniority or service as the case may be

(c) When a General Officer or Colonel Commandant, who has power to deal summarily of a case against an officer decides to award a sentence of forfeiture of service for the purposes of promotion in the case of an officer of the Indian Forces he will not in any case order the

I.A.O. 178.
3rd Mar.
1924.

officer concerned to forfeit more than 12 months' service.

- (d) When a General Officer, or Colonel Commandant, decides not to deal summarily with a charge against an officer or warrant officer which has been referred to him for disposal, but to refer it for trial by court-martial, he may convene a court-martial for the trial of the accused, whether or not he has investigated the case

4 Attention is particularly drawn to sub-section (2) of Section 47 of the Army Act. The authority dealing summarily with a case under this Section can only award punishments after either hearing the evidence or, if the accused consents thereto in writing, after reading a summary or abstract of the evidence.

In cases which are disposed of on the evidence of witnesses given orally before the authority dealing with the case "documentary evidence" is only admissible to the same extent and for the same purposes as before a Court Martial.

In cases which are disposed of by the authority dealing with the case after reading a summary or abstract of the evidence a copy of the written consent of the accused to the adoption of this course will be attached to the copies of Army Form B-120, submitted in the case of an officer, to Army Headquarters in accordance with paragraph 6 (a) and (b) of this order, the original in the cases of officers as well as warrant officers being kept with the original Army Form B-120 in the accused's unit.

5 In every case in which an officer or warrant officer has been awarded a summary punishment under Section 47 of the Army Act, an entry will be made on his Army Form B-120 which is kept by his Unit or Corps.

In preparing Army Forms B-120 for officers or warrant officers, the following instructions must be strictly adhered to :—

- (a) The information required in the heading of the form will be accurately entered and the form signed, as required, by the Commanding Officer or Adjutant of the Corps.

(b) In the case of officers, the words "Regi- **I.AO 178.**
mental number" and "Attested" will **3rd Mar.**
be struck out and initialled **1924**

(c) In column 5 "Offence" the words of the charge, or charges, will follow the appropriate section or sections, of the Army Act (which will be quoted), under which the accused was dealt with, and be followed by a statement of the particulars of the act, neglect or omission constituting the offence, as detailed in paragraph 1702, King's Regulations

(d) The ranks, names and units of witnesses will invariably be entered in column 6 (see also paragraph 4 of this Order)

(e) The wording of the punishments recorded in column 7 will follow that laid down in Appendix II of the Rules of Procedure for the recording of sentences. An award of forfeiture of service for the purposes of promotion will be recorded as follows — *to forfeit months (or all) of his service for the purposes of promotion*

(f) In column 9 it is not sufficient merely to enter the designation of the officer by whom the punishment is awarded. His rank and name will be entered in addition.

(g) In the column for remarks, the signature of the Staff or other officer who makes the entry will be appended as evidence of its authenticity.

(h) Copies of Army Form B-120 for officers submitted to Army Headquarters in accordance with paragraph 6 (a) and (b) of this Order, will be certified as "true" by the forwarding officer, or his Staff Officer, in proof of accuracy.

6 In every case in which an officer has been awarded a summary punishment under Section 47 (2) of the Army Act, certified true copies of Army Form B-120 together with a statement *thereon* showing the period which the officer has passed in

I A O 178. arrest, will be prepared by the officer commanding
3rd Mar. 1924. and submitted, as follows, through the usual channels.

(a) *For officers of the British Service serving in India*

To the Adjutant General in India (in triplicate) for examination and submission to the Secretary, War Office, London

(b) *For officers of the Indian Forces*

To the Adjutant General in India (in duplicate) for examination and despatch to the Military Secretary, Army Headquarters, for record purposes

GS MT 1

2 The War Office have intimated that vacancies at these courses are limited to officers of the regular British Army

Extra regimental employment—British—Since the issue of Adjutant General in India letter No 031087-28 (A G 1-A), dated 13th September 1920, numerous amendments and additions have been made from time to time, and it has now been decided to revise all existing orders regarding extra regimental employment I A O. 189.

2 Owing to the greatly reduced establishment of British Infantry battalions, every effort must be made to reduce the number of employed men, both ~~rec~~recallable and non-recallable. It is not intended, however, to close altogether the field of recruitment for Adjutant and Services to combatant officers and it will always be necessary to have a

I.A.O. 189 3 Employed British other ranks are divided into
7th Mar three categories, viz—
1924

- (A) Personnel borne supernumerary to the strength of their units, i.e., Instructors and administrative personnel posted to Auxiliary Force, schools of instruction, institutions, etc., to fill permanent vacancies in establishments which have been authorised in I.A.O.'s, A.I.I., or other Government authority. This category does not include men transferred to the I.U.L.

If finally selected for permanent employment after three months absence from regimental duty, Heads of Departments, etc., will notify the unit concerned through the usual channel.

NOTE—This category will be shewn in column 43 F, I.A.F.V. 1910

- (B) Personnel non recallable on mobilization, who are retained on the effective strength of their units, e.g.—

- (i) Soldier clerks at A.H.Q. who have not been confirmed in a permanent appointment
- (ii) Soldier clerks in Command, District, Brigade and Station Staff Offices, not transferred to the Indian Corps of Clerks
- (iii) Students at Thomason College, Roorkee, and the Engineering College, Gundy
- (iv) Other ranks employed at the Military Food Laboratory, Kasauli, Permanent Embarkation Staff, and those filling leave and furlough vacancies in authorised appointments

NOTE—This will be shewn in Section "B" I.A.F.V. 1910

- (C) Personnel recallable on mobilization—to include all other men not referred to above in Garrison and other extra-regimental employ

NOTE—They will be shewn in column 36-D, I.A.F.V. 1910

4 Extra regimentally employed personnel will be distributed as evenly as possible among the various combatant units in each command, with the exception of technical arms, such as Royal Artillery, Royal Tank Corps, etc, who will only be detailed under exceptional circumstances

I A.C 189.
7th Mar.
1924.

5 No soldier will ordinarily be taken for extra regimental employment unless he is qualified as under —

- (a) In possession of a 2nd class certificate of education
- (b) Qualified as a second class shot, in the case of Artillery to be a first class Gunner
- (c) Has completed two years' service including at least one whole year's training

In exceptional circumstances, however, District Commanders are granted discretionary powers to waive the above conditions

Other ranks will not be sent on courses of instruction in telegraph duties unless qualified as above

6 Instructions regarding personnel belonging to units moving in relief ex India, will be issued by A H Q

7 With the exceptions noted below, all employed men must be found from the District in which the employment is situated The exceptions are —

Other ranks employed with the Waziristan Force

N C O's and men on probation for appointment to Departments, Services, etc

Such cases as may be specifically and individually authorised by the G O C in C the command where the employment is situated, provided the unit to which the individual belongs is in the same command

I A.O 189. 8 It is essential that all formations, services, departments and other employers of extra-regimentally employed men, should notify movements, casualties, etc, to the O C unit upon whose strength the men are borne

7th Mar 1924

Failure to submit the necessary information causes much unnecessary correspondence, inaccuracies in returns, and often entails difficulties in connection with pay and preparation of accounts. The names of any individuals who cannot be traced will be reported by the O C unit concerned to the A G in I, through the usual channel.

9 All previous orders on the subject of extra-regimental employment are hereby cancelled.

Scheme for Training Indian Reservists of I A O 193.
Artillery—It has been decided to allot all Artillery reservists for training to Artillery units situated in stations within the areas from which the various classes of reservists are recruited or in other words to train men as near their homes as possible

**7th Mar.
1924.**

**A 16617
A G 4**

2 Records of all reservists will still be maintained by Officers Commanding Training Centres who will supply Artillery units with a nominal roll of reservists allotted to them for training, and who will, at the same time, be responsible for calling up reservists for training and informing each man of the unit to which he is to report and its locality

3 Full clothing and equipment, on mobilisation scale, for reservists will be maintained at these unit headquarters, and not at Training Centres as under the present scheme,

4 Training of reservists will be carried out during the hot weather at a time most suitable from the agricultural point of view

Royal Horse and Royal Field Artillery and Medium Artillery R G A

5 The present position of the Reserve is as follows —

Present actual strength of reserve	414
------------------------------------	-----

Reserve actually required	1302
---------------------------	------

6 There is little prospect of completing our reserve requirements at an early date. For the purpose of this training scheme, however, the figure 1302 has been taken, as it will be perfectly simple to train on similar lines any less numbers which may be forthcoming.

7 On the assumption that all classes enter the reserve to the same extent, the numbers ultimately to be dealt with will be —

Gujars	90
--------	----

Ahirs	110
-------	-----

Jats	90
------	----

Rajputs	190
---------	-----

Hindustani Mussalmans	162
-----------------------	-----

Punjabi Mussalmans	530
--------------------	-----

Sikhs (all or the an Jat)	130
---------------------------	-----

I A.O. 193. 8 It is proposed to carry out the training of the
7th Mar. above as follows —
 1924

(a) The training will consist of a biennial course of one month. For syllabus of training, see Annexure I

(b) Each unit to whom reservists are allotted will train 2 batches annually, between May 1st and August 31st, *i.e.*, each course will consist of $\frac{1}{2}$ of the total reservists *allotted to the unit*

(c) The total allotment to units will not exceed the following —

D A C 100 or 25 in any batch

B A C 60 or 15 in any batch

Battery R H or R F A or R G A Medium
 24 or 6 in any batch

R H A Cols 24 or 6 in any batch

(d) No distinction will be made between gunners and drivers in allotting to units, as it is considered that the gunners' training can be quite conveniently carried out by batteries, and any attempt to differentiate in allotment will complicate the scheme unnecessarily

9 Training areas are allotted to reservists by classes as follows —

(a) Punjabi Mussalman—

1st D A C, Campbellpore

2nd D A C, Hyderabad (Sind)

B A C, Nowshera

1 Battery R F A, Peshawar, Nowshera F A

(g) Rajputs—

- 3 Batteries R F A, Kirkee, Kirkee F A Brigade
- 2 Batteries R F A, Jhansi, Jhansi F A Brigade
- 3 Batteries R F A, Jubbulpore, Jubbulpore F A Brigade

I A O. 193 10 The above allotment has been made with a
7th Mar. view to reducing the cost of travelling to a minimum
924.

Until the reserve fills up, the Officer Commanding Royal Artillery Training Centre, will exercise his discretion in utilizing for training purposes only the most conveniently situated stations allotted to each class

11 When reservists training recommences the following procedure will be followed —

(a) The Officer Commanding, Royal Artillery Training Centre, will issue notices to the reservists detailed for the next course, ordering them to appear on a certain date at their respective stations, which will be named in their orders

(b) The Officer Commanding Royal Artillery Training Centre will also send to the unit concerned a nominal roll of the reservists allotted to it for training at least a fortnight before the reservists are due to arrive. In the case of brigaded batteries a copy of the roll will also be sent to the brigade

12 In the event of mobilisation, the following procedure will be followed —

(a) The Officer Commanding Royal Artillery Training Centre will issue notices to all reservists ordering them to appear forthwith at the Royal Artillery Training Depot, I know (to be formed on mobilisation)

(b) Officers Commanding units, who have their charge the reservist clothing and equipment referred to in paragraph 1 will despatch forthwith all such clothing and equipment in bundles clearly marked with the man's name and number to the Royal Artillery Training Depot, I know

14 The numbers ultimately to be dealt with will be —

Punjabi Mussalmans	500
Sikhs	456
Sikhs (other than Jats)	70
Rajputana Rajputs	20
Rajputana Jats	70
Ahirs	120
Punjabi Hindus	70

15 It is proposed to carry out the training as follows —

(a) Training will consist of a biennial course of 2 months for gunners and 1 month for drivers. For syllabus of training, see Annexure II

(b) Each battery to which reservists are allotted will train 2 batches annually between May 1st and August 31st i.e., each course will consist of $\frac{1}{2}$ of the total reservists allotted to the battery

(c) The total allotment to batteries will not exceed the following —

Indian Batteries 200 or 50 in any batch
British Batteries 100 (Drivers only) or 25 in any batch

16 Training areas are allotted to reservists as follows —

Punjabi Mussalmans—

3 Indian Batteries Abbottabad P A Brigade
1 British Battery Abbottabad P A Brigade
1 British Battery, Lahore P A Brigade
1 British Battery Rawalpindi P A Brigade

I.A.O 202. Pattern shown in A I (I) No 458 of 1923, which
10th Mar. 1924 modifies the former Pattern by the introduction of
 "Trees, adjustable, Vickers gun, cavalry" in place
 of "Trees, adjustable gun, Hotchkiss", and Tree,
 adjustable, ammunition, Hotchkiss", and by the
 adoption of "Hangers, gun, sling, cavalry" for the
 carriage of the gun

3 General Officers Commanding will arrange, as far as possible, for regular cavalry regiments to have only one pattern of this equipment, either A, B or C on charge. Units of the Field Army and Covering Troops will be given priority as regards issue of the latest Pattern

No 80 of 1921

80 Extension of Service, etc —

1 It has been decided to revise the conditions and regularise the procedure under which extensions of service, re engagements, and continuances in the service, are allowed to soldiers of the Regular Army.

The objects in view are—

(a) to secure a more even flow of recruits into corp

(b) to maintain an effective supply of drafts for foreign service

(c) to build up an adequate Army Reserve

2 It must be borne in mind that the Army as a whole is only capable of fulfilling its task in war if it is, in practice as well as in theory, administered as a short service force in peace, and that, while ample provision must be made for the retention with the Colours of warrant officers senior N C Os and selected other ranks in sufficient numbers to make possible the formation of cadres for training in the event of mobilization, and for the supply of fully trained drafts for the forces abroad, the building up of the Army Reserve is of primary importance. For this reason the number of warrant officers and other ranks who spend all their time with the Colours to the exclusion of Reserve service requires to be definitely limited.

By fixing such limits the interests of the Service will be adequately secured, and at the same time all soldiers will know what possibilities of extended service are open to them. So far as the individual is concerned, it is clearly to his advantage that the necessary regulation of the extent to which long service can be allowed, should operate at the point of extension of service (7 years for example) rather than at the point of re engagement for pension (12 years).

3 In future, instructions will be issued to officers the records annually, showing the maximum number

11 No warrant officer or other rank will be permitted to extend his colour service after having been sent home from abroad for transfer to the reserve

(III) Re-Engagement to complete 21 years' Service

12 Re engagement to complete 21 years' service will, subject to the instructions contained in para 4 above, continue to be dealt with as provided for in paras 229 to 233, King's Regulations, 1923, though re engagement will not be approved until a soldier has extended his colour service to 12 years or is serving on a 12 years' colour service engagement

(IV) Continuance in the Service beyond 21 years

13 Warrant officers, Class I (except band masters) provided that —

- (a) There are no supernumerary warrant officers, Class I, in the corps awaiting absorption
- (b) Their retention is desirable, and that
- (c) They are medically fit for service at home and abroad,

will be permitted by the officer the records, when serving in the last year of their current engagement, to continue in the service beyond 21 years for such period as may be necessary to enable them to complete 5 years in the rank of warrant officer, Class I

When there are supernumerary warrant officers Class I, awaiting absorption within the Corp the case will be submitted to the War Office for decision. Subsequent continuance in the service will be dealt with at the discretion of the officer the records, who may authorize further continuance for periods of one year at a time, provided that there are no supernumerary warrant officers, Class I, in the corps awaiting absorption, and that

the retention would be in the interests of the service, though in the case of a warrant officer, Class I, under the age of 45 years, permission to continue in the service will not be refused without the authority of the Army Council.

In the case of bandmasters all applications for continuance beyond 21 years will be submitted through the officer in records to the War Office for decision.

14 Soldiers who enlisted as boys and whose service, therefore, prior to attaining the age of 18 years does not reckon as qualifying service for pension purposes, may be permitted by the officer in records when serving in the last year of their current engagements, to continue in the service beyond 21 years from date of enlistment for such period as may be necessary to enable them to complete 21 years' service from the date of attaining the age of 18 years, provided that they are efficient soldiers, are recommended by their C O, and are medically fit for service at home and abroad.

15 The continuance in the service of a soldier serving on the Indian Unattached List will be authorized by the divisional commander under whom the soldier is serving in India. In the case of a soldier serving on the Indian Unattached List who has over 21 years' service being remanded to his British Corps his discharge will be proceeded with forthwith.

16 In the case of soldiers other than those referred to in paras 13, 14 and 15 continuance in the service beyond 21 years, provided that there are no supernumeraries in the same or next higher rank awaiting absorption within the corps, may be permitted by the officer in records when the soldiers are in the last year of their service for fixed periods or one year at a time beyond the expiration of their current engagement subject to medical fitness and to their retention being in the interests of the service.

17 In certain corps continuance beyond 21 years of all ranks (including warrant officers,

Armourers—Royal Army Ordnance Corps—Trade I A O 254
Classification—As there appears to be some mis 28672
 understanding regarding the trade classification of Q M G 5
 Armourer Sergeants of the Royal Army Ordnance Corps the following facts are brought to notice for the information and guidance of all concerned—

- (1) Prior to publication of the trade test for armourer issued with Army Orders for March 1923, there were no degrees of classification On passing the necessary courses of instruction at Enfield Lock and

I.A.O. 254

1924

Woolwich, a man was a qualified armourer, but it is not correct for Commanding Officers to assume that, because a man was so passed out in 1913 or 1915, he can be regarded as a Class I tradesman.

- (2) Under Army Council Instruction No. 63 of 1923, such men are exempt from trade test for purpose of issue of tradesmen's rates, but such exemption does not absolve them from the necessity of qualifying as Class I armourers for purpose of promotion.
- (3) All trade tests give three degrees of classification, and the term "reclassification" means advancement from one degree of classification to another, in cases where men have already been tested and classified—e.g., from Class II to Class I. In the case of the Armourer Section, as practically all serving men were passed out prior to the issue of the trade test in March 1923, the term "reclassification" applies in very few cases.
- (4) The trade tests must in every case be carried out by Command or Area Testing Boards, and the result of tests, where successful, will be promulgated in Part II Orders, and Army Form B-197—signed by the President of the Board—forwarded to the Officer in charge, Royal Army Ordnance Corps Records, Hants, England, for custody.

I.A.O. 255. **Extension of Service—Royal Army Ordnance Corps Personnel.**—With reference to Army Council Instruction No. 40 of 1921, it is notified for information and guidance that, in accordance with the provisions of the Army Act, 1908, for extension of service on behalf of soldiers serving on normal engagements who are desirous of extending their service to 12 years, and those serving on special short service engagements who are desirous of extending their service under the provisions of Army Order No. 111 of 1921 as amended by Army Order No. 155 of 1922, will be submitted quarterly to the Officer in charge, Royal Army Ordnance Corps Records, Hants, England, for custody.

Ordnance Corps Records, Hants England, on 1st January 1st April, 1st July and 1st October in each year

2 Applications will only be put forward for men who are within six months of the termination of their current engagements on the dates given above

3 Applications for re engagement to complete 21 years' service, and for continuance in the service beyond 21 years, may be submitted at any time when individuals concerned are qualified by service, etc, under the King's Regulations and Army Council Instruction 80 of 1924

4 All applications will be supported by certified copies of the Soldiers' Conduct Sheets or, if there are no entries thereon, by a certificate to that effect

 Q 10 A

I A O 258 Experimental Equipment—When experimental equipment is despatched from factories to Arsenals or from Arsenals to Units or vice versa, it is important that care should be taken to enable the consignee easily to identify experimental stores and to prevent the latter becoming mixed up with consignments of service equipment.

29th Mar. 1924.
QMG 12A

With this object the following procedure will be followed by the Factory, Arsenal or Unit despatching experimental equipment—

(1) Each article of experimental equipment is to be plainly labelled or stencilled—

- (a) Experimental
- (b) Number of corresponding voucher
- (c) Authority for despatch

(2) On each voucher referred to in (1) (b) is to be entered prominently—

- (a) Experimental equipment
- (b) Authority for despatch as in (1) (c)

(3) A separate memo is to be sent to the consignee stating—

- (a) Nature and quantity of articles
- (b) Purpose
- (c) Number of voucher
- (d) Authority for despatch

(4) Experimental equipment will not be packed or mixed up with service equipment for despatch.

has recently occurred of an Officer Commanding a **2nd April**
British Battalion having submitted direct to the **1924.**
Royal Humane Society a recommendation for the **A-26763**
award of the Society's Medal and Certificate to per- **A G 9.**
sonnel of his battalion. To prevent a recurrence of
that procedure, the attention of all concerned is in-
vited to paragraph 623, Army Regulations, India,
Volume II, laying down the procedure to be
followed

Unattached List.—The following addition to **I.A.O. 267.**

of the Military Engineer Services are dealt with by
the Quartermaster-General at Army Headquarters
and not by the Engineer-in-Chief. Correspondence
on these subjects will be addressed accordingly.

Passage—Railways.—The instructions in India **I.A.O. 270.**
Army Order No. 735 of 1920 are not being complied **56674**
with. **Q M G-A.**

Indents for I. A. F. T.-1707 (Railway Warrant)
and I. A. F. T.-1711 (Military Credit Note) must
be submitted separately to the Controller of Military
Accounts, Presidency and Assam District, Calcutta,
for counter-signature and transmission to the Deputy
Controller, Forms, 166, Dharamtala Street, Calcutta,
for compliance.

I A O. 271. Passages—Instances have occurred in which
2nd April officers travelling on inspection and other temporary
 1924 duty within Indian limits, have been provided with
 56541 single passages only, on the outward and return
 Q M G portion of the sea journey

2 As a reduction is allowed on first class return tickets, available for a period of six months from the date of landing, the provision of single passages causes unnecessary extra expenditure to the St to In this connection attention is invited to paragraph 13, Army Regulations, India, Volume X, the provisions of which are to be strictly adhered to in future

3 In all cases, therefore, when sea passages by private steamer have to be arranged for individuals proceeding on temporary or inspection duty within Indian limits, application for passage (I A T T 1727) will definitely specify whether return passage is required or not to enable the embarkation authorities to arrange return tickets where necessary

I A O. 272 Forms—With reference to Army Instructions
 50167 (India) Nos 260 and 862 of 1923, in order to remove
 Q M G 1 any misunderstanding which may exist regarding the use of India Army Form O 1456 "Monthly statement of stocks, dues and requirements of guns howitzers and vehicles", it is notified for the information of all concerned, that this form is only authorised for use by the I A O C

I A O 273. Pagri Fringes—Reference Army Instructions
 54710 (India) 562 of 1921 and 4 of 1922
 Q M G 10 A

Stocks of khaki red and blue pagri fringes in Clothing Depots have been exhausted

I A O 274 Equipment for the Indian Company of British
 852 Infantry Battalions—Indents will now be submitted
 Q M G 12 A to complete the equipment authorized in Equipment Regulations (India), Section 1 A, British Infantry, Table 2 for the Indian ranks attached to British Infantry battalions

Books—Amendments—With reference to India I.A.O. 275
 Army Order No 474 of 1921, it is notified for infor- 2nd April
 mation that copies of Amendments No 1 C to Pam- 1924.
 phlet No 1 to Regulations for Army Ordnance Ser- 274
 vices, Part III, have been received in India and are O.B. & R.
 stocked in the Government Press Book Depot,
 Calcutta

Indents will be submitted by all concerned in
 accordance with India Army Order No 45 of 1918
 The number of copies demanded will not exceed the
 authorized number of the Regulations on charge

ANNEXURE I TO I DIA ARMY ORDER
NO 252 OF 1924

Provisional Regulations for the Indian Territorial
Force

The following Regulations for the Indian Territorial Force are published and will be followed in regard to the administration of that Force —

OFFICERS

Application for commissions

Applications for commissions in the Indian Territorial Force will be submitted on Form I to the officer commanding the unit in which a commission is desired. The officer commanding the unit, after consultation with the local civil authority, will submit the application with his recommendation thereon to the General Officer commanding the district. If recommended by the latter, the application will be submitted to the local Government for concurrence before being forwarded through the General Officer Commanding in Chief of the Command to His Excellency the Commander in Chief in India, for submission to His Excellency the Governor General in Council.

Recommendations for commissions

Recommendations for commissions will indicate the vacancy in which it is proposed to post the candidate and will state clearly that the grant of the commission has been approved by the local Government. Recommendations involving the supersession of any officer will explain the reason for such supersession.

First appointment

An officer appointed to the Indian Territorial Force will be granted, subject to His Majesty's approval, an Honorary King's commission, as Honorary Lieutenant or Honorary 2nd Lieutenant, in His Majesty's Indian Land Forces, and will also be appointed an officer on probation in the Indian Territorial Force in the Indian rank of Subedar or Jemadar.

Age of candidates

Candidates for commissions will not be less than 18 years of age. They will not be more than 30 years of age except in the case of officers who have served upwards of three years in the regular forces.

This regulation may be relaxed at the discretion of the officer commanding the District in the case of applicants for commissions in the University Training Corps

Promotions

An officer of the Indian Territorial Force will, if recommended as fit for promotion, be ordinarily eligible for promotion to an honorary rank according to the rules in force for the promotion of British officers of the regular Indian Army. Promotion to the honorary rank of Lieutenant, will involve promotion from the Indian rank of Jemadar to Subedar.

Recommendations for promotions

Recommendations for promotion will be forwarded by commanding officers through the usual channels to the Adjutant General in India. The officer commanding the district will in each case certify that the officer is fully qualified for promotion in the rank for which he is recommended.

Appointments of British officers of the regular Army for duty with units of the Indian Territorial Force

British officers of the regular Indian Army, will be appointed for duty with units of the Indian Territorial Force as Adjutants. In the case of Battalions of the University Training Corps, however, British service officers may be so appointed. British officers of the regular Indian Army will be appointed as company commanders of provincial units. These are appointed by General Officers in India, and General Officers in the Districts.

Adjutants

Officers selected for appointment will be seconded and appointed under the terms of paragraph 57 of Army Regulations, India Volume II. An officer may be appointed to officiate as adjutant in a temporary vacancy by the General Officer Commanding the District.

Company Commanders

Four officers of the Indian Army will be appointed for duty as company commanders with

each battalion of infantry of the Indian Territorial Force (excluding L T C Bns) for a period of three years. The officers will be seconded from their own battalions and when not actually employed on duty with the Indian Territorial Force will be attached to and perform ordinary regimental duty with a training battalion of the Indian Army vide Army Instruction (India) No 556 of 1923 (Annexure II of this order)

An officer who is not a substantive company commander in his regular unit will only exercise the powers of a company commander during embodiment

Commanding officer

The senior officer holding a commission entitling him to command appointed to a battalion of the Indian Territorial Force, will command the unit and will exercise the power of commanding officer during the period of embodiment. If the adjutant, being the senior officer, should be appointed to command he will select one of the four officers detailed as company commanders to perform the duties of adjutant during the period of embodiment

Examinations—Retention

An officer will be required to qualify for retention in the Indian Territorial Force within two years of being commissioned. The syllabus of the examination is given in Indian Army Order No 241 of 1923 (Annexure III of this order)

Supersession

When recommending a promotion by which an officer will be superseded, the commanding officer will state, in writing, the circumstances which led to such recommendation. This statement will be forwarded to the Adjutant General in India with the recommendation of the Advisory Committee concerned and of the officer commanding the district endorsed upon it.

Gazette

Appointments, promotions, transfers, removals, retirements and the resignation of officers of the Indian Territorial Force will be notified in the *Gazette of India*.

Posting of officers

All posting of officers to corps or units will be made by the Commander in Chief in India.

Army precedence

Officers of the Indian Territorial Force will, for the purpose of command take rank and precedence below all Indian officers of the regular Army of the same rank.

Precedence in the Indian Territorial Force

The seniority of officers in the Indian Territorial Force shall be determined as follows —

- (a) By their rank in that Force
- (b) In the case of officers of the same rank, by the dates of their appointment to that rank
- (c) In the case of officers of the same rank, appointed to that rank from the same date, by the date of their first commission in the Indian Territorial Force or failing this, by their place as shown in the Indian Army List

Officers documents

The record of service of officers in the Indian Territorial Force will be maintained in accordance with the directions contained in Army Regulations, India, for Indian officer of the Indian Army.

Honorary appointments

High Government officials, Officers of the Royal Navy, The Regular Army, or the Royal Air Force, and private gentlemen of good social position, may be appointed Honorary Colonels of corps of the Indian Territorial Force by the Governor General in Council on the recommendation of the Commander in Chief in India (in India).

SECTION II

OTHER RANKS

Recruitment

Recruiting for the Indian Territorial Force will be conducted by the adjutant of the unit under the orders of the General Officer Commanding the district in which the headquarters of the unit are situated. In carrying out these duties he will receive every assistance from recruiting agencies of the district.

It is the duty of the adjutant to see that no suitable material is rejected, and to organise the material obtained in such a manner that the best possible results may be achieved.

Adjutants will work in close co operation with the recruiting officers and also with the local advisory committees.

Physical fitness

The standards of physical fitness, height and chest measurement for Indian Territorial Force recruits, will be those in force at the time being as for the regular Indian Army.

In the case of University Training Corps the standard of height and chest measurement may be relaxed at the discretion of the administrative commandant provided the recruit is otherwise physically fit for enlistment in the Indian Territorial Force.

Regimental numbers

A number will be assigned to every soldier of the Indian Territorial Force, on appointment to a corps or unit and entered against his name in the roll of the corps or unit. A number that becomes vacant will not be filled up.

Promotion to non commissioned rank

The promotion of soldiers to non-commissioned rank within the sanctioned establishment of the corps or unit, rests with the commanding officer.

No soldier will be promoted, nor will a non commissioned officer be confirmed in his rank unless he is recommended by his company commander, who must certify that —

- (a) he is a capable instructor according to his rank in the military duties appertaining to his arm of the service,
- (b) he possesses according to his rank a competent knowledge of drill discipline, duties on guard, and duties relating to the interior economy of his unit,
- (c) his character and general qualifications are such as to fit him for promotion.

Expiration of term during training

Men whose term of service will expire during the period fixed for the forthcoming training and who decline to re enrol for a further period of service may, with their own consent, be relieved from attending such training

Change of address

Men, who, after enlistment, change their place of residence, will communicate their new addresses to the officer commanding the unit to which they belong.

Reports of death and disablement

If any member of the Indian Territorial Force dies or is seriously injured or becomes dangerously ill, while undergoing training, or when in camp, the matter will be notified by telegram to the district commander and to the next of kin by the officer under whose immediate command the member of the Indian Territorial Force is serving at the time

The telegram to the next of kin will in all cases be confirmed by a letter, written and signed by an officer, giving full particulars of the death, injury or illness

SECTION III

GENERAL

Application of Indian Army Regulations

When not at variance with these regulations, the provisions of Army Regulations, India, Volume II, apply to officers, non commissioned officers and men of the Indian Territorial Force, when subject to military law

Meetings

Meetings will not be held nor up on any matter affecting discipline of moneys received from meetings except those called together authority of the commanding officer used

is drawn

No

object of conveying praise, censure or any mark of approbation towards their superiors or any others in His Majesty's service, are prohibited

The publication of laudatory orders on officers quitting a station or relinquishing an appointment is forbidden

No presentations of plate, swords and the like will take place without the previous sanction of the district commander

Members of the permanent or instructional staff will not allow themselves to be complimented, either directly or indirectly, by presents or collective expressions of opinion, from persons who are serving or who have served in the unit to which they are or have been posted or attached. The presentation of testimonials to adjutants, either directly or indirectly, is strictly prohibited

Political meetings

Officers and soldiers will not take part in or attend any political meetings or demonstrations in uniform, nor will they discuss political questions in speeches at military gatherings, such as dinners, prize distributions, concerts and the like, whether their attendance thereto is or is not in uniform

Escorts and guards of honour

The composition and strengths of a guard of honour or escort should be in accordance with Infantry Training Volume I and Army Regulations, India, Volume II, as far as circumstances permit.

No body of officers or soldiers of the Indian Territorial Force will take part in any public procession or ceremony, or form a guard of honour or escort except when ordered or allowed to do so by the competent military authority.

Treatment of soldiers

An officer of any rank will adopt towards his subordinates such methods of command and treatment as will not only ensure respect for authority, but also foster the feelings of self-respect and personal honour essential to military efficiency. Non-commissioned officers will be guided by the foregoing principles in dealing with each other and with

private soldiers. They will avoid the use of intemperate language or the adoption of an offensive manner.

Reproof of non commissioned officers

An officer will not reprove a non commissioned officer in the presence or hearing of privates, unless it is necessary for the benefit of example that the reproof be made.

Officers mess

If an officers' mess is established in a unit under the authority of the commanding officer, that officer will be responsible that it is organised on the lines laid down in the King's Regulations and that discipline is maintained and that accounts are properly kept and audited.

Detachments of Units.

When units or detachments of units are brought together for any military purpose, the senior commanding officer present will be held responsible for the due maintenance of order and discipline.

All ranks to be made acquainted with rules and regulations and the Indian Army Act

Every commanding officer and officer commanding a detachment is responsible that all ranks serving under him are made acquainted with the Act and the Rules and regulations made thereunder.

Sections 25 to 44 inclusive of the Indian Army Act as modified by Rules under the Indian Territorial Force Act, and chapters VI and VII of the Indian Penal Code will be read over to a unit of the Indian Territorial Force when first assembled for training and at such other times as the commanding officer may deem expedient.

ANNEXURE II to INDIA ARMY ORDER

No 282 of 1921

[ARMY INSTRUCTION (INDIA), No 556 of 1923]

Terms of employment of British officers of the Indian Army with the Indian Territorial Force—
 With the approval of the Right Hon'ble the Secretary of State for India it has been decided that British officers of the Indian Army may be employed with battalions of the Indian Territorial Force (other than battalions of the University Training Corps) when embodied for training or service and that the total number of officers excluding permanent adjutants so employed shall not exceed 84

2 The officers will be seconded and when not actually employed with Indian Territorial Force battalions, will be attached to and perform ordinary regimental duties with the regular training battalion of the group to which their territorial battalion is affiliated or to such other training battalion as may be ordered

3 The conditions of service for British officers seconded for duty with the Indian Territorial Force will be as follows—

(a) A 3 years' tour of duty

(a) In the event of an officer being found at any time to be unsuitable for duty with a territorial battalion he will be returned to duty with his regular unit

(c) A company commander seconded for duty with a territorial battalion will continue to receive the regimental pay and allowances of his regular appointment. In the event of his commanding a territorial battalion during the period of its embodiment for training or service, command pay will be admissible in lieu of his staff pay as a company commander

(d) A company officer will receive his regimental pay and allowances as such, except during the period of embodiment when he will receive staff pay as a company commander

(e) No leave will be granted to an officer while the annual training of the territorial battalion with which he is employed is in progress

(f) Pay and allowances will be debitable to Part B (E)—Territorial Force—of the Army estimates

ANNEXURE III TO INDIA ARMY ORDER No 282 of 1924

[ARMA INSTRUCTION (INDIA), No 241 of 1924]

Regulations for retention Examination of Territorial force officers—1 An officer will be examined in the following subjects by a Board appointed by the General Officer Commanding District consisting of 3 officers of the Indian Army, the President being the Commanding officer of a unit —

- (a) Training and handling a platoon
- (b) Musketry and range duties
- (c) Drilling a Company
- (d) Regimental duties, including matters relating to discipline, interior economy, and pensions arms, ammunition equipment, guards and duties

2 The examination in all subjects will be practical and oral and may be conducted in English or Urdu, as the candidate prefers

3. The questions will be set by the Board and should be sufficient in number to test thoroughly the knowledge of the candidate in all the above subjects his capacity to perform his duties as a Platoon Commander in all circumstances

4 The Board will record their opinion as to whether or not the candidate reaches the required standard in each subject separately and will report to the District Commander, who will forward the names of successful candidates to Army Headquarters through the usual channel

5 An officer presenting himself for examination for the first time, must take up the whole of the above subjects. If, however, he fails in any one or more of the subjects, he will only be required to be re-examined in those subjects in which he has failed

6 Officers will be required to qualify as above within 2 years of their being commissioned as Lieutenants

I am directed to request that you will be good enough to trace the above named man (or a man with similar particulars) from the records in your possession. The man whom it is desired to identify was originally buried about 1½ miles South East of Reninghelst, Belgium, being later exhumed and reburied into La Clytte Military Cemetery.

No English soldier can be traced under these particulars, and it is thought that they may refer to a soldier of the Indian Army.

I am to add that any information you may be able to supply will be appreciated.

ANNEXURE TO INDIA ARMY ORDER NO. 307 OF 1924.

No. 3166-AUDIT-B., PART I.
Military Accountant General's Office.

Simla, the 23rd August, 1923.

Memorandum.

The India Office have reported that claims on accounts of stores issued on repayment to officers are frequently still being intimated to them for adjustment after the officer's last pay certificates have been received and dealt with by them. As store issued to officers from Regimental Stocks are intimated to the Unit Accountants as soon as the issues are made, necessary recoveries should in all cases be made by the unit accountants before the officer's accounts are finally settled in India. The complaint of the India Office presumably, however, refers to stores issued to officers on repayment from Supply Depots direct, which cannot in all cases be adjusted before the officer's departure from India, owing to the fact that the priced accounts are not due in C. M. A.'s Offices before the 20th of the month following that to which they relate. As it is very desirable that all such demands against officers should be settled in India, it is directed that in future the unit accountants attached to store Depots should, in the case of stores issued on repayment to officers directly from store depots, prepare five copies of issue vouchers instead of four as laid down in para. 11 (4) (a) Cost Accounting Instructions, Volume III. The additional copy should be sent by the accountant attached to the store depot direct to the unit accountant responsible for effecting recovery immediately after the issue of the stores. The latter will keep a careful record of such vouchers and will take action to effect the necessary recoveries in the case of any officer proceeding out of India before receipt of the memorandum referred to in Army Instruction (India), No. 315 of 1922 duly signed by the consignee.

- Revision of Officers' 1919 Emoluments on account of variations in the Cost of Living — 48
Gen No
6713
- 1 On the introduction of the new scales of pay and non-effective emoluments in 1919, it was provided that 20 per cent of the rate of pay, etc. of officers would be subject to revision according to variations up or down, in the cost of living, and that the first revision would take place in 1924
- 2 It has now been decided in view of the fall in the index figures for cost of living since 1919 that a reduction of approximately $5\frac{1}{2}$ per cent shall be made, to take effect from 1st July, 1924 in the rates of both pay and non effective emoluments
- 3 This reduction will not be made in the case of other ranks, their present rates having been granted in 1919 without any similar condition
- 4 An Army Order will be issued in due course, with tables giving the actual rates of pay and half pay, and the precise reduction in other non effective emoluments
- 5 The next similar revision will be made as from 1st July, 1927

Training Battalions—Some misunderstanding I.A.O. 312.
appears to exist on the subject of the duties of a
training battalion as regards the training of units
of the Indian Territorial Force. It is therefore noti-
fied for information that it is no part of the
function of a training battalion to train personnel
of Indian Territorial Forces.

I.A.O 313. Extra warm clothing for troops and followers
 42716 proceeding from one station to another—Patience
 Q 10 A Army Instructions (India) Nos 680 and 681 of
 1923

Troop and followers proceeding from one special clothing concessional station or area to another may be allowed to retain the special issues of clothing and necessities made at the former station or area under the orders quoted above, provided that similar issues are admissible for the station or area to which they are required to proceed.

2 The articles thus taken will be accounted for in IAF C 557 (Individual accounts of public clothing) to obviate further issues of the articles being made on arrival at the destination.

3 The order is contained in India Army Order No 661 of 1923 and as they relate to troops and followers proceeding to Waziristan from special clothing concessional areas referred to in Army Instruction (India) No 680 of 1923 are cancelled.

special permission to wear a red hackle in place of a badge, provided that no expense to the State is incurred. I A O 314-
18th April
1921.

5 The wearing of Officers' patterns of Dress by regimental warrant officers is forbidden and the wearing of warrant officers', Class I, pattern ~~Service Dress~~ by regimental warrant officers, Class II, is also prohibited.

6 The wearing of the frock coat by bandmasters in lieu of the full dress tunic as now allowed under Home Clothing Regulations is approved. Such tunics already been issued will be continued in wear until worn out. In this connection attention is directed to India Army Order No 357 of 1923.

7 Provided that no expense to the public is incurred all Rifle Regiments are permitted to wear in Service Dress uniform their pre-war full dress chevrons, rank badges and good conduct badges, and the King's Own Yorkshire Light Infantry green chevrons on a white background. The regulation bugle strings may be worn as body lines by bugle drummers and trumpeters. Regimental patches may be worn on the left side of the khaki helmet (Whaley) provided (1) they do not exceed 3 x 2 (2) no expense to the State is incurred, and (3) they are only worn within Indian limits. The wearing of non-regulation titles, boots, caps, chevrons, plaited lines etc. is forbidden, as is also the wearing of black kid gloves by regimental warrant officer, Class II, all non-commissioned officers and men.

8 The wearing of blue serge jackets by officers is allowed by paragraph 28, Dress Regulations 1911 (as amended by Army Order No 27 of 1913), but in no circumstance will this garment be worn on parade with troops.

9 Officers may provide at their own expense the pattern of forage cap laid down in Dress Regulations for their unit. Its use is restricted to wear with mess dress and the blue serge jacket referred to in paragraph 8 above. In no circumstance will it be worn with Service Dress uniform except by General Officers and substantive Colonels as laid down in Army Order No 539 of 1921 as amended by Army Order No 321 of 1921.

IAO 314 10 Officers of Highland and Scottish Regiment
18th April 1924 may provide at their own expense a Glengarry cap for wear with Service Dress except when other ranks are wearing the Tam o' Shanter.

Officers of Highland (Kilted) Regiments are permitted to wear at their own expense puttees, regimental hose tops and gaiters, and officers of the Highland Light Infantry and Scottish (Lowland) Regiments are permitted to wear trews, with Service Dress uniform when other ranks are wearing these articles on ceremonial parades.

11 The white cap cover is abolished.

IAO 315 Maintenance of Clothing Measurement Rolls—
37223 IV **IFC-824**—It has been brought to notice that
QMG 10 A "Clothing Measurement Rolls" (IAFC 824) and "Special Size Rolls" (IAFC 837), are not kept up by all units. Officers Commanding units are directed to give this important matter their personal attention. A closer observance of the instructions contained in Appendix III of Army Regulations, India, Volume VI, would obviate many of the complaints at present being made regarding the bad fitting of clothing.

IAO 316 **Phiers Side Cutting 8'**—In tunic have been brought to notice of units' condemnation of complete
43132 "Phiers side cutting 8 inch" (fitted with detach-
QMG 12 A able cutters) and demanding others in replacement, when the cutters become worn.

2 Phiers, the cutters of which are worn out will be made serviceable by fitting new cutters which can be obtained by indenting on an order in the usual manner.

IAO 317 **Equipment—Slings Rifle**—With reference to
54940 India Army Order No 887 of 1923 it is hereby decid-
QMG 12 A ed to be introduced the "Slings rifle web, G.S." and to declare the "Slings rifle, pattern 1911" obsolete for future manufacture.

2 Units in possession of leather chaps will retain them until worn out.

I A O. 324 Maps—Nine hundred copies of an outline map of the Western Front of the Great War showing the situation in 1918 are available at Army Headquarters and may be had gratis by officers studying the map.

The map is on a scale of 1" = 11.5 miles approximately and includes the area between Latitudes 47.5° and 51.5° approximately, and Longitudes 1° and 9°.

Applications will be made through District Headquarters who will forward consolidated demands.

A O 325 Army in India Reserve of Officers—The Officers of the Army in India Reserve of Officers will be classified by District Commanders for the purpose of liability to undergo periodical training as follows—

Class A—Officers whose duties in civil life directly fit them to undertake the duties required of them in war in the special reserve list on which they are borne or officers employed in civil life in the military police or on railway, embarkation engineering, motor transport, medical or veterinary work. Officers in this class will be exempted from all periodical training.

Class B—Officers not included in Class A, District Commanders will be held responsible for ensuring that the interests of officers of this class do not suffer on account of their liability to undergo the maximum periodical training prescribed by Army Regulations, India, Volume II, Appendix XXX paragraphs 10–14 and, after considering the case of each individual officer on its merits, will decide whether—

- (a) he will be exempted from all periodical training, or,
- (b) he will be held liable to complete a periodical training of 14 days, if called upon to do so.

2 Any officer in the Army in India Reserve of Officers may volunteer to complete the maximum period of training as prescribed for his branch of

the service in Army Regulations, India, Volume II, **I A O 325**
 Appendix XXX, paragraphs 10—14, or less period **22nd Apl.**
 provided that it is not less than 14 days. An officer **1924**
 appointed to the cavalry, artillery, infantry or
 pioneers, who elects to complete 30 days' training in
 one year, will not be required to undergo training in
 the following year, if he claims to be exempted

3 On joining the Army in India Reserve of Officers,
 of ~~which~~ will be required to state with the concurrence,
 where necessary, of their employers, how soon they
 would be available, if called to army service. The
 period of notice required will be recorded as fol-
 lows —

In any emergency—

- I—Available at once,
- II—Available within 3 months,
- III—Available within 3 to 6 months,
- IV—Available after 6 months

In grave emergency—

- V—Available only when the officers of the
 first 4 categories have been called up
 for army service

The above order of availability provides for the
 two classes described in Army Regulations, India,
 Volume II, Appendix XXX, paragraph 26 and will
 be observed, as far as the exigencies of the service
 permit in calling up officers for military duty

4 Thus each officer in the Army in India Reserve
 of Officers will be given a double classification under
 paragraphs 1 and 3 above, e.g., AIII denotes
 an officer who is exempt from training but should
 not be called up, if possible, for at least three months
 after the emergency has arisen. 'BI' denotes an
 officer who is not exempt from periodical training
 by reason of the nature of his civil profession but
 is immediately available for army service

5 As soon as possible after an officer has joined
 the Army in India Reserve of Officers the District
 Commander concerned will ascertain and report his
 double classification to the Military Secretary, Army
 Headquarters, as well as any changes as they may
 occur subsequently

I.A.O 325. 6 District and Independent Brigade Commanders
22nd Apl. will maintain a Register of all officers of the Army
1924. in India Reserve of Officers resident within their
 areas

Officers of the reserve will report in writing now and on each succeeding 1st January to the Officer Commanding the District or Independent Brigade Area in which they reside. The report should state the officer's address, if he is fit and available for service and whether any alteration in his classification is necessary.

Officers of the Army in India Reserve of Officers are also responsible for notifying any subsequent change of address.

I.A.O. 326. Artillery Units—Changes in Designation—With
 reference to Army Order 52 of 1924, the following
 changes in designation will have effect from 1st
 March 1924 —

<i>Present Designation</i>	<i>Revised Designation</i>
105th Battery, R F A	" P " Battery, R F A
108th Battery, R F A	" Q " Battery, R F A
101st Battery, R F A	" Y " Battery, R F A
102nd Battery, R F A	" Z " Battery, R F A

2 " P " (late 105th) Battery will be transferred from 27th Brigade to 21st Brigade and will take over personnel of 21st Battery, Royal Field Artillery. 21st Battery, Royal Field Artillery, will be transferred from 21st Brigade to 27th Brigade and will take over personnel of " P " (late 105th) Battery, Royal Field Artillery.

The 21st and 27th Brigades, Royal Field Artillery, will then consist of the following batteries —

21st Brigade
 " P " Battery
 " Q " Battery
 " Y " Battery
 " Z " Battery
27th Brigade
 21st Battery.
 24th Battery.
 37th Battery.
 47th Battery.

3 The records of "P" (late 103th) Battery, Royal Field Artillery, will be despatched to 21st Battery, Royal Field Artillery, Lahore, and the records of 21st Battery, Royal Field Artillery, will be despatched to "P" (late 103th) Battery, Royal Field Artillery, Nowshera. I A O 326
22nd Apl.
1924

4 The records plate and any property or funds specially bequeathed to batteries by name, will be transferred, but no moves of personnel, horses or equipment will take place except as laid down in paragraph 5

5 Any personnel who are desirous of transfer in order to remain in a battery in which they have served for long periods may register their names for transfer, provided they have served for the last five years at least in the unit. If Officers Commanding concerned consider their claims to be sufficiently strong, they will report them to the General Officer Commanding in Chief, Northern Command, who, if the exigencies of the service permit, will arrange to carry them out. In no case can any application for transfer be entertained after one month from the date of receipt of this India Army Order.

6 The Royal Field Artillery units bearing a letter designation will not be regarded as Royal Horse Artillery units. Officers and other ranks will be posted as in the case of all other Royal Field Artillery units.

Furlough and Leave—Soldiers—Several instances have recently been brought to notice by the India Office of the erroneous grant of leave to warrant and non commissioned officers of the Indian Establishment. The attention of all concerned is, therefore, drawn to the rules governing the grant of furlough and leave to these ranks prescribed in Army Regulations, India, Volume II. It is of the utmost importance that sanctioning authorities should make themselves fully conversant with the leave rules in order to prevent the repetition of such cases. Any case not covered by rule will be referred to the Adjutant General in India. I A.O 327
A/106801
A G 11

2 Complaints have also been received that soldiers of the Indian Establishment, i.e., warrant

I A O 327 and non commissioned officers on the Unattached
22nd Apl Last and continuous Indian service R E soldiers
1924 are frequently despatched to the United Kingdom
 an unreasonable time before the date of the expira-
 tion of their engagements, thereby resulting in the
 grant of an excessive amount of leave, pending
 discharge. In order to obviate a recurrence of
 cases of this nature, Officers Commanding and
 Heads of Departments will ensure that soldiers
 are retained in India up to the latest possible date
 and that arrangements are made for their des-
 patch to the United Kingdom only in sufficient time
 to allow of their availing themselves of any leave
 admissible, pending discharge.

I A O 328 Stores—Submission of Contractors' Bills—Cases
 57092
 Q M G I have come to notice in which there has been much
 delay between the date of supply of articles or
 completion of service, by contractors and the date
 of submission of the contractors' bill, to the audit
 officer. It has also been reported that contractors
 and others are in the habit of submitting several
 bills in a month for the same class of articles sup-
 plied by them, thereby increasing work all round.

Attention is invited to paragraph 157, Army
 Regulations, India Volume III, and it is directed
 that contractors' bills shall not be delayed in
 executive offices and that contractors and other
 suppliers shall be instructed to restrict the number
 of their bills submitted in a month.

INDIA ARMY ORDERS.

Instructions for Practice—Light, Medium and Heavy Artillery, 1923, and amendments thereto—**I.A.O. 372.**
 With reference to India Army Order No 555 VI of **5th May 1924.**
 1923, the following amendment will be made to the **15088**
 "Amendments as regards India to Instructions for **G S M T -1**
 Practice—Light, Medium and Heavy Artillery,
 1923.—

Page 2, Section 2, lines 1 to 3, *delete* from "A portion of" to "battery station", and *substitute* "Unless special circumstances preclude it, the whole of Part I practice will be carried out under the direct supervision of Camp Commandants and their Instructors in Gunnery at the annual practice camp. Calibration will on no account be carried out without the necessary data being available and an Instructor in Gunnery being present".

Examination—Promotion—Officers of the Army **I.A.O. 373**
 Educational Corps.—As some doubt appears to exist as to the professional qualifications required by officers of the Army Educational Corps before promotion, it is pointed out that, under Appendix A, King's Regulations, Lieutenants of the Army Educational Corps are required to qualify in subjects (a) and (b) and Captains in subjects (c) and (d) before being considered for promotion to higher rank.

2. Future vacancies at the Senior Officers' School will also be provided for officers of the Army Educational Corps. The officers to fill these vacancies will be nominated by Army Headquarters.

Terms of Service—Royal Engineer Officers employed with State Railways and the Public Works Department.—The Government of India, with the approval of the Secretary of State, have decided that officers of the Royal Engineers, appointed to State Railways and to the Public Works Department on or after the 21st March 1924 will be permitted to count, for both civil seniority and pay, only so much of their military service as has been rendered after attaining the age of 23 years. (Government of India, Department of Industries and Labour, Public Works Branch, letter No E-11, dated 23rd April 1924).

IAO 375 Organization—Transfers to the Corps of Royal Engineers from British Units in India—The trade of "Computer (Trigonometrical)" will be deleted from the list of trades for which volunteers for transfer to the Corps of Royal Engineers are required, published as an Annexure to India Army Order No 287 of 1924

IAO 376 Recruiting—Indian Army—It is notified that the limit prescribed for permanent recruits in Army Instruction, India No 285 of 1922 is amended by Army Instruction India No 410 of 1922 is intended for permanent recruits of the recruiting staff only. It is notified that to be worn by unit recruiting parties

IAO 377 Legal and Judicial—The following India Army Orders empowering certain officers out of India to convene Summary General Courts Martial are hereby cancelled—

No 368 of 1919

No 188 of 1920

No 100 of 1921

2 The following amendment will be made on page 113 of the Manual of Indian Military Law—

Delete the notes added after section 62 of the Indian Army Act by April Appendix India Army Orders 1923, and by the special list of amendments issued with India Army Order No 912 of 1923 and *substitute* the following note—

"The following officer commanding out of India has been empowered by the Commander in Chief in India under clause (a) —

The Officer Commanding the British Forces in Iraq (India Army Order No 12 of 1924)"

3 This amendment will appear in the July Appendix, India Army Orders, 1924

IAO 378 Furlough and Leave—Officers—An instance has recently been brought to the notice of the General of the Staff, India, of the sanctioning authority to transmit to the India Office a copy of the order concerning the grant of leave *ex-India* to an officer

2 It will be noticed that the failure on the part of sanctioning authorities to furnish the India Office with copies of orders amending the grant of leave to Indian officers of the British and Indian services involves a considerable risk of overpayment. When the leave granted to an officer is subsequently amended, a copy of the order amending the leave will therefore, be forwarded to the India Office without delay. An amended last pay certificate will also be forwarded to the India Office, in such cases, if necessary.

I A T Z 2053 will be amended in due course.

Distribution of Regulations of the Indian Military Widows' and Orphans' Fund to British Officers of the Indian Army—Regulation of the Indian Military Widows' and Orphans' Fund dated 1st July 1923, have been received from the India Office, and are for distribution to all British Officers of the Indian Army who joined the Indian Army subsequent to 31st December 1914. I A O 379
A 2-130
A O 14

Indents for the above will be submitted, through the usual channel to the Manager, Government of India Central Publication Branch, 8, Hastings Street, Calcutta.

Public Clothing—Restriction in the issue of ——The authorised scales of public clothing include, in certain cases, articles which are only required under special conditions, and it is not the intention that such articles should be issued in all places and at such times as these conditions do not obtain. For instance gloves, leather leggings, waterproof, etc, authorised under Army Instruction (India) No 920 of 1923 are not required at all stations and in all seasons of the year. I A O 380
57019
Q 10 A

2 General Officers Commanding in Chief, Commands, and General Officers Commanding Independent Districts will, therefore, carefully scrutinize the various tables of public clothing published in Army Instruction (India) No 920 of 1923 and issue such orders as they consider necessary to restrict issues to articles considered essential locally. A copy of all orders issued in this connection will be forwarded to the Quartermaster General in India.

ANNEXURE TO INDIA ARMY ORDER NO 392 OF 1924

*Copy of General Order, Palestine, No 629, dated 4th
September 1923*

629 With reference to General Order No 500 of 12th July 1923, the Air Ministry have now sanctioned the issue of free rations to private servants of British Officers of the Indian Army up to the number borne on authorised establishments

This ruling will apply as from the date when the Command passed to the Air Ministry, 15th June 1922 up to the date of final departure from the Command of the Officers concerned

To enable refunds to be made in cases where these rations have been drawn on repayment, Officers Commanding units will submit to the Command Accountant Officer, Palestine supported by copies of receipted debit vouchers, or where these are not available, a certificate from the Commanding Officer in the case of each officer preferring claims that these rations have been paid for giving the actual number of rations drawn, and period during which drawn

I A O. 399 Strength Returns—British Units—A number of units have recently been submitted for monthly actual strength return (India Army Form V 111), either in manuscript or on the printed form

A 27248
A G I

The attention of all concerned is therefore invited **I A.O. 399**
to Army Instruction (India) No 308 of 1922 re **15th May**
garding the introduction of this form and to the **1924**
instructions for the submission of indents, as laid
down in Army Instruction (India) No 1069 of 1923

Strength Returns—Indian Units—Attention **I A O 400**
called to Note 2 on India Army Form Y-1908, which **A /25097**
directs that seconded British Officers must not be **A G 2**
included in the authorised or actual strength of the
unit from which seconded. In this connection it is
to be noted that British Officers included in the
actual strength of a training battalion must not be
included in the actual strength of an active battalion.

Several instances have recently occurred in which
the above instructions have not been complied with,
thereby leading to inaccuracies in the general returns
compiled by Army Headquarters

Appointments and Promotions—Royal Artillery— **I A O. 401**
British—When rendering to Army Headquarters **A /9391**
A F B 77 as required by India Army Order No 49 **A G V**
of 1924, the following points will be carefully
noted —

(i) Promotion to Warrant Officer Class I,
R Q M Ss (Warrant Officers Class II) and
Artificers, are not made at Army Headquarters
but by Officer in Charge, Home Records, vide
paragraphs 250 and 254, King's Regulations

(ii) From the returns received at Army Head
quarters, it is observed that in the case of
Battery Quartermaster Serjeants recommend
ed for promotion to a higher rank, the date
of promotion to Serjeant has been omitted
in those returns. That date will also be
entered

(iii) When two or more non commissioned offi
cers recommended for promotion to a higher
rank, received promotion to their present
rank from the same date, it is necessary to
show in each case the date from which they
received promotion in the next lower rank
in order to determine their seniority

(iv) Opposite each name will be shown the
battery in which the man is serving

I.A.O. 402. Colonial Allowance—Iraq.—Intimation has been received that it has been decided that the rates of colonial allowance notified in India Army Order No 819 of 1923 shall continue to be paid to personnel serving in Iraq until the 30th September, 1924.

I.A.O. 403. Furlough and Leave—British ranks.—It is notified for the information of all concerned, that the following amendment to paragraph 845, Army Regulations, India, Volume II, has been approved by the Government of India —

Paragraph 845.

Insert as sub paragraph (1) :—

“ He has two years’ unexpired service on return from such furlough ”

2 The necessary correction will appear in the July Appendix to India Army Orders, 1924

I.A.O. 404. Miscellaneous Claims (Technical Recruiting).—Particulars are required regarding the death of one Ali Mian, son of Zibai ud Din, resident of Village Tetushar, District Tippera, Bengal.

Ali Mian entered Government service during the Great War and is said to have died but no particulars are available regarding the unit or department in which he served, nor is the date of his death known.

Officers in charge of records are directed to furnish any details available regarding the death of this man to the Adjutant General in India, Army Headquarters, Simla.

I.A.O. 405. Rules for the Conduct of Garrison and Regimental Institutes.—Paragraphs 6 and 7 of the Annexure to India Army Order No 284 of 1922 are reconstructed as follows —

6 Commencing from 1st May 1924, the Army Canteen Board (India) will pay 50 Officers Commanding those units where Regimental Institutes are conducted and in the case of Garrison Institutes to the Officer Commanding the Garrison, a rebate at the rate of 7½ per cent on the cash sales, except those on which discount is claimed under

paragraph 7 and on cash received on account of Messing bills at the Institute concerned during the preceding rebate period. The rebate period is the period from, but excluding, the first Friday in one month up to, and including, the first Friday in the succeeding month. Rebate will not be paid on any amounts for which discount is payable direct to customers in accordance with paragraph 7. A Voucher for the amount of rebate due together with a statement showing how the amount has been arrived at, will be forwarded to the Officer Commanding by the Army Canteen Board (India) on or about the 15th of each month. Where two or more units or detachments use the same Regimental Institute for any period, rebate will be paid to the Officer Commanding the Unit which has the greater ration strength and will be divided by him in proportion to the ration strength of the units or detachments concerned.

Where the Army Canteen Board (India) sublet the operation of hawkers and where hawkers are employed by one of the Army Canteen Board (India) sub contractors the amount of this trade will be assessed at one sixth of the total of cash sales and cash received on account of Messing bills at the Institute concerned during the rebate period.

7 The Army Canteen Board (India) will allow 5 per cent discount on purchases made at list prices by Officers' Messes, Sergeants' Messes, married families and Sundry Regimental Accounts.

Q.M.G. 10 A

2. Issues from the stocks will be made by the Officer Commanding troops on board, who will prepare a nominal roll in duplicate in the form shown in the Annexure to this order for all such issues

I.A.O. 436. 4 One copy of the nominal roll referred to in paragraph 2, together with one copy of each of the acquittance rolls referred to in paragraph 3, will be attached to the Equipment Account as an authority for writing off charge the articles issued.

26th May
1924.

The remaining two copies of the acquittance roll will be forwarded by the Officer Commanding troops on board as follows—

(a) *Men proceeding to stations abroad (other than India or Aden)—*

To the command paymaster of the overseas station at which the men disembark, immediately on arrival at that station.

(b) *Men returning from stations abroad (including India and Aden)—*

To the regimental paymaster concerned, immediately on arrival at the home port.

The amounts shown on the acquittance rolls will be charged against the accounts of the men concerned. One copy of the roll will be retained by the paymaster, the other being endorsed to show where credit will be found, and forwarded to the Local Auditor Southern Command, Salisbury.

5 In the case of troops proceeding to India or Aden, the second copy of the acquittance roll, together with the second copy of the nominal roll referred to in paragraph 2, will be forwarded by the Officer Commanding troops on board to the Embarkation Commandant at the port of disembarkation in India; the third copy of the acquittance roll being forwarded to the Secretary (Finance) (Q.M.G.P. b), the War Office, Imperial House, Tothill Street, London, S.W.1. This copy, duly endorsed, will be forwarded to the Local Auditor, Southern Command, when credit has been received from Indian funds.

6 The Embarkation Commandant at the port of disembarkation will send the originals of the nominal roll and acquittance roll referred to in paragraph 5 above to officers commanding for necessary action with a view to recoveries being effected from the men. He will also prepare and forward copies to Controllers of Military Accounts concerned for reference.

7 To obviate remittance Home of the sums so recovered, it has been agreed that the value of the articles issued to troops proceeding to India or Aden shall be paid by the India Office on the information given on the copy of the acquittance rolls to be furnished to the War. All recoveries in India and Aden will, therefore, under this agreement be due to Indian revenues

26th May
1924

8 Paragraph 347, Home Clothing Regulations, Part I, 1922, and paragraph 132 and Appendix III, Home Equipment Regulations, Part I, 1923, will be amended in due course

Tentage—The following amendments are made to the annexure to India Army Order No 748 of 1923 —

I A O 437.
43981
Q.M.G. II A

TABLE A—

Under "Western Command" against "Western Command Total"

In Column 7 for '35' read "40"

TABLE B—

Column 1, line 7 of text—for "Eastern Command" read "Western Command"

Column 2, under "Western Command" as now amended against "Command allotment"

for "Quetta" read "Quetta and Karachi"

Indents for Ordnance and Clothing Stores—With reference to Army Regulations (India), Volume II, paragraph 722, and India Army Order No 716 of 1923, paragraph 2, it has been brought to notice that a practice has arisen of submitting indents for Ordnance stores on dates other than those laid down in paragraph 35, Equipment Regulations (India), Part I, 1923, and that in almost every case such indents are approved as "emergent" by superior commanders

I A O 438.
43983
Q II

2 The submission of indents on due date is essential for the correct provision of stores. Accordingly superior commanders will be held responsible that the provisions of Army Regulations (India), Volume II, paragraph 722 and India Army Order No 716 of 1923, paragraph 4, are strictly carried out and will take all steps necessary

Lewis machine guns, detailed at pages 33 and 34 of the Handbook for Lewis guns, the following tests will be carried out by armourers of units —

I A O 441
26th May
1924

(a) Test magazines with concentricity gauge (I L C 611797), any adjustment required being made with the magazine adjusting tool

(b) Test magazines with 25 "Cartridges S A dummy 303 inch Inspectors" The cartridges should be worked round and back by the loading handle, the heads of the dummy should not drop more than half their diameter below the edge of the pan, with the magazine in the normal position

NOTE—In order that this test should be really efficient, it is most important that the dummy cartridges used should not be damaged or distorted

2 The dummy cartridges required for this purpose will shortly be authorized in Army Instructions (India)

Q M C 6

Delete clause “(b) (u) and (w)” and substitute the following for the present clause “(b) (u)” —

“(b) (u) For consignments to forces in the field monthly requirements will be intimated by the Supply Depot concerned to the Director of Farms, Army Headquarters who will issue orders for despatch. The responsibility of the Military Farms Department ceases when the quantities ordered to be despatched have been loaded into trucks”

Remember the present clause “(u)” as “(w)”

I.A.O. 451. Standard Classification of Army Transport Mules — Army Instruction (India) No 364 of 1924 notifies a modification in the existing standard for each class of army transport mule. The new specification will be adopted at once for all future issues to transport units by the Remount Department

2 Hitherto the proportion of pack transport to draught has been 2 to 1. By the recent organization the proportion has been reversed, with the result that there will be in the new units some animals below standard under the new classification

3 Transport units will reclassify their mules in conformity with the new orders, any deficiency in mules of the correct standard, according to the latest specifications, will be adjusted automatically by the receipt, in future, of mules of the correct standard in place of mules becoming non effective

G.S.-M.T.-1.

1 In order to permit of the carrying out of the Syllabus given in C. G. S. No 15656—M.T. 1 of 1923, which lays down that each company in a Pioneer battalion be struck off all duties to undergo 10 weeks' technical training annually a carefully devised programme, requiring the whole year to carry out effectively is necessitated. The ideal to be aimed at is that every man in the battalion, less those exempted under paragraph 6, below should complete the course annually and it is only by means of the most careful consideration by higher formations that Pioneer battalions will be able to attain this standard.

2 Pioneer units should not normally be taken for brigade training being reserved for larger concentrations, inter brigade manoeuvre, etc.

3 Modifications in the semaphore signalling to be done by Pioneers are being published as amendments to Army Regulations, India Volume II.

4 An amendment to Army Regulation, India, Volume II, paragraph 380, to the effect that the officers and men of Pioneer units are only to be used for garrison duties in cases of urgency is being published.

5 Registers will be opened in Pioneer battalions showing how many days of the annual field works course each man complete.

6 All personnel on Battalion headquarters, the headquarter wing the cent per cent reserve of Lewis gunners, and equipment mule drivers will be exempt from the annual field works course.

4th June instructions are issued with regard to the wearing
1924 of service dress uniform —
54411 When service dress is worn on parade or duty,
I Q M G 10 A officers will wear—

Breeches, Service Dress—Bedford cord and khaki drill for staff officers, officers of mounted units, and mounted officers of dismounted units, colour and material as for rank and file, laced at the knee

Khaki Jodhpur breeches with ankle boots (or shoes) without spurs may be worn by officers in barracks when not on parade with troops

Breeches, Knickerbockers—Officers of dismounted service except those of Highland regiments who wear the kilt covered with a khaki apron. Colour and material as for rank and file. Khaki drill breeches or shorts may be worn with khaki drill uniform at the option of regiments, but all officers of a unit must be dressed alike

Service dress trousers with ankle boots or shoes will not be worn on parade or duty except at stables and on fatigue duties in barracks, or when employed in offices

Boots and Leggings—As laid down in Army Instruction (India) No 440 of 1924

2 (a) When service dress is worn by other ranks on parade on duty or when walking out, puttees will be worn but it is left to the discretion of General Officers Commanding to define within their stations the limit beyond which other ranks may not proceed unless properly dressed for walking out

(b) It is left to the discretion of General Officers Commanding to authorise such modifications to the above instructions as may be considered necessary owing to climatic conditions

3 Decorations and medals will be worn with service dress only on those occasions specified in India Army Order No 283 of 1923 as amended by India Army Order No 389 of 1923

Small ribbons of decorations and medals will be worn by other ranks walking out in service dress uniform

Patch—Helmet—Royal Army Medical Corps— **I.A O 472**
 With reference to paragraph 7 of India Army Order **4th June**
 No 314 of 1924, it has been decided that all British **1924.**
 personnel of the Royal Army Medical Corps serving **42925**
 in India may wear a distinguishing patch on the **Q M G 10 A**
 left side of their helmets, khaki, Wolsley pattern
 It may not be worn on any other pattern of helmet
 or sun topee

2 The patch is similar in design to that registered
 as a regimental hat band ribbon for wear on a
 straw hat by officers of the Corps, a sample of
 which has been supplied to the Officer Command
 ing, Headquarters, No 31 Company, Royal Army
 Medical Corps, Deolali, who will communicate with
 all concerned the sources from which the ribbon
 of the authorised pattern can be supplied,

3 The bottom of the patch will be tucked under
 the centre of the bottom of the pagri on the helmet,
 and will extend upwards to a length of 3 inches

4 A pattern of this article has been sealed for
 future guidance as regards colouring, but stocks
 will not be provided from I A O Corps source of
 supply

Ammunition—Artillery—Scale of — for practice **I A O 473**
1924 25

1 It has been decided that the No 101 E fuze
 is not to be fired at practice All units for whom
 this fuze is authorised will fire the No 109 E fuze
 with practice shell The conversion of fuzes from
 No 101 E to No 109 E will be carried out in
 arsenals and units will convert their own shell
 Instructions to guide the conversion will be issued
 to all concerned

2 *Coast Defence Artillery*—Guns in "Care and
 maintenance" and guns out of commission will fire
 the special reduced scale of practice ammunition,
 as laid down in India Army Order 310 of 1923,
 every fourth year The next practice will be in
 1927 28.

3 Consequent on the above, the following amend
 ments will be made to the Annexure to India Army

I.A.O. 479. 2 To ensure fair treatment to those concerned,
6th June Army Headquarters will sanction the necessary pro-
 1924 motions to complete to the 90 per cent. Hereafter
 promotions to Bombardier will be given effect to by
 Officers Commanding in accordance with King's
 Regulations, paragraph 254

3 Officers Commanding Medium and Peak
 Artillery Brigades and Coast Group or unbrigaded
 batteries will forward to the Adjutant General in
 India at once a report showing number of substantive
 Bombardiers including those holding appointments
 of Lance Serjeant or acting in any higher rank, and
 a nominal roll of—

(i) Acting Bombardiers showing—

(a) Date appointed or promoted as
 Bombardier

(b) Date of appointment to Lance Bom-
 bardier

(c) Date of enlistment

(ii) Lance Bombardiers showing—

(a) Date of appointment to Lance Bombardier

(b) Date of enlistment.

In all cases it will be stated whether recommended
 for promotion to Bombardier and in cases where not
 recommended the reason for such non recommenda-
 tion will be given

I.A.O. 480 Pay and allowances—The attention of all con-
 cerned is drawn to paragraph 320, Pay and Allow-
 ance Regulations Part II which provides *inter alia*
 that on the death of a soldier in India who was
 drawing marriage allowance in respect of his
 family being with him marriage allowance and
 compulsory allotment is issuable to the widow until
 the occurrence of an opportunity for passage Home,
 with a minimum payment of one month's marriage
 allowance and compulsory allotment. As however,
 in cases where the family is eligible for a pension
 under the terms of the Royal Warrant the pension
 is authorised from the date of the cessation of
 marriage allowance, (the marriage allowance plus
 compulsory allotment usually being higher than the

A 75331

A 6-10

rate of pension) payment of marriage allowance and compulsory allotment will invariably be made up to the date of embarkation, subject to the minimum of one month's payments. In the case of a widow electing to remain in India, the issue of marriage allowance and compulsory allotment will cease after one month from the date of the soldier's death, or the date of the notification, according to whether the soldier died while living with his family or not

I.A.O. 480.

INDIA ARMY ORDERS

Training Manuals—Amendments—It appears that some doubt exists as to whether amendments to training manuals published in Army Orders and Army Council Instructions are applicable to India or not. It is notified for information that all amendments to training manuals issued from time to time by the War Office will be applicable to India, unless otherwise stated in India Army Orders

2 When a short amendment to a training manual appears in Army Orders or Army Council Instructions, officers will amend their books in manuscript. In the case of long amendments, these will be republished as amendment slips which will be distributed on the same scale as the book affected. These will be printed on one side of the paper only to admit of their being stuck into the books.

Infantry Training—Volume I, 1922—Amendment—It has come to notice that certain units have failed to note the amendment made to Infantry Training, Volume I, 1922, by Army Order No 296 of 1922. This Army Order is republished below for information —

 G S M T I.

2 The object of these tables is to enable the section leaders (Untrained in P T) to exercise their sections as opposed to instructing them in Physical Training

3 The reasons why section leaders should be able to exercise their sections in T S Tables are as follows —

- (1) The exercises in the Tables thoroughly exercise all the muscles of the body and train the soldier in precision, alertness, control and co-ordination which cannot be all obtained

 scale as laid down in A I (I) No 150 of 1922

8 Musketry will be carried out according to the instructions contained in I A O No 122 of 1924, as amended by I A O No 227 of 1924

9 The authorized scale of clothing to be issued is given in A. I. (I) No 1 of 1924

10 Equipment will be issued in a similar manner as for infantry and pioneers, particulars of which are given in I A O No 47 of 1924, paragraph 12

11 As the period of training is of short duration, the training must be intensive throughout. Reservists will not be trained as specialists, *i.e.*, signallers, rangefinders and machine gunners, reservists *who have been training during their army service in both rifle and Hotchkiss gun* will be trained in both weapons during their annual training

A suggested syllabus of training is published as an Annexure to this India Army Order, this is only to be taken as a guide

I A O 487 In deciding the size of each batch and the time
9th June of the year it is to be called up, the O C reser
1924 vists will take into consideration the following
 factors —

- (a) Range accommodation available
- (o) The convenience of the men of each class
as regards calling them up during harvest
time
- (c) Number of instructors and horses available
- (d) Owing to pay drawn after the end of
February 1925 being debitable against the
budget for 1925-26, it is essential that
reservist training must be completed and
the reservists settled with prior to the
end of the financial year for which
training is sanctioned and during which
pay can be admitted. In this case, there-
fore the financial year must be regarded
as terminating on the 28th February
1925

Reservists who have been transferred to the reserve
since the 31st March 1924 will not be trained during
the forthcoming training season

4 Instructors will be found from the group centre
regiment no extra expense to the State being
incurred

5 The amount for office allowance, allowances for
the repair of equipment, targets etc and other
allowances is under consideration and orders on the
subject will be issued later

6 Reservists' documents will be forwarded by
Officers Commanding regiments to the Officer Com-
manding regiment located at their respective group
centres

7 Cavalry reservists will be accommodated in a
similar manner as reservists of infantry and artillery
as laid down in I A O No 47 of 1924 para-
graph 13

8 The following table shows the number of
all well-fitted horses of all ages shown
in A I (I A O No 25) of 1924

9th June 1924.

8 Musketry will be carried out according to the instructions contained in I A O No 122 of 1924, as amended by I A O No 227 of 1924.

9 The authorized scale of clothing to be issued is given in A I (I) No 1 of 1924.

10. Equipment will be issued in a similar manner as for infantry and pioneers, particulars of which are given in I A O No 47 of 1924, paragraph 12.

11 As the period of training is of short duration, the training must be intensive throughout. Reservists will not be trained as specialists, i.e., signallers, rocketeers and machine gunners, reservists who have been training during their army service in both rifle and Hotchkiss gun will be trained in both weapons during their annual training.

A suggested syllabus of training is published as an Annexure to this India Army Order, this is only to be taken as a guide.

Legal and Judicial—Army and Air Force (Annual) Act—The Army and Air Force (Annual) Act 1924, (14 Geo 5 Ch 5) was published in the *Gazette of India*, Part I, Legislative Department Notification No F 224 P, dated the 21st May 1924, and is republished as an Annexure to this Order. **I.A.O 488**

This Act will come into force in India, on the 31st July 1924.

Terms of service of checkers of the Indian Army Service Corps—It has been decided that the following terms of service shall apply to checkers of the Indian Army Service Corps with effect from the 1st July 1924 — **I.A.O 489.**
5-11-24
426-1

- (a) The rates of pay shall be Rs. 40, rising by annual increments of Rs. 2 to Rs. 60 per mensem.

L.A O 489
9th June
1924.

Checkers who are already employed will be allowed to count their previous service as checkers towards increments of pay under the new scale

- (b) A local allowance of Rs 20 per mensem will be granted, in addition to the new rate of pay, to all checkers stationed at Aiden and in Burma
- (c) Marching or command batta and deputation allowance will be admissible at the same rates and on the same conditions as are applicable to storekeepers of the Indian Army Service Corps
- (d) Checkers shall not be required to lodge any security deposit

2 In all other respects, the conditions of service of checkers will be the same as those generally applicable to Indian storekeepers of the Indian Army Service Corps with the exception that the former will be permanent non pensionable employees in superior service under the Civil Service Regulation. They will be required to execute an agreement on India Army Form Z 2055

3 Serving checkers who do not elect the terms published in this order will be discharged after such notice as may be required under the terms of their present engagements. This notice will be served as soon as possible after the receipt of the orders, but in no case later than the 1st July 1924. Until so discharged such men will continue to draw pay at the rate on which they were engaged

4 The foregoing order will shortly be published as an Army Instruction (India)

A O 106 of 1924 Examination of Officers for
 Promotion—Military History—1 In continuation of
 Army Order 11 of 1922, the following table shows
 the examination and the selected periods on which the
 Military History Papers will be set from April 1925,
 for lieutenant for promotion to captain in sub-
 ject (i) (ii) and captains for promotions to major

I A O. 493 in subject (d) (iii) (See Appendix X, King's
13th June Regulations, 1923) —
1924.

1 Serial No	2 Date of examination	3 Campaign set for the first time	4 Campaign set for the second time	5 Campaign set for the last time
1	April 1925	The Russo Japanese War 1904 to the Battle of Liao Yang inclusive		Campaign in Gallipoli (as given in Serial 3, column 3 of Army Order II of 1924)
	October 1925	*Operations in Waziristan 1919-20	Russo Japanese War (as given in Serial 1, column 3)	
	April 1926		Waziristan (as given in Serial 2, column 3)	Russo Japanese War (as given in Serial 1, column 3)
4	October 1926	Campaign of the British Army in 1914 in France and Belgium from the outbreak of hostilities up to and including the operations on 9th September 1914		Waziristan (as given in Serial 2, column 3)

2 With reference to Army Order 304 of 1923 and Appendix X, King's Regulations, 1923, the following will be the subject of examination in April and October, 1925 :—

Majors, R A M C, in subject 1 (ii) for promotion

"The Great War on the Western Front from the commencement of operations to the end of the Battle of the Aisne, as covered by the Official History of the War—Medical Services"

Majors, R A V C, in subject 3 for promotion

"The History of the Army Veterinary Services"

*A cheap edition of Operations in Waziristan 1919-20 compiled by the General Staff Army Headquarters India can be purchased through any bookseller or directly from H. M. Stationery Office

†Candidates are recommended to read "Army Veterinary Service in War" by Major-General Sir John Moore (published by H. and W. Brown 20, Fulham Road London) and "History of the Organization and Development of the A. V. C. with the British Expeditionary Force" by Major-General Sir John Moore (published by H. and W. Brown 20, Fulham Road London) direct from the Army Veterinary Service, H. M. Stationery Office, London W.C. 2

G S M T 2

On receipt of this order, any certificates remaining with units which are for disposal in accordance with the above quoted India Army Order, will be completed to date and forward to the Chief of the General Staff, without delay

Organization.—1 At present amendments to War Establishments, India, 1923, are being published in the quarterly Appendices to India Army Orders (i.e., January, April and July 1924) The amendments are being printed and issued by the Superintendent, Government Printing, Calcutta **I A O 496**
15809
G S S D 1

2 The method of distributing these amendments is that Districts and Independent Brigade Headquarters are being supplied with sufficient copies to allow of a distribution being made to all units under their command on a scale corresponding to the distribution list of War Establishments, India, 1923 attached to Army Headquarters No 12800 S D 1 dated 11th June 1923, copies of which have been supplied to Commands, Districts and Independent Brigade Headquarters

3 Units in possession of copies of War Establishments, India, 1923, who do not receive amendments should apply for them to the Headquarters of the District in which they are located

Accounts—With reference to India Army Orders Nos 416 of 1922 and 99 of 1923, it has been brought to notice that, in many instances, the estate books forwarded to Recruiting Officers by Officers Commanding Gurkha Units, in connection with the amounts due to pensioners or to the heirs of deceased Gurkha soldiers, have not been prepared correctly by the units concerned **I A O 497**
A 28319
A G 13

IAO 497
13th June
1924

The following irregularities have been noted —

- (1) The names of heirs, or their addresses, have frequently been omitted
- (2) The same names for different, or the same, amounts are some times entered in more than one place in the book
- (3) The forms used are generally very cramped—sometimes on single sheets of foolscap—leaving no room for the entry of names of witnesses, pension certificates and the signature of the paying officer, etc.
- (4) No system of arranging names by regimental numbers enabling claims to be readily verified, has been adopted
- (5) Amounts are frequently entered in figures only, not in words
- (6) In some cases the signatures of the officers making entries have been omitted

2 It is not filed for the guidance of all concerned that in future entries in estate books must be—

- (a) arranged so that names may be readily traced by the regimental numbers,
- (b) written in words as well as in figures, and
- (c) verified in each case by the signature of an officer of the unit

Leave rules for members of Queen Alexandra's Military Nursing Service Regular and Temporary, and Temporary Nurses—Considerable avoidable correspondence is caused owing to Officers Commanding hospitals, and members of medical boards holding full leave, not being conversant with the rules governing the grant of leave to members of the Military Nursing Service

2 The leave rules applicable to lady nurses are as follows —

Order of M. N. S. for India (Regulars) — Paragraphs 228, 244 and 245, Army Regulations India Volume II (1918 edition), and Army Instruction, India, No. 399 of 1923

Q 1 M A S f . . . I A O 498
 Instructions
 of 1923, N 13th June
 1924
 Subsidiary instructions are con-
 tained in circular memorandum No 16327/2
 (D M S I), dated 16th August 1920

Temporary Nurses—Army Department letter
 No 15291, dated 11th October 1917 [repro-
 duced as an Appendix to Army Instruction
 (India) No 289 of 1920]

Subsidiary instructions are contained in circular
 letter No 19732/1 (D M S I), dated 6th
 November 1917

3 No leave is permissible to a lady nurse in excess
 of that laid down in the communications mentioned
 above. It is necessary for all concerned to make
 themselves acquainted with the leave rule indicated
 in paragraph 2 above and for the rules to be
 strictly observed.

Guns Machine Lewis 303 inch—Care of return I A O 499
 springs—The attention of all concerned is directed
 to paragraph 192 Regulations for the Equipment of
 the Army (India), Part I 192, regarding the
 necessity of ensuring that the return springs of
 Lewis machine guns in use and in store are tested
 whenever practicable and not left undisturbed
 for long periods.

Suit Combination. Drill—Frocks and Trousers I A O 500
 Drill Overall—(Owing to manufacturers in India not
 being able to supply a Drill, Cotton Brown, suitable
 for manufacturing the above mentioned garments, the
 supply has been ordered from England and there
 will therefore be a delay in the supply of these
 garments.)

2 Units will not send batteries for their require-
 ments which will be met by the Depot and
 the manufacturers are requested.

Disposal of old pattern and old shade khaki drill I A O 501
 garments in the possession of units—(Owing to
 the fact that units which have in the past been
 supplied with old pattern and old shade khaki drill
 garments are now receiving new pattern and new
 shade khaki drill garments, it is requested that
 the old pattern and old shade khaki drill garments
 be disposed of as soon as possible.)

I A O 501 den us of disposing of, may approach the Officer in Charge the Clothing Depôt on which they are dependent, with a view to ascertaining whether such garments can be disposed of by him. If the Ordnance Officer in Charge Clothing Depôt is satisfied that the garments can be disposed of, without disturbing the forward provision already made for such items, he may order their return to the depôt and forward consolidated list to the D E O S who will give final orders as to the method of disposal.

This order, however, is not to be considered as justifying the accumulation of "old shade" khaki drill garments with a view to disposing of them wholesale.

I A O 502 Cartridges—S A Drill—It has been decided to withdraw from units, Cartridges, S A drill 303 inch No 2, I P and earlier patterns, and replace them by Mk VI drill cartridges.

2 As there is a stock of No 2, I P cartridges to be used up, the exchange will be effected gradually in the following manner —

(a) Units in the Peshawar District will be re-equipped first and will indent now, on the C O O Rawalpindi, for the number of Mk VI cartridges required. Only Mk VI cartridges will be issued in satisfaction of the annual allowance for units in the Peshawar District.

(b) Until further orders, all units except those in the Peshawar District, will be supplied with No 2, I P cartridges in satisfaction of indents for first supplies and annual allowance.

(c) In 1925-26 and following years the remaining Districts will be dealt with similarly until all units are re-equipped.

I A O 503 Passages—Sea—India Army Order No 120 dated 10th June 1923 is hereby cancelled.

2 British Officers—One Captain, Royal Artillery, and one Subaltern Royal Artillery, will be required to take up Artillery Survey work as Officer Commanding and 2nd in Command of this Section. They

I.A.O. 508. will be required to attend a Survey Course at the School of Artillery, Kakul, on August 4th and will then work in conjunction with the Instructors in Gunnery during the next training season. They should hold Furlough certificates for survey. They will remain on the strength of their unit until Government sanction is given to the formation of the Survey Section.

Candidates will only be accepted if they are both willing and recommended by Colonel Commandant, Royal Artillery, Command. Royal Artillery units will forward names of officers who comply with the above conditions to the Colonel Commandant, Royal Artillery, of their command, who, if they recommend the application will forward them to reach the Military Secretary, Army Headquarters, Simla, by 15th July 1924.

2 Indian Other Ranks—Commanders of Indian units will submit to Army Headquarter the names of Indian ranks who have qualified at the Roorkee Survey Course and who are willing and recommended for transfer to the Corps of Indian Artillery for service with the Artillery Survey Section when formed.

From the names submitted three will be selected to attend the course commencing on 4th August 1924 at the School of Artillery, Kakul. Names must reach Army Headquarter by 1st July 1924.

When submitting names full particulars of applicants will be given, i.e. rank, name, caste, age, date of enlistment and promotions, qualifications (including copy of the report from the Roorkee School), etc.

When the Artillery Survey Section is formed the selected candidates if they qualify at Kakul will be transferred to the Artillery and promoted to the rank of Indian officer. Until the Section is formed they will be borne on the strength of their units and will not be concerned.

I.A.O. 509 Furlough and Leave—With reference to India Army Order No. 515 of 1923 it is notified for information of all concerned that the Government of India have decided as a permanent measure,

ANNEXURE to INDIA ARMY ORDER No 518
of 1924

BM 9984 (F 2 M)

THE WAR OFFICE,
LONDON, S W -1,
23rd April 1924

SIR, ~

As case have been brought to notice from which it appears that misapprehension has occurred as to the position regarding testing under a standard trade test of Warrant Officers and Non Commissioned Officers who at the date of issue of Army Council Instruction 63 of 1923, were mustered in trades other than in which they were mustered on 13th September 1919, I am directed to inform you that the intention of that Army Council Instruction was that a Warrant Officer or Non Commissioned Officer should be allowed to draw Tradesman's rate of pay without undergoing a standard test, if at the date of the Army Council Instruction he was still mustered as a Tradesman in a trade in which he had been mustered on 13th September 1919. It was not intended to permit a Warrant Officer or Non Commissioned Officer who had been mustered in one trade in 1919, to be remustered in a different trade and to receive pay at Tradesman's rates without undergoing a trade test.

I am accordingly to request that in such cases of remustering in other trades where the Warrant Officer or Non Commissioned Officer concerned has not yet been tested in accordance with Army Council Instruction 63 of 1923, steps should be taken to secure that he is standard tested as soon as possible.

I am, etc ,

 rangefinders will always be despatched to and from
 Ordnance establishments complete with the case ”

I A O 530 Diagrams—A limited stock of the following
 56-09 diagrams is available in the Government of India
 8 10 Central Publication Branch, Calcutta —

At inspection plates, R 10 C

(a) Kit in barrack room, with arrangement of
 locker

(b) Kit in barrack room, with arrangement
 of shelf

(c) Kit laid out for inspection

2 Copies may be demanded in the usual manner **I A O 536.**
 on the scale of one copy of each per unit having **23rd June**
 R A O C ranks attached The plates will not **1924**
 be supplied to ordnance establishments

3 No further copies of these plates will be provided when the present stock is exhausted

Veterinary—Designation—It is notified that it **I A O 537**
 has been decided that the "Principal" of the **57740**
 Army Veterinary School, at Ambala and Poona, **Q 14**
 shall be designated "Commandant" All correspondence in future will be addressed accordingly

Pack Artillery Equipment—"Boxes ammunition, **I A O 538**
 BL 275 Shrapnel and H E" When these **2059**
 boxes are stored or transported without their **M G 2 A**
 clamps, the lids are to be secured by two "Screws
 iron F H 15 inch long gauge No 12" one at
 each end

As there is some doubt in the matter, it is pointed out that the clamps which are a separately demanlable store, are only intended to be used when the boxes are carried in pack

Steel Helmets—Removal of Indentations—The **I A O 539.**
 issue of steel helmets having been approved for **3353**
 certain units by Army instruction (India) No 432 **M G S - C**
 of 1924 the following methods will be adopted by **A C I 534 23**
 units etc for the removal of indentations from steel **& 50/24**
 helmets —

Remove lining Cut and drive out the copper rivet securing the felt disc and remove the disc

Obtain a sandbag filled with sand form it into a hollow approximating to the contour of the helmet lay the helmet in the hollow and, with a lead hammer (as an alternative either a rawhide or wooden mallet may be used), beat out the worst indentations When this has been done use a soft metal (brass if possible) "dolly" or drift having a slightly bevelled face and drive out the smaller indentations These are the only tool and material necessary to restore the helmet to its original shape The felt disc is then riveted in and the lining replaced

I.A O. 539. 2. Two "rivets, bifurcated" for each helmet, and
 23rd June "rivets, copper, plain" will be issued as necessary
 1924. by the Indian Army Ordnance Corps on receipt of
 indents

3. Where regimental armourers are not in possession of the tools mentioned above they will be improvised locally.

I.A O. 540. Books—Corrigendum.—With reference to India, Army Order No. 418 of 1924, the following correction is made to "*Section Leading in Attack and Defence—1923*":—

Page 49. Under "Flag or screen" delete "Yellow" and connected entries.

Under "Scales" in India Army Order No. 418 of 1924 against item "(c)", read "A and G" instead of "B and F".

ANNEXURE TO INDIA ARMY ORDER NO. 534 OF 1924.

ARMY COUNCIL INSTRUCTION No 246 OF 1924

246. Classification for the Grant of Proficiency Pay.

1. Instances have been brought to notice in which classification for the grant of proficiency pay has borne a date considerably prior to the announcement of the classification in Part II Orders

2 C. Os. will ensure that classifications for the grant of proficiency pay are published in Part II Orders at the earliest possible moment after such classification.

3 In cases other than those specified in para 4 below in which more than one month has been allowed to lapse between the date of classification for proficiency pay in accordance with para. 4 of A.C.I. 140 of 1922 and the date of the Part II Order, War Office authority must be obtained before the soldier concerned may draw pay for the period prior to the date of the Part II Order.

4 Exceptions to the rule laid down in para 3 will be permitted in the following cases only —

(a) Where a delay of more than a month occurs between the date of an examination for a 2nd class Certificate of Education and the date of receipt of the result in the soldier's unit, the grant of proficiency pay may be antedated to the date of the examination under the conditions of A.C.I. 210 of 1923 In cases of this nature, however, the antedate of proficiency pay will be allowed only if the Part II Order granting that emolument is published immediately on receipt of the examination result

(b) Where a soldier has been transferred from one unit to another he may be granted proficiency pay with retrospective effect under para 742, King's Regulations, 1923

(c) Where a soldier is transferred from one unit to another he may be granted proficiency pay with retrospective effect under para 742, King's Regulations, 1923

I.A.O. 544. Educational Training—Language Instruction.—
 17332 The following policy as regards the teaching of languages and scripts will be adopted throughout the Indian Army and will come into force immediately.

as per :

1. The *lingua franca* of the Indian Army shall be Urdu, as standardized and taught at the School of Education.

2 The Common "script" of the Indian Army shall be "Roman", as taught at the School of Education, that is "script" writing. The method of transliteration laid down in the "Manual of Roman Urdu" (at present called the Manual of Roman-Hindustani) is to be strictly adhered to. IAO 544
27th June
1924

3 Every soldier is to receive systematic *colloquial* instruction in Urdu from the commencement of his service, whether he is literate in his own vernacular or not. The "Direct Method" of language teaching, as in use at the School of Education, will be employed. Colloquial instruction in Urdu will be continued until a man has reached the 2nd Standard of Education.

The fact that a man is unable to learn to read and write is not to be considered a reason for the dis-
count

4 (e.g., Punjabi, such instruction has to be necessary to teach a recruit the alphabet and sound combinations of his vernacular script, and to enable him to write a simple letter home. This rule will in no way preclude the teaching of vernaculars by religious teachers for the purpose of instructing a soldier to read his sacred books.

5 As English is the *lingua franca* of the Imperial Army, it is desirable that as many Indian officers and Non commissioned officers as possible should learn it. All men who possess a good knowledge of Urdu and of the Roman script will be encouraged to do so. It will be a compulsory subject in the examination for the "Special" certificate of Education (at present called 1st Class, Part II), and will be taught to students at the School of Education.

6 Vernacular "script" will be taught until a man has passed the 3rd Standard of Education. It is considered necessary that he should learn sufficient for the purpose of communicating with his family, since his ability to do so has been proved necessary to the "Moral" both of himself, and of the inhabitants of the district in which he lives in time of war. It is moreover required, in some cases, for the perusal of religious books, religious instruction being recognised as part of the educational training of the soldier.

7 The teaching of vernacular dialects and scripts may be eliminated entirely in the case of men whose homes are not situated in British India, or in Indian

I A O. 544 States, if it is considered that it will not assist them
27th June to communicate with their families, and is not neces-
1924. sary for their proper religious instruction. Such
 men will learn Roman script for the 3rd Standard
 Certificate

8 After a man has reached the 3rd Standard of Education, Roman script only will be taught. To obtain a 2nd Standard Certificate of Education, a good knowledge of Urdu and of Roman script will be compulsory in all units.

9 A man will commence to learn English after he has reached the 2nd Standard of Education.

10 As part of his training for civil life a soldier will be taught the script used in the civil administration of his district, and words and phrases connected with land tenure, agriculture and irrigation, and will be instructed in the method of writing a petition or application.

In most parts of India the language required will be Urdu in the Persian script.

Such instruction will not begin until a man has reached the 2nd Standard of Education or, if he has failed to reach this standard, then not until he is within two years of his transfer to the reserve. In the case of men whose homes are not in British India or in an Indian State, such instruction will be voluntary.

11 When called up for training, Recruits will receive colloquial instruction as laid down in paragraph 3.

12 The above rules are applicable to all classes enlisted in the Indian Army and will be observed in all units without exception.

13 After January 1st 1927, the provision of Training Manuals in Vernacular scripts will cease. They will be published in English and Roman Urdu only.

Discipline—General—With reference to India Army Order No 84 of 1923:

I A O 545
A/2443
AUG 5 (D. 14) In order to lessen the correspondence on the question of soldiers who travel on granted Railway Warrants or Return Journey Vouchers instead of purchasing them for tickets. Officers Commanding Units will take steps to ensure that all recruits who are granted the privilege of travelling on Warrants take them for a Return Journey ticket.

All rails will also be informed that Warrants or Return Journey Vouchers must be presented at the Booking Office at least half an hour before the train is due to leave. Unless these instructions are complied with in future, there is a possibility of the concession being withdrawn. I A O. 545
27th June

I.A.O 551. Army in India Reserve of Officers—Training—
28th June 1924. With reference to India Army Order No 325 of 1924 it has been decided that the periodical training of officers belonging to the Army in India Reserve will take place during the present financial year. Such training will be arranged for by headquarters of districts and independent brigades, in whose areas the officers are residing at the time.

14169

G S M T 1

2 It is to be noted that training is primarily intended to bring an officer up to date in his professional knowledge.

3 Training will normally be carried out as follows —

Staff and Departments — Under orders issued by the District or Independent Brigade Commander in which the officer is ordinarily resident.

British Infantry — With the battalion to which the officer has been posted or with the British infantry unit nearest the place in which the officer is ordinarily resident.

Indian Cavalry and Infantry — With the unit to which the officer has been posted or with the unit of the same Group which is nearest to the place in which the officer is ordinarily resident.

Artillery — (a) *Royal Horse, Royal Field, Royal Garrison and Pack Artillery* — With a unit of the same branch nearest to the place where the officer is ordinarily resident.

(b) *Ammunition Columns* — Artillery officers posted to a divisional or R F A brigade ammunition column will train alternately with a battery of 18 pounders and 45 inch howitzers. Similarly officers posted to a pack artillery ammunition column will train alternately with a battery of 275 inch guns and 37 inch howitzers. Opportunities should be afforded these officers to study the organization of the ammunition column with which they are concerned, and every endeavour should be made to secure their attendance in the event of practice mobilization of these columns.

Sappers and Miners—At the headquarters of the **I A O. 551.**
Sappers and Miners Corps to which the **28th June**
 officer has been posted **1924.**

Signals—With the units to which the officer has been posted by the Commandant, Signal Training Centre and Depot

4 In order to suit the convenience of professional and business men General Officers Commanding are enjoined to meet, as far as possible, the wishes of officers as to time and places of training. In these special cases the District or Independent Brigade commander may, with the concurrence of the General Officer Commanding in Chief, Command, authorise the performance of training at any suitable station without the command area.

Attendance for 30 days at a refresher course of instruction at an army school will be accepted in lieu of annual training with a unit.

In accordance with Army Regulations, India Volume II, Appendix XXX, paragraph 15 training may also be carried out with a unit of the Auxiliary Force (India) of the same branch of the service. In this case such training should in its aggregate amount to 120 hours.

5 A statement will be submitted at the end of the Individual or Collective training periods respectively by commands and heads of departments to the Military Secretary, Army Headquarters, showing the training done by officers during the preceding six months. This statement will be despatched so as to arrive at Army Headquarters not later than the 15th November and 15th May.

Indian Corps of Clerks—As some doubt appears **I.A.O. 552.**
 to exist in respect to the status of personnel transferred to the Indian Corps of Clerks (British Wing), **A/19750**
 under the terms of Army Instructions (India), **A.G. 11**
 Nos 161 of 1923 and 49 of 1924, it is notified for general information that such personnel will *not* be borne on the India Unattached List. The Corps is a separate unit and action is being taken for its constitution as such in accordance with Section 190 (15) (A) (iii), Army Act.

2 Refers to the Corps will be carried out on AFB 241 and will follow the procedure outlined in paragraph 283, *et seq* King's Regulations. Pending a decision regarding the final custody of the

IAO 552 documents of the Corps, the General Officer Commanding in Chief of the Command (or General Officer Commanding, Burma District), to which the applicant is to be transferred, or his Staff officer will sign AFB 241 as "Officer Commanding applicant's proposed Regiment, Battery or Company"

IAO 553 Mess Contributions—British Army Officers—
 A/18154
 AG 11 With reference to Indian Army Orders No 610 of 1923 and No 14 of 1924, owing to the misunderstanding that appears to exist in the matter it is noted for the information of all concerned that the contribution referred to is that which was payable by an officer under paragraphs 1146 and 1150 King's Regulations (1912 edition) to the unit to which he was compulsorily transferred

IAO. 554. Rates at which contributions to the Indian Civil Service and Indian Military Service Family Pension Funds and the Indian Military Widows' and Orphans' Fund are recoverable during the month of July 1924—Contributions to the above funds will be at the rate of 1s 5a the rupee during the month of July 1924. *This rate also applies to the payment of leave salaries pensions and annuities fixed in sterling*

The percentage admissible as exchange compensation allowance on salary paid during the same month is Rs 2 15 1 per Rs 100. The allowance is subject to the maximum of Rs 65 6 0

IAO. 555 Dress and Uniform—The following amendment is made to Indian Army Order No 314 of 1924 as amended by India Army Orders No 355 and 460 of 1924 —

INDIA ARMY ORDERS

London Gazettes of the 3rd, 6th and 10th June 1924 were received at Army Headquarters on the 1st July 1924 **I A O 570**
6th July 1924

Equitation School, Sanger—It has been reported that all the R A students attending the third short course at the Equitation School were of the rank of subaltern. This course is intended primarily to bring senior officers up to date in the methods of teaching equitation, and as such it should be the exception rather than the rule to detail subalterns for this course. In future commands will find at least one Major or Captain, R A to attend the Short Courses at this School. **I A O 571**

G S M T 1

Drill and Instruction—Signalling—Figure of Merit—1 The Figure of Merit in Signalling of any unit represents the average individual percentage of accuracy obtained by the full authorized peace establishment of the unit's signallers in the annual classification test. **I A O 572**
1 363
G S M T 1

2 For the purpose of assessing the Figure of Merit the above establishment of signallers will be worked on, less —

- (a) The authorized establishment of paid A Is
(b) Personnel absent on signalling duty, including courses at Army Signal School, if certified efficient signallers by the C O of the unit.

Note —Thus in the case of a British Infantry Battalion —

Authorized peace establishment of signallers	38
Authorized establishment of paid A Is	2
Absent from any cause in (b) above	2
Establishment for computing Figure of Merit	34

(Thus the unit must show 34 signallers efficient in every respect to score a Figure of Merit of 100 per cent)

I.A.O 572
6th July
1924.

3 Any unit producing for test personnel in excess of the establishment for computing its Figure of Merit is entitled to calculate its Figure of Merit on the scores of the best men up to the numbers of this establishment provided that all scores so counted are made by personnel doing whole time signal duty

4 N C O's holding A Is certificates and surplus to the establishment of paid A Is will not be tested (save as laid down in paragraph 7 below) but will count as obtaining 100 per cent throughout, provided they are doing whole time signal duty

5 Other ranks holding A Is certificates will be required to undergo the test

6 The following will count as scoring 0 per cent throughout —

(a) All men short of the authorized establishment for computing the Figure of Merit including absentees for any reason other than (b) in paragraph 2 above

(b) All men who score —

Less than 95 per cent. in any Sending or Reading test

Less than 75 per cent (68 marks) on the aggregate of Standard Tests

7. The Assistant Instructors of any unit whose Figure of Merit is below 75 per cent will be fully tested individually the following year

Any A I failing in this test will forfeit his certificate

8 Rules for the actual assessment of a unit's Figure of Merit are appended herewith

(i) *General*.—Ascertain the establishment on which the Figure of Merit is to be computed (vide note to paragraph 2 above)

(ii) *Sending and Reading Tests*.—The average percentage is arrived at by —

(a) Totalling the percentages scored by the establishment in (i) above

(b) Multiplying the establishment in (i) **I A O 572.**
 above by the number of tests actually **6th July**
 carried out **1924**

(c) Dividing (a) by (b)

(iii) *Standard Tests* —

(NOTE —3 questions are asked on each subject,
 each question carrying 10 marks Total
 90)

The average marks are first arrived at by totalling
 the marks scored by the establishment in
 (i) above, and dividing it by the establish-
 ment in (i) above

This result is then multiplied by $\frac{100}{90}$ to give

the average percentage of marks

(iv) *The Figure of Merit* is arrived at by
 dividing the sum of the percentages
 arrived at in (ii and iii) by 2

of 1924

War Office,
London, S W 1,
4th June, 1924

L 115/Artillery/4391 (Q M G 8)

Sir,

I am commanded by the Army Council to inform you that it has been decided that Warrant Officers and Non Commissioned Officers of the Royal Artillery and Royal Engineers only, who possess such requisite qualifications as will be defined in due course, shall be considered in future for transfer to the Royal Army Ordnance Corps for appointment as Sub Conductor under Article 712 Royal Warrant for Pay, etc

I am to say that candidates for transfer from Arms other than those referred to above whose names are already registered and who are still eligible as regards age etc will be considered in due course on their merits as vacancies occur

Meanwhile, pending the revision of Article 712 Royal Warrant, no further applications for transfer should be submitted

I am

Sir,

Your obedient Servant,
B B CUBITT

In addition to the procedure outlined in paragraph 373 of Army Regulations, India, Volume II, Commanding Officers will take the following measures in order to minimise this danger as much as possible —

A Unit Personnel

Before any soldier is employed on duties connected with the handling of food or drink he will be brought before the Medical officer of the unit, who after careful enquiry into his medical history will decide whether any danger to the health of the troops is likely to result from his employment

B Menial Personnel

- (i) Only the minimum number necessary for carrying out the duties will be employed
- (ii) In addition to the pass, I A F Z 2032, referred to in paragraph 373 Army Regulations, India, Volume II, the issue of an arm badge bearing the same number as that given on I A F Z 2032 would assist in preventing unauthorised individuals from frequenting barracks
- (iii) Arrange for all menial personnel to be medically examined and ‘protected’ against small pox and the Enteric group of fevers before they are employed and to be medically examined at regular monthly intervals while employed

ANNEXURE to INDIA ARMY ORDER No 598 of 1924

*Extract from Training and Manoeuvre Regulations,
1923*

6 Memoranda on training

1 From observation of the troops, the Chief of the Imperial General Staff will issue in the summer a memorandum on army training during a preceding individual training period, and in the winter a memorandum on army training during the preceding collective training period.

The main object of these memoranda is to draw the attention of those concerned to points in the training where principles contained in the Field Service Regulations and training manuals have been misinterpreted or ignored, or where methods of instruction are faulty, and to show the direction in which improvement is to be sought.

2 With the same object, G O C in C may issue similar memoranda if they consider it advisable to bring to the notice of their commands any points not mentioned in the memorandum by the C I G S, or to emphasize any point in that memorandum which, for any particular reason, requires special attention by the troops under their command.

Copies of these, and of all other memoranda and instructions on training issued by G O C in C will be forwarded to the War Office.

3 The issue of treatises on training by subordinate commanders should be very exceptional, and will only be undertaken with the sanction of the War Office. A multiplication of such treatises tends to confusion of thought and neglect of the study of the official training manuals in which the attention of all ranks should be concentrated.

Clearance of goods through Indian Sea Ports—**I A O 609**
With effect from 1st April 1924, Government im-
ports except those exempted by Government of
India, Finance Department (Central Revenues),
Notification No 788 dated the 1st April 1924, have
to pay customs duty. At Bombay customs duty
will not actually be collected until further orders,
but debits will be raised against the military de-
partments concerned by the Accountant General,
Bombay. Further instructions regarding other
ports will be issued shortly.

2 On arrival in the country goods covered by the India Store Department Bills of Lading and Packing Accounts will be passed without question as Government stores. In other cases it will be necessary to furnish the customs authorities with a certificate that the stores have been ordered by, on behalf of, Government. If, in the latter case the certificate is not produced duty will be collected in the ordinary way before clearance is permitted.

3 Instructions to the Bombay Port Trust or other authorities for the clearance of consignments must, therefore, be accompanied by—

- (a) Bills of Lading
- (b) Packing Accounts and/or Invoice showing nature and value of packages
- (c) Certificate (whenever necessary)

4 Authorities responsible for ordering Government stores from vessels to ports in India must ensure that the above mentioned documents are despatched in ample time to enable the military authorities at such ports to arrange for the early clearance of the stores in order to avoid delay and storage and demurrage charges.

I A O 610. Passports — Copy of letter from the Political Resident in the Persian Gulf, No 1186 dated the 9th 22nd July 1924 11th May 1924 and enclosure regarding passports for British subjects proceeding to Persia is published as an Annexure to this Order

Education—With reference to paragraph 338, Army 17044
Regulations India, Volume II, it has been decided 08 MT 2
that lieutenants will no longer be required to qualify
at a school of education before promotion to the
rank of captain

The provisions of Army Order No 168 of 1924
(republished as an Annexure to this Order) will
apply equally to officers of the British and Indian
Services on the Indian Establishment

2 In future British Units will be required to main-
tain with the unit one officer who has qualified at the
School of Education, on the same lines as they now
maintain officers who have qualified at the M G and
Signal Schools. In Indian Units, officers before
appointment as Adjutant will have to have qualified
at the School

3 The first course to provide for officers selected
on the above policy will commence at the School of
Education in January 1925. Details will be issued
later

4 The necessary corrections to the regulations will
be made in due course

US MT 2

The provisions of paragraphs 3, 4 and 6 of this Army Council Instruction are applicable to units of the British Army on the Indian Establishment

2 In modification of the instructions contained in paragraph 2, the following procedure will be adopted for the conduct of examinations for second and third class certificates of education in India, as a temporary measure for one year, beginning from the 1st October 1924 —

(a) Third Class Certificate of Education—

- (i) The question papers will be set by the Area Officer, Army Educational Corps (If, for any reason, none is available, by the District Officer, Army Educational Corps)
- (ii) The papers will be marked in the unit (the Warrant Officer or Sergeant Instructor, Army Educational Corps assisting), and be checked by the Area Educational Officer, who will make the award, ensuring that the standard required by A C I 339, paragraph 2 is maintained
- (iii) The Area Commander will then authorise the grant of the certificate

(b) Second Class Certificates of Education—

- (i) Examinations will normally be held twice yearly—at the end of the "Hill Season" and at the end of the "Plains Season"
- (ii) The District Education Officer will set the papers (Provided the examination is held on the same day throughout the district, and that a suitable choice of questions is allowed, the same papers may be set for all units in the district)
- (iii) The papers will be sent confidentially for approval to the Command Inspector of Educational Training who will ensure uniformity of standard throughout the command

(c) The District Education Officer will be responsible for making the awards which will be confirmed by the Command Inspector of Educational Training. IAO 620.
24th July

2 Lieutenants of cavalry, Royal Artillery, Royal Engineers, Royal Corps of Signals, infantry, Royal Tank Corps and Royal Army Service Corps who have already qualified in subjects (a) and (b), (c) or (f) for promotion (see Appendix X, King's Regulations, 1923), and have been promoted provisionally on the understanding that they attend a course at an army school of education, are accordingly now confirmed in their rank.

3 Lieutenants of cavalry, Royal Corps of Signals, infantry and Royal Tank Corps, who have obtained S in subjects (a) and (b) at any of the post war promotion examinations, but have either not yet attended a course at an army school of education or have attended such a course and did not obtain a "Distinguished" certificate will now be granted a "Special Certificate" under Appendix X, King's Regulations, 1923.

4 The course at an army school of education will be obligatory for officers at the Royal Military Academy and the Royal Military College.

5 The necessary amendments to King's Regulations are included in Army Order 181 of 1924.

5 THE SCHOOL OF EDUCATION.—The programme of courses to be held at this school is under revision, and instructions on this subject will be issued shortly. The 24th Course, starting on 20th June next, will be cancelled so far as officers are concerned.

6 EXEMPTIONS FROM EDUCATIONAL TESTS.—The Army Council have decided that the time has arrived when exemptions from the prescribed educational tests for promotion to warrant and non-commissioned ranks should cease.

Exemptions already granted will stand, but from this date para 259, King's Regulations, 1923, will be the sole authority in this matter. This decision will apply to promotions to substantive rank (or substantive appointments) and to the grant of acting rank (or acting appointments), with the exception authorized in para 259, King's Regulations, 1923. The Army Council will be prepared to consider up to 1st April, 1925, however, cases of outstanding merit where the A.C.O.—

- (a) Is otherwise fully qualified and would be selected for a vacancy actually existing or about to occur,
- (b) Has completed at least 12 years' service (exclusive of boy service),
- (c) Has held acting rank as warrant officer for at least two years,
- (d) Is certified by his C.O. to be fully competent to carry out efficiently the duties of that

and when the G.O.C. in C. of the command personally recommends exemption after satisfying himself that the case is an exceptional and highly deserving one and that the conditions stated above are fulfilled. It is the intention of the Army Council that such exemption shall be extremely rare.

7 VOCATIONAL TRAINING.—The Army Council have considered a suggestion that a large proportion of the money available for this branch of training should be spent on the two Army Vocational

Training Centres, at the expense of vocational training in commands, but they were unable to adopt the suggestion as it would be inconsistent with the policy of progressive manual and vocational training throughout a soldier's term of colour service

8 AMENDMENT TO REGULATIONS—Any necessary amendments to regulations consequent upon the above decisions will be published in due course

12th June, 1924

Sir .

With reference to paragraphs 367 and 368, King's Regulations, I am directed to inform you that cases have occurred where men serving in India have not been paid to their Officer Commanding the sum due in respect of the purchase of their discharge. The men have been sent to this country for discharge but the Officer in Charge Records has not been notified that the amount due has been received and in consequence the discharge has been delayed.

Will you kindly request the Indian authorities to ensure that in such cases a notification is sent direct to the Officer in Charge Records concerned immediately the money has been paid.

I am etc,

INDIA ARMY ORDERS.

London Gazette of the 24th and 27th June 1924, together with the supplement to the latter, were received at Army Headquarters on the 21st July 1924.

Attendance of Officers at the Royal Air Force College, Andover.—With reference to Army Instruction (India), No. 492 of 1924, Major H. L. I-may, D.S.O., 11th Prince Albert Victor's Own Cavalry (Frontier Force), was selected to attend the course which commenced in May 1924.

Language Examination—Results—At an examination held in January 1924, Captain W. F. Campbell, 12th Frontier Force Regiment (since seconded to Political employ) qualified as a 2nd Class Interpreter in Urdu.

Drafts—British Army.—In order to distribute more evenly the number of men passing annually from the Colours into the Army Reserve during the next few years, it has been decided to permit certain classes of men serving in British Cavalry and Infantry units in India to transfer prematurely to the Army Reserve.

2. The classes of men affected are those whose normal Colour service of 7 or 9 years, exclusive of the extra year, expires within the periods :—

(i) 1st April 1926 to 31st March 1927—
(Category B).

(ii) 1st April 1928 to 31st March 1929—
(Category C)

and in the case of the 11th Hussars only, 1st April 1927 to 31st March 1928.

The maximum number allowed in each class in each unit is shown in the Annexure to this Order.

Those volunteering will be despatched to the United Kingdom this trooping season.

3 Soldiers accepting such premature transfers to the Army Reserve will, after disembarkation, be granted 28 days' furlough on full pay and allowances

I A O 642—the Adjutant General in India for orders. It will be noted that money to individuals is only given provided that all who have subscribed receive their proportion. When this condition cannot be fulfilled the money is generally given out in scholarships, local charities and for like purposes.

NOTE.—The establishment in column 3 denote the strength, excluding cadet companies or platoons, on which the number of officers and non-commissioned officers including the territorial staff are admissible under Regulations. For example, the composition of the Ashm Valley Light Horse is Hq & 3½ Sqs. (including 1 M G Section) 14 Coss. Inf 3 Light Motor Patrol. The establishment for the Cavalry (including M G Section) is 573. According to App IX, this figure allows of the following of all ranks (including W O and N C O of the permanent staff)

Officers 25, warrant officers 2, Staff Sergeants and Sergeants 34, Corporals 38, Trumpeters 5; rank & file 466. Total 573.

The enrollable maxima for this Cavalry portion is Hq & 3½ Sqs, 510—1 M G Section, 30, Total 540.

This allows of the following of all ranks including W O and N C O of the permanent staff, in the 3½ Sqs and the M G Section combined.

Officers 25, Warrant officers 2, Staff Sergeants and Sergeants 34, Corporals 38, Trumpeters 5; rank and file 466. Total 540.

The enrollable strength excludes cadets in all cases, and, where they are not expressly provided for includes Light Motor Patrols, Machine Gun detachments, armoured train detachments, cyclist patrols, forry sections and the like, as formed under the orders of General Officers Commanding and of Commands. Permanent readjustments required in any instance for reasons to be stated will be referred by Commands before the end of the financial year.

The

Royal Drummond Institution for Orphan Daughters
of Soldiers,

BRAY, CO WICKLOW

Office : 77 DAME STREET,

Dublin, 23rd June 1924

*All Subscriptions should be
sent to the Secretary*

(MAJOR W. R. HOWES),

77 Dame Street

DEAR SIR,

I am sending you a copy of the Report of the Royal Drummond Institution for the year ending 31st October, 1923, and I am directed by the Governors to request you to kindly read and consider same.

The Institution has been well and economically managed, but at the same time every care has been taken to maintain the high standard of efficiency which has characterised the education and domestic training of the girls for sixty years. It will be seen, however, from the Report, that the ordinary and necessary expenditure for the year exceeded the receipts by some £900, largely due to the loss of income consequent upon the removal of the troops from Ireland, and the disbandment of the Irish Regiments.

The girls do not come exclusively, or even mainly, from Irish Regiments, and as you will see from reading the Report, nearly every unit of the Army has been represented at some time by girls in the Institution.

It is a matter of deep concern to the Governors to find that diminishing income will make it impossible to maintain their work at the present standard unless new subscribers can be found, and they appeal to you kindly to contribute to the cause, to avert, if possible, this calamity. Of those who are old subscribers they request a continuance of their

patronage, of those who have been subscribers in the past, but have discontinued for some reason, they hope for a renewal of their subscriptions, and to those who have never subscribed they make a special appeal for a beginning, and they make these requests with every confidence that all Regiments have the welfare of the orphan daughters of soldiers at heart, and will do their best to keep this deserving charity solvent, and available to continue its great work. It may be added that although the Institution is worked on the lines of the Royal Hibernian Military School, it receives no help from the State, and is entirely dependent upon dividends on investments, and subscriptions and donations from Regiments and the charitable public.

The dividends on investments provide less than one third of the necessary income.

The Institution is governed by a scheme settled by the Court of Chancery for the benefit of the orphan daughters of soldiers who have served in any branch of the army, and it will continue so long as there are orphans available to benefit by the trust, and an income to support them.

The Governors hope that orphans from all parts of the British Isles will continue to come and share the benefits of the Royal Drummond Institution as heretofore, and that it will continue to receive the support and encouragement of the Officers, Warrant Officers, Non-Commissioned Officers and Men of the various units of the Army.

Yours faithfully,

W. R. HOWES, Major,
Secretary.

man belongs. The officer in the records, before forwarding the notice will insert in the space provided particulars of the man's existing registration, if any.

If, on receipt of this form, the soldier desires to be registered in respect of the address shown thereon, the O C unit will arrange that he completes the prescribed statement of qualification for such address, and at the same time makes a declaration either that he is not already registered as a military voter or, if he is already registered in that capacity for any qualifying address, that he wishes no longer to be so registered.

The particulars in the statement of qualification will be verified by the O C unit from available records, and the form, with the declaration annexed thereto together with the RP 124 received from the Registration Officer, will be returned to the officer in the records. The latter will verify the declaration and, after noting the particulars, will retransmit all forms to the Registration Officer from whom the application was originally received. Unless the name and address of the Registration Officer concerned are known, the forms will be sent to the

Any necessary alterations in the will not, however, be made until the receipt from the Registration Officer of RP 7, or of the next absent voter list.

If the soldier decides that he does not wish to be registered in respect of the new address, the O C unit will return the form and will inform the officer in the records accordingly. The latter will note and return the correspondence. Officers receiving RP 124 will take similar action as outlined above and return the forms direct to the Registration Officer.

If the forms are received by the Registration Officer not later than the last day for claims to be accepted for the register then in course of preparation, the name of the absent voter will be included in the Electors lists, or in the list of electors, as the case may be. Otherwise the statement will be retained to be dealt with in the next register.

The Registration Officer receiving the statement, etc., will, as soon as he decides to register the voter, take the necessary action to notify the Registration Officer of the constituency in which the former qualifies to vote (if any) is located, and the latter officer will explain the nature of the voter from the receipt of the statement.

With reference to the next part, AC I 711 of 1921, the statement of qualification for future to be printed in Army Instructions 1922 (AC I 711) is to be printed in AC I 711. The

Form of Declaration referred to above will form a detachable portion of this form. Care must be taken that the latter portion is not detached from the statement of qualification, but the both portions of the form, together with R.P. 121, are referred to the Registration Officer as indicated above.

On C units and formations at home and abroad (including India) will ensure that a supply of A.F. B 222 is invariably maintained to meet estimated normal requirements. This supply shall be at least in the proportion of 50 per cent of the required establishment. On C military hospitals will similarly maintain a supply of the leaflet in proportion to the number of beds maintained in the hospital.

As the revised form will come into use forthwith in connection with the Autumn Register, 1921, immediate demands should be put forward in the usual manner for the required supplies of A.F. B 222 as referred to above.

5 The prescribed form of statement of qualifications A.F. B 222 must in future be used in the case of all original applications for registration as well as for an application for change of an existing registration. In the case of an original application Form 2 of the declaration in Part III must invariably be completed whether or not the applicant is already registered as a civilian for the premises.

6 Should it come to the notice of an officer in records that a soldier is already registered in respect of two qualifying addresses, he will request the man to O to ascertain which registration the man prefers to retain and will cause him to complete a statement for the address retained and a declaration disclaiming the other. The completed form will be forwarded to the officer in records, who will transmit it to the Registration Officer at the address with the qualifying address when the man has elected to retain. The form will then follow the uniform procedure indicated above, but should be marked "For correction of duplicates."

7 The new procedure will not affect the registration of an officer or soldier for his actual residence in barracks or quarters upon his making a claim for the purpose on Form R.P. 28 (obtainable from Registration Officers), declaring the steps taken by him to prevent his registration for any other constituency. In this connection attention is invited to para 1 of A.C.I. 426 of 1921, which brings to notice certain disadvantages which obtain in connection with registration for actual residential qualifications.

I A.O 679 Hot Weather Establishments of Staff Offices—
 It has been brought to notice that the hot weather
 establishments of certain staff offices are enter-
 tained on a scale which is considerably above the
 number necessary. This is particularly the case in
 connection with the entertainment of punkha
 coolies

2 It may be possible during the hot weather to
 re arrange the accommodation occupied so that a
 smaller number of rooms are used and a smaller
 number of punkhas, and punkha coolies required

3 While in no way interfering with the employ-
 ment of hot weather establishments, as at present
 allowed, the need for economy, and the elimination
 of wasteful expenditure, is impressed on all con-
 cerned

Courses—School of Cookery—Officers commanding British units, when sending students to the Army School of Cookery, Poona, often fail to comply with the instructions contained in pages 61 & 63 ‘Courses of Instruction 1923-24’

2 The following are some of the points brought to notice — **I A O. 696.**

**12th Aug
1924**

- (1) Arrival of students at the School after the date scheduled for the commencement of the course
- (2) Return railway warrants
- (3) Pay of students
- (4) Conduct Sheets
- (5) Students are paid a lamp in advance before leaving the units. This practice is most undesirable

“ * Continuous Indian service officers of the R E and R A in military employ officers of the R A serving with headquarters of Indian pack artillery brigades, Indian batteries and the Pack Artillery Training Centre, British civil officers (other than R E officer) seconded in their regiments ’

2 The amendment in question will appear in Section 1 of the Appendix to India Army Orders—October 1924

I A O. 699- Books— ‘ Rabies and Antirabic Treatment in India ’—Attention is directed to the pamphlet
I
— S 62 —
D M S 5 —
entitled ‘ Rabies and Antirabic Treatment in India ’, copies of which were issued to all concerned in July 1923

All persons bitten by any animal will report to a medical officer immediately and be cauterized thoroughly to the depth of each wound. Cauterization within one hour is a help to antirabic treatment. Every subsequent hour diminishes the value of cauterization, which will however be carried out in all cases. Pure carbolic acid is probably the most effective cauterizing agent. crystals of potassium permanganate, silver nitrate stick, pure nitric acid or red hot metals may however be used. Care will be taken that the caustic reaches to the bottom of each separate wound, the skin will not be extensively destroyed. Care in this matter is essential as otherwise sloughs are caused which delay healing.

The biting animal if known will be kept under observation for 10 full days. If it remains alive and well for 10 full days after biting a human being the saliva could not have been infective and no treatment in such cases is necessary. If the animal is not known it will be assumed to be rabid.

With regard to anti-rabic treatment the following procedure will be followed —

I.A.O. 699-
I
12th Aug.
1924

- (1) Persons bitten by a rabid or suspected rabid or unknown animal will be sent immediately to the nearest Pasteur Institute
- (2) Persons licked by a rabid or suspected rabid animal on fresh cuts or abrasions (made within 48 hours) will be sent immediately to the nearest Pasteur Institute
- (3) Persons—
 - (a) bitten on head or neck
 - (b) badly bitten elsewhere (i.e. with many deep or extensive bites)
 by any animal whether suspected of rabies or apparently healthy, will be sent to the nearest Pasteur Institute immediately. Treatment can be suspended later if it transpires that the animal remained alive and well for 10 full days. In such cases a history of the animal will be sent.
- (4) Persons bitten—i.e. licked on fresh cuts or abrasions—but not coming within (1), (2) or (3) above need not be sent immediately for treatment. If the animal however falls ill during the ten days of observation, the persons bitten—or licked on fresh cuts or abrasions—will be sent at once to the nearest Pasteur Institute for anti-rabic treatment and subsequently history of the animal's illness will be sent. If the animal survives or dies of some other illness treatment can be suspended. If the animal dies the brain will be sent properly preserved for microscopic examination.
- (5) In any case of doubt a detailed telegram will be sent to the Pasteur Institute asking for advice.

The Institute is situated in the School of Tropical Medicine and Hygiene, Central Avenue, Calcutta

2 Officers and their families, and Nursing Sisters will make their own arrangements as regards accommodation. Advice as to accommodation may be obtained on application to Headquarters, Presidency and Assam District

3 British other ranks will be accommodated in the Attached Section of the Infantry Battalion, Fort William. The wives and families of British other ranks other than those stationed in Calcutta will be accommodated at the Military Family Hospital, Calcutta

4 Indian ranks will be attached to the Indian Infantry Battalion at Alipore

5 Malarial patients are not admitted into hospital unless requiring medical or surgical treatment

6 They will attend the Pasteur Institute daily for treatment

7 British officers and their families and Indian ranks who are situated nearer Shillong than Calcutta, will proceed to the Pasteur Institute at Shillong for treatment

8 The rules regarding conveyance are laid down in Army Regulations, India, Volume X but particular attention is drawn to the rule which authorises contract second and third class passage to travel by Rail train when proceeding to a Fever Institute for malarial treatment

Malaria—His Excellency the Commander in Chief desires to impress on all ranks of the Army the very urgent necessity which exists, particularly at this time of the year, of carrying out the precautions against malaria laid down in India Army Order, No 776 of 1922. The large number of admissions to hospital in 1923—actually 2,100 among both British and Indian troops—caused by this preventable disease, indicates with extreme clearness the absolute necessity of action, in co-operation with the military medical service, every possible means of prevention. His Excellency feels

that this matter very gravely affects the physical efficiency and fitness for service of the Army in India and is confident that the incidence of admissions to hospital can be materially reduced by proper cooperation. He therefore calls upon all concerned to give simultaneous measure their earnest and careful attention.

Q 13

✓ (a) With the approval of the Officer Commanding the unit, Government horses may be used by all ranks for hacking or light harness trapping to the extent necessary in his opinion to keep the animal efficient.

(b) Subject to the Commanding officer's responsibility and the Brigade Commander's supervision that the horses are both trained and ridden with due regard to the efficiency of the public service, other ranks may ride troop horses in *bona fide* the regimental steeplechases or point to point races and with a recognised pack of hounds.

✓ (c) At polo as authorized in A.I. (I) No 249 of 1922, as amended by A.I. (I) No 66 of 1923.

2 The racing of all Government horses in steeplechases other than those referred to in para 1 (b) hurdle or flat races is strictly forbidden, and His Excellency the Commander in Chief will hold General Officer Commanding in Chief District Brigade and Unit Commanders responsible that the above regulations are duly observed.

3 The restrictions do not apply to horses purchased from the Remount Department or to boarded out or to regulations regarding the latter are laid down in Army Instruction, (India) No 356 of 1921 and India Army Order No 638 of 1921.

4 This Order supersedes India Army Order No 780 of 1921.

ANNEXURE to INDIA ARMY ORDER

No 724 of 1924

The Minute Mesh System

1 In order to understand this system it is essential to have a thorough grasp of the instructions contained in Section 28 of the Manual of Map Reading and Field Sketching. The Minute mesh system only differs from the "Allied system" described in the Manual in points of detail, for example—

- (a) Minutes of latitude and longitude are used¹ instead of kilometres
- (b) Instead of a 50 kilometre square, one of 4 degrees of latitude by 4 degrees of longitude is used

This area corresponds to the Survey of India "Million" sheet (see I A O 104/24)

2. For the purposes of the Minute Mesh each Million sheet is divided into 24 groups each group measuring 60 minutes from West to East by 40 minutes from South to North. These groups are lettered as follows —

A	G	N	U
B	H	P	V
C	J	Q	W
D	K	R	X
E	L	S	Y
F	M	T	Z

3 Each group is subdivided into 10 minute squares which are also lettered, as follows—

A	B	C	D	E	F
G	H	J	K	L	M
N	P	Q	R	S	T
U	V	W	X	Y	Z

4. Each 10 Minute square is divided into one-minute squares numbered in the same way as the kilometre squares described in para 90 of the Manual of Map Reading and Field Sketching.

5 Normally there will be no doubt as to the particular 10 minute square referred to, therefore a reference like P 3645 will be sufficient. Should it be desired, however, to differentiate between two squares lettered P, it is only necessary to add the group letter *e.g.* WP 3645. The group letter will always be printed in the margin of a 1", $\frac{1}{2}$ " or $\frac{1}{4}$ " map, and will be enclosed in a circle to distinguish it from the 10 minute "Square" letter.

6 Reference should now be made to the attached diagrams —

(a) The point P in figure 1 is in square 53, its pin point reference is 56 38 and in figure 2 is D 5638

(b) In the 1" sheet (fig 3) the reference of the same point is D 5638, i.e., 56 minutes East and 38 minutes North of the S W corner of Square D

(c) The $\frac{1}{2}$ " sheet reference (fig 4) is the same

(d) As there are two squares lettered D in the degree sheet (fig 5) it may be necessary in case of doubt, to use the group letter as well (see para 6). The reference of point P on this sheet will, therefore, be AD 53 or AD-5638

(e) The Million sheet reference (fig 6) will be AD or AD-53.

(f) To fix the position of point P within the limits of the Indian Survey it is now only necessary to add the million sheet number, i.e. 38 AD-5638, but this would only be necessary in most exceptional circumstances.

7 In order not to obscure the topographical detail *usually the numbering of minute squares is not completed all over the map sheet but sufficient are numbered to enable the reader either to estimate the required co-ordinates or to fill in the figures in pencil if so desired*

Royal Artillery, Re organization—Amalgam
of Officers—1 With reference to Army Order
1924, it has been decided that —

- (a) Lieutenant-colonels will be placed on combined list in order of regimental seniority in their present rank
- (b) All majors who obtained their first commission before 19th December, 1900, remain in their present lists for promotion, and come on to the combined list according to the date of their promotion to lieutenant colonel
- (c) All officers who were commissioned on or after 19th December, 1900, will take their places at once on a combined list in order of seniority by first commission

2 To effect this, it will be necessary to intercalate certain officers in order that they may take their proper position on the combined list in accordance with the date of their first commission. Similarly it will be necessary in future to intercalate officers on promotion in order that they may take their proper place on the combined list in accordance with the date of their first commission.

Ante-dated seniority for this purpose will be disregarded. They will not count for Army seniority nor for pay and allowances, increment of pay, or retired pay.

3 The above will take effect from 1st April, 1925

In order to complete class "B" of the reserve up to its authorized establishment, it has been decided that, in addition to the annual automatic transfers from class "A" to class "B", direct transfers from the colours to class "B" may be permitted provided that,

(a) The number transferred to class "B" annually (including the automatic transfers from class "A") will not exceed—
 44 per infantry battalion
 19 per pioneer battalion

(b) The total authorized establishment of class "B", including classes I and II, will not be exceeded, i.e.
 227 reservists per infantry battalion
 100 reservists per pioneer battalion

2 With the above end in view, Officers Commanding battalions will make every effort to obtain the required number of men annually who wish to transfer direct from the colours to class "B" of the Reserve.

Ceremonial—The attention of all concerned is invited to paragraph 946, King's Regulations, as amended by Army Order No 452 of 1923, which permits all ranks, when not on duty, to wear a poppy on the uniform headdress on the 11th November in commemoration of "Armistice Day"

NOTICE.

The Ex Services Association, India and Burma

As a Member of the British Empire Service League this Association appeals to all British Officers and Ex Officers and British Ex Service men in India and Burma, who are in a position to do so, to be entered as Members on the roll of the Association. The registration fee is Rs 5 and Membership brings with it the privilege of being associated with the work which the League is doing in looking after the interests of ex service men who for no fault of their own are in difficult circumstances. Thus the comradeship of the Great War is kept alive. For full details apply to the Secretary, Ex-Services Association, India and Burma, Kennedy House, Simla, or to any local branch of the Association.

PART A

Service and Disability Pensions

(1) Pension claims on 1st April 1925 accompanied by the Short roll and any other necessary documents, are to be submitted to the Controller of Military Accounts concerned at least one month before an individual is due to leave his unit or transfer to the pension establishment. To ensure

the observance of this rule it will be a standing order in all units that an individual who wishes to take his discharge must give six weeks' notice of his intention to do so. This rule may, however, be relaxed in special cases at the discretion of the Officer Commanding the unit.

(2) Every effort will be made in the office of the Controller of Military Accounts to audit and sanction the pension claim in time to admit of its return, with the relevant documents and pension certificate, to the unit within one month of the date of receipt.

(3) The Officer Commanding the unit will, in the meantime, prepare the pensioner's descriptive roll (which must contain the name and relationship of the pensioner's heir) and, on receipt of the pension documents from the Controller of Military Accounts, will complete this roll with the serial number of the pension certificate. The roll will then be forwarded to the office of pension disbursement by registered post.

(4) The unit accountant will prepare the last pay certificate and will note upon it the advance of pension made, if any.

(5) The completed documents, Last Pay Certificate, Pension Certificate and Discharge Certificate will be handed to the pensioner before he leaves the unit. If from any cause the pensioner leaves the unit before receipt of the pension documents from the Controller of Military Accounts, the completed documents mentioned above will be forwarded to him by registered post.

(6) In cases where a disability pension is sanctioned for a limited period the pensioner will be given a postcard to be filled in and returned to his unit three months before the expiration of such period with a view to ensuring that arrangements for his medical re-examination are made in good time.

(7) The discharge certificate will invariably show whether a man is entitled to a pension or

PART A

Service and Disability Pensions

(1) Pension claims on 1st April 1918, as enumerated by the Sheet roll and any other necessary documents, are to be submitted to the Controller of Military Accounts concerned but not later than 1st April 1924. If an individual is due to leave the service before the 1st April 1924, the claim is to be submitted to the Controller of Military Accounts concerned before the date of departure.

the observance of this rule it will be a standing order in all units that an individual who wishes to take his discharge must give six weeks' notice of his intention to do so. This rule may, however, be relaxed in special cases at the discretion of the Officer Commanding the unit.

(5) The completed documents, Last Pay Certificate, Pension Certificate and Discharge Certificate will be handed to the pensioner before he leaves the unit. If from any cause, the pensioner leaves the unit before receipt of the pension documents from the Controller of Military Accounts, the completed documents mentioned above will be forwarded to him by registered post.

(6) In case where a disability pension is sanctioned for a limited period the pensioner will be given a *postcard* to be filled in and returned to his unit three months before the expiration of such period with a view to ensuring that arrangements for his medical re-examination are made in good time.

(7) The discharge certificate will invariably show whether a man is entitled to a pension or

I. A. O. 785. not, and, if so entitled, the rate and category of pension, the period for which granted (and the number and date of C. M. A.'s memorandum sanctioning the claim). If this information is not available when an individual leaves his unit on discharge, the Officer Commanding the unit will arrange for the issue to him of a *temporary* discharge certificate, on which it will be stated that the question of pension is under consideration. The *permanent* discharge certificate, with the details of pension, when available, will be sent to him by registered post with instructions for the return of the temporary certificate. On return the temporary discharge certificate will be destroyed.

(8) The correct designation and address of the Training Battalion or other similar formation will, in future, be shown clearly on the discharge certificate, and pensioners will be directed to address all representations regarding pension, etc. to such unit or formation. Training Battalions, etc., act as forwarding agencies with a view to ensuring that complaints reach the proper unit. In cases where the Training Battalion is in possession of the pensioner's documents, the Officer Commanding that battalion will deal with the complaint.

(9) A pensioner wishing to make a representation regarding his pension will forward it with his discharge certificate, to the address shown on the latter document. When the heir of a deceased soldier submits a petition in regard to pension the discharge certificate of the deceased will, if available, accompany the petition.

(10) When a representation has been investigated and finally settled a note to this effect stating briefly its nature and how disposed of will be entered on the discharge certificate in red ink and will be signed by an officer. The discharge certificate will then be returned to the sender.

PART B

Family Pensions and Children's Allowances

The documents for the pension distribution officer are the pensioner's relative to family pension.

and children's allowances, will be forwarded by the Controller of Military Accounts to the Officer Commanding the deceased's unit, who will be responsible for distributing them correctly. In cases where the unit is on active service or is serving abroad, the documents will be forwarded to the Training Battalion or similar unit concerned.

PART C.

General

The use of abbreviations in pension documents leads to confusion after the lapse of years. The full designation of units, etc., must therefore be entered on all such documents.

2 Difficulty is frequently experienced in ascertaining the date of birth of claimants to pension. The instructions issued in A D letter No 34226|1 (A G 10), dated 26th April 1916 (reproduced below) are brought to notice for guidance.

*Copy of A D Letter No 34226|1 (A G 10), dated
26th April 1916*

"I am directed to refer to your letter No C.S-69 30718, dated the 14th February, 1916 regarding cases in which neither the date, month nor year of birth of an heir to a family pension can be ascertained."

"2 I am to say that, in such cases, the year of birth of the claimant should be calculated from the age given by the investigating officer and the date and month taken as the 1st July of that year. In cases in which the year and month in which the claimant was born are known, but not the actual date the latter should be taken as the 16th of the month."

INDIA ARMY ORDERS.

A- courts—In supersession of the instructions issued in Special India Army Order No 4 S of 1923 as amended by subsequent I A Os the following rules will be observed in regard to the payment and the issue of last pay certificates of drafts and details of British troops proceeding to the United Kingdom or a Colonial station on transfer to a unit serving there or for discharge or transfer to the Army Reserve

I A O 719.
16th Sept.
1924.
 A/25501
 L A O 13

These rules will not however apply to soldiers of the India Unattached List nor to regimental soldiers granted furlough to the United Kingdom or to the Colonies

2 It is essential that every regimental soldier in India be attached to a unit for pay and discipline no matter how employed. In the event of any soldier arriving in the Overseas Rest Camp, Deolali or Karachi not borne on the strength of a British Unit in India full particulars of the case will be reported by wire to the Adjutant General in India such personnel being attached for pay to the permanent establishment of that camp. This does not apply to details etc., from Iraq or from any station beyond Indian limits

3 All drafts and details proceeding to the United Kingdom or a Colonial station with the exception of those ordered to embark direct from the stations of Bombay and Karachi in regard to whom see Annexure G will normally pass through the Overseas Rest Camp Deolali or Karachi. Under exceptional circumstances orders may be given for troops from stations other than the above to embark direct these cases will also be dealt with under Annexure G. Under normal arrangements, units will be informed at least 10 clear days before the date of sailing of a transport, of the number of passages allotted to them, the name of the transport and the probable date of sailing. Small numbers of extra men will also be ordered to Overseas Rest Camps without orders being passed for them to sail by any particular transport. These men will be allotted to transports by the Officer Commanding, Overseas Rest Camp. Special instructions in respect of these men are given in Annexure A

I.A.O. 789.
13th Sept
1924.

4 In cases in which the date of embarkation of a soldier is altered, the following procedure will be observed —

(a) If the alteration takes place before the soldier leaves his unit, documents already issued will be cancelled and the fact of such cancellation will be intimated to the Officers to who they were issued. Fresh documents will be prepared when the soldier eventually does leave the unit.

(b) If the soldier has left the unit but has not reached the Overseas Rest Camp, the Officer Commanding the hospital or other unit *en route* in which the soldier is detained will at once communicate the fact to the soldier's unit and the Officer Commanding, Overseas Rest Camp concerned. The Officer Commanding the soldier's unit and the Officer Commanding, Overseas Rest Camp will be informed of the date on which the soldier eventually resumes his journey to the Rest Camp and fresh documents will be issued from this latter date. On fresh documents being issued the original documents should be cancelled as prescribed in paragraph 4(a).

5 No change is made in the existing orders in respect of complete units leaving India except as provided for in India Army Order No 181 of 1923.

6 Further complete detailed orders in respect of each officer concerned are given in the attached appendices.

7 A.F.O. 1809 G (modified for India) is under revision. Immediately on receipt of this India Army Order formations will submit indents for copies of the revised form to the 2nd Deputy Controller of Printing, Stationery and Stamps (Forms Store), 166, Dharamtala Street, Calcutta. The envelopes containing the indents, and the indents, must be marked "Immediate" in block letters in red ink. Arrangements have been made for prompt compliance with indents. This form must be kept separate and not placed with other documents.

All obsolete A.F.O. 1809 G will be destroyed and no locally printed forms should be used.

Adjutant General in India

ANNEXURE A.

Instructions for Officers Commanding Units

1 On receipt of orders for a draft to proceed to the Overseas Post Camp for embarkation on a particular transport the Officer Commanding unit will publish in Part I Orders the names of the soldiers leaving India by that transport and the date on which they are due to embark. Copies of these orders will be furnished *immediately* to (1) the Unit Accountant, (2) the Deputy Assistant Controller of Military Accounts, Overseas, (3) the Accounts Commanding, and (4) the Embarkation Commandant concerned. *It is of paramount importance that these instructions regarding the supply of copies of Part I Orders to the officers mentioned above be strictly adhered to.*

2 In accordance with paragraph 1112 of the King's Regulations for the Army (1923 edition) the Embarkation Commandant concerned has to divide all passengers into four categories, viz —

Category (1) Officers and accompanying families

Category (2) Other ranks and accompanying families

Category (3) Unaccompanied families

Category (4) Non entitled passengers other than indulgence passengers

For all categories (1) the information will be furnished to the Embarkation Commandant concerned by Army Headquarters.

Category (2) Other ranks have to be grouped under 8 headings and it has to be stated whether or not public quarters are required on arrival in Great Britain. Great care must be exercised in collecting and compiling complete and accurate information in this respect for publication in Part I Orders.

Category (3) Information concerning unaccompanied families of officers and warrant officers will be furnished to the Embarkation Commandant concerned by Army Headquarters. The information concerning the unaccompanied families of other ranks must also be published in Part I Orders.

Category (4) Information required under this category will be furnished to the Embarkation Commandant concerned by Army Headquarters

3 Embarkation muster rolls of soldiers will be prepared in triplicate by the Officer Commanding on I A F A 34 and the three copies will be forwarded to the Embarkation Commandant on the day on which the soldiers leave their units

4 Immediately on receipt of Part I Orders (see paragraph 1 above) the Unit Accountant will make up the accounts of the soldier to and for the date preceding the fixed for embarkation including pay and all special allowances due to, and all stoppages due by him but no voyage money will be credited to the soldier's account

Part II Orders subsequently issued will be checked by the Accountant with the Original Part I Orders and all discrepancies will be dealt with

A F O 1809 G modified for India is now revised and this revised form will be issued in triplicate for each soldier whose name appears in the Part II Orders

The list of triplicate A F O 1809 G so prepared will also be checked with I A F A 34 when it will be seen that no names have been omitted

5 A F O 1809 G will be prepared and despatched as follows —

- (a) The soldier's account will be calculated up to and for the date preceding that of embarkation. If the credit balance is in excess of Rs 100 the Unit Accountant will ascertain from the Company Commander whether the soldier wishes any part of this amount to be remitted to his destination by means of I A F A 602 but if his credit balance is less than Rs 100 the whole amount must be disbursed in India. The amount which it is desired to remit will be entered in the space provided in Part I (B) of A F O 1809 G and the remittance will be made by the Deputy Assistant Controller of Military Accounts, Delhi or the Controller of Military Accounts, Karachi. No alterations in this amount will be allowed after the soldier has left his unit. The balance of the amount at the soldier's credit will be entered in the space provided for the purpose in A F O 1809 G.

Attention is drawn to the orders regarding the elimination of pies from Government accounts.

- (b) The soldier must be paid at the Overseas Rest Camp two thirds of his net pay from the preceding month or if his net pay is less than two thirds of his net pay, two thirds of the net pay.

This sum, two thirds of the net pay, must, in these cases, be shewn in the space provided for the purpose in A. F. O.-1809-G.

- (c) All particulars in Part I of A. F. O.-1809 G. must be filled in carefully, checked and signed by the Officer Commanding and the Unit Accountant. It will be understood that these details are required to enable the Overseas Rest Camp to issue the last pay certificate and to make any necessary payments if the man's embarkation is delayed.

To facilitate checking and sorting of the documents by the O. C., Overseas Rest Camp, A. F. O.-1809 G. should be arranged by Officers Commanding, Units in the same order as the names shown on the nominal rolls which accompany the drafts.

- (d) The Officer Commanding will see that sums noted for the Overseas Rest Camp to arrange for payment or remittance to the United Kingdom are separately entered in the monthly pay list with an appropriate remark, and the Unit Accountant will accept debit for these amounts from Deputy Assistant Controller of Military Accounts, Deolali or the Controller of Military Accounts, Karachi.

Note—All details passing through the Overseas Rest Camp are required to pay mesing charges of 3½ annas per diem, except

- (e) A duplicate covering list of A. F. O.-1809-G. as on the attached form will be prepared,

only the first four columns being filled in by the Unit Accountant

The above documents will be disposed of as follows —

The three copies of A F O 1809 G together with the covering lists referred to in (e) above should be sent in a sealed envelope, clearly specifying the contents, to the Officer Commanding Overseas Rest Camp, in charge of the Officer in charge draft. In the case of details or small parties the forms should be sent by registered post, and should invariably be despatched before the men leave their unit.

No other document except the above should be placed in the same envelope.

6 In the event of a telegram being received from the Officer Commanding Overseas Rest Camp, stating that a man has arrived without A F O 1809 G, the Officer Commanding should at once notify the Officer Commanding Overseas Rest Camp by telegram the amount payable to the man at the Overseas Rest Camp for the period prior to embarkation (stating date of embarkation). He will ensure that three copies of A F O 1809 G are prepared as detailed above and forwarded at once to the Officer Commanding Overseas Rest Camp.

7 No other documents except triplicate I A I 13 and triplicate A F O 1809 G (with duplicate covering list) will be prepared by Officers Commanding in respect of men proceeding to Overseas Rest Camps for embarkation.

8 If men are ordered to proceed from a unit for embarkation direct without passing through an Overseas Rest camp, they will be dealt with as laid down in Annexure G.

9 These rules do not apply to men proceeding out of India on furlough or to men who have taken their discharge in India.

10 In respect of extra men ordered to proceed to Overseas Rest Camps and whose passages will be allotted on their arrival in that Camp, the date of embarkation for the purpose of the preparation of A F O 1809 G will be assumed to be the date of sailing of the first available transport.

11 On no account will cash currency notes or cheques be sent from the unit to the Overseas Rest Camp in respect of the pay of any details proceeding for embarkation.

ANNEXURE B

Instructions for Officers Commanding drafts or³ details

1 The following⁴ instructions apply to officers who may be in charge of drafts or details for the whole or part of a journey from a station in India to Overseas Rest Camps, a port of embarkation or station outside India, and all such officers will be held responsible that these instructions are fully complied with

2 An Officer Commanding a draft or details leaving a Station in India for the Overseas Rest Camp Deolali or Karachi or a port of embarkation or who takes over a draft or details at the Overseas Rest Camp Deolali or Karachi must ensure that —

- (a) he receives an A F O 1809 G in triplicate in the case of soldiers proceeding to the Overseas Rest Camps at Deolali or Karachi for every soldier except (i) soldiers of the I U L (ii) soldiers proceeding on furlough (iii) soldiers proceeding overseas after having received their discharge in India
- (b) Parts I A and B or C of each A F O 1809 G and Part II thereof also in the case of soldiers leaving the Overseas Rest Camp for the port of embarkation is completed
- (c) he furnishes a receipt for the number of A F O 1809 G received,
- (d) he receives a similar receipt in the event of the draft being handed over to another officer at the Rest Camp or on board ship

3 On arrival at the Overseas Rest Camp Deolali or Karachi or port of embarkation the Officer Commanding draft or details should certify in writing to the Officer Commanding the Overseas Rest Camp, Deolali or Karachi, or Embarkation Commandant, that he holds an A F O 1809 G, for every man [paragraph 2 (a) above]

4 Cash for payment at the Overseas Rest Camp, Deolali or Karachi, will be drawn under arrangements made by the Officer Commanding the Camp. The exact amount shown in Part I B or C of A F O 1809 G as payable at the Camp less mess⁵ or other local charges that may be incurred, shall be paid before the soldier leaves the Overseas Rest Camp, Deolali or Karachi.

- 5 The amount due from each draft on account of
 ed to Officers
 Commanding
 hi

Officers Commanding drafts will enter the amount due from each soldier on account of messing and any local charges against his name in Part II of his A F O 1809 G. The nature of the charge should be shown in the column provided for casualties and the entry signed by the soldier and the Officer Commanding the draft.

The remaining amount due to each soldier should be entered in pencil in payment column (column 3) of Part II of A F O 1809 G.

6 As cash payments are made to soldiers, the amounts on A F O 1809 G should be entered in ink and the soldier's signature obtained in the column provided in the form. The entries should also be signed by the Paying Officer. The O C draft will see that both his own copies of A F O 1809 G are correctly completed in respect of all signatures for payments made and if he is the paying officer he will sign the accounting officer's copy of the A F O 1809 G.

The amount due on account of messing and local charges will be handed to the Officer Commanding the Overseas Rest Camp Deolali or Karachi, and his receipt obtained in Column 7, Part II of A F O 1809 G.

7 In the event of the embarkation being delayed beyond the anticipated date as shown in Part I "A" of A F O 1809 G, further cash payments may be made to soldiers in excess of the amount shown therein as payable at the Camp.

The amount drawn on behalf of each soldier must be limited to one day's net pay as shown in Part I "A" of A F O 1809 G, plus $3\frac{1}{2}$ annas a day on account of messing allowance for each day of delay less any local charges. But when a man is in debt, one third of his net pay less messing allowance must be withheld. Two thirds of his net pay must be entered as a cash payment and the messing charge as a separate item in Part II of A F O 1809 G.

8 When the final payment has been made at the Overseas Rest Camp, Deolali or Karachi, duplicate copy of A F O 1809 G duly completed will be handed to the Officer Commanding the Camp for disposal.

9. In the event of a soldier while at the Overseas Rest Camp Deolali or Karachi incurring a casualty that affects his pay, i.e., absence, detention, fines etc., the casualty should be noted in the column provided in A F O 1809 G Part II and such payments will be reduced by the amount of such entry.

10. Before any draft leaves an Overseas Rest Camp, the Officer Commanding the Camp will ensure that he has received duplicate A F O 1809 G duly completed in respect of each man leaving and that the entries made therein are identical with those entered in Part II of A F O 1809 G accompanying the soldier Home.

The Military Accounts Officer assisting the Officer Commanding the Camp in pay matters will satisfy himself as far as possible that the entries in Part II of all copies of A F O 1809 G agree.

11. Attention is directed to paragraph 4 (b) of this India Army Order regarding soldiers who do not arrive at the Overseas Rest Camp. In such cases the O C Draft is responsible that the soldier's A F O 1809 G is returned to his unit.

ANNEXURE C

Instructions for Officers Commanding Hospitals and Medical Officers travelling in charge of invalids

1. Immediately intimation is received by Officers Commanding Hospitals, that passages have been allotted for invalids, a notification should be sent to the Officers Commanding Units concerned, stating the date fixed for embarkation and the name of the transport also the date on which A F O 1809 G in duplicate accompanied by a cheque or R T R should reach the Hospital from which the soldier is invalided (e.g., a man invalided at Meerut and sent to Deolali for despatch to the U K. would be finally paid at Meerut). Attention is also directed to paragraphs 33 to 57 Instructions B 7.

N.B.—No other documents should be sent in the envelope which contains A F O 1809 G and cheques.

Should the Officer Commanding Hospital consider that an invalid should not receive a cash payment before

proceeding for embarkation he should notify the Officer Commanding the unit accordingly in order that any credit balance may be remitted to the Home Paymaster for subsequent disbursement. In such cases no cheque or P T R should be sent with A F O 1809 G.

Receipt of A F O 1809 G in duplicate and Remittance Transfer Receipts should be acknowledged immediately they are received.

Payments made to an invalid in hospital before leaving India should be entered in Part II of A F O 1809 G, by the Officer who makes the payment and the duplicate copy of the form duly completed and receipted should be returned to the O C Unit (the procedure will be the same as for men embarking direct—see Appendix G of this I A O).

2 A F O 1809 G for invalid soldiers should be handed to the Medical Officer conducting them to the port of embarkation and his receipt obtained.

3 Medical Officers travelling with invalids to the port of embarkation and on transports will comply with the instructions laid down for Officers Commanding drafts as regards entry of any cash payments made on board ship and casualties, on A F O 1809 G also as to the disposal of that form.

Should no cash payment be made to an invalid during the voyage a note to that effect should be made in Part III of A F O 1809 G.

4 When passages are allotted to inmates a copy of the intimation sent to the Asylum authorities concerned should also be sent by telegram if necessary, to the O C the Soldiers Unit, in order that A F O 1809 G in duplicate may be prepared and despatched to reach the Asylum before the patients leave for the port of embarkation. Such men will be treated as direct embarkations vide Annexure C.

In the case of inmates passing through the B S H. the procedure for the issue of I P C S and I

O C Hospital to meet up to the Port of Embarkation will be dealt with as laid down in paragraph 1272 Regulations.

I.A.O. 807. HANDBOOK OF PUNJABI MUSALMANS

23rd Sept. 1924. On page 59 in front of 'AWAN' insert the above description of 'ARAINS'

Page 57. The first clause of paragraph 4 of the description of 'KAMBOHS' is reconstructed as follows.—

The KAMBOHS are commonly supposed to be closely related to the ARAINS. Sir Denzil Ibbetson and other authorities however, consider it doubtful if this supposed relationship has any further basis than the fact that KAMBOHS and ARAINS both came from the West, and are both of much the same social and agricultural repute. The KAMBOHS are not merely agriculturists, as they infrequently engage in trade, and have even taken service in the Army, in offices, and as private servants.

I.A.O. 808. Travelling Concessions for Members of the Military Nursing Service on the North Western Railway—With reference to India Army Order No 901 of 1923, it has been brought to notice that, in cases where lady nurses are required to leave their stations urgently, difficulty is experienced in obtaining the railway concession order.

The North Western Railway authorities have accordingly decided that, when lady nurses of the Military Nursing Service are required to travel on urgent duty and have no time to procure a concession order from the District Traffic Superintendent, they will be prepared to consider favourably in each such case the grant of a refund of the difference between the ordinary tariff rates and the concession fares, provided that a certificate from the Lady Superintendent, QAMNSI, of the circle from which the lady nurse proceeds, is produced to the effect that the journey had to be hurriedly made and there was no time to procure a concession order.

NOTICE

The following letter relating to the National Institute for the Blind, is published for information.

221, GREAT PORTLAND STREET,

LONDON, W.-1,

20th August 1921

Services Appeal

DEAR SIR,

Last year, our friend, Captain F B B Towse, V C, appealed to all officers and men of H M Forces, to support the work of the National Institute for the Blind, which charity is registered under the Blind Persons' Act, 1920. Captain Towse is Chairman of this Institute and his Appeal received the generous financial support of the Admiralty, the Army Council and the Air Council and was backed up splendidly by all Units and Ranks.

Although the National Institute is primarily engaged in ameliorative work in connection with the 20000 civil blind in England and Wales, it has, nevertheless, always given great attention to the needs of the blind ex servicemen. The Institute inaugurated St Dunstan's at the beginning of the War, and Captain Towse has recently started a Fund (entirely unconnected with St Dunstan's which is now a separate organisation) which will be used for the welfare of —

- 1 Blind ex servicemen not eligible for a Government Pension or training at St Dunstan's
- 2 Ex servicemen who become blind after reversion to civilian life
- 3 All serving or ex servicemen's wives or children who are or may become so afflicted

For this new Fund, Captain Towse needs every possible assistance, and we are writing to ask you and all other Units of H M Forces to support,

to your uttermost, this necessary and far-seeing activity of the National Institute.

We would suggest that the most advantageous and economical assistance which could be rendered by Units would be the grant of a fixed annual subscription to Captain Towse's Fund.

Contributions should be sent to Captain E. B. B. Towse, V.C., at 224, Great Portland Street, London, W.-1.

Yours faithfully,

ALLENBY, *Field-Marshal*.

W. R. ROBERTSON, *Field-Marshal*.

A O 2
1924

"A candidate may present himself for examination in the subjects necessary for this certificate at one and the same examination"

A soldier who is in possession of a first class certificate, obtained after 1st July, 1921, may present himself for examination in the extra subjects necessary to complete a special certificate at one or more examinations. Failure by such a candidate in any subject or subjects will necessitate his re-examination in that subject or those subjects only.

A candidate availing himself of the concession granted in Sec 29 para 4 may present himself for all or any of the subject required to complete a special certificate at the same examination at which he takes the subject necessary to complete his first class certificate.

G S M T. 1

In this practice, *provided the brigade commander considers it necessary*, a wooden parapet may be erected and used, to represent the parapet of a trench

In such case, the face of the parapet next the firer is to conform to the dimensions given in the Manual of Field Works (All Arms), 1921, Plate 41, Figure 2, Section 1, *i.e.*, the height from ground to elbow rest will be 3' 9", width of elbow rest 1' 8", height of parapet above elbow rest 9'

Also, a firer when watching for the first appearance of the target must look over the top of the platform parapet, *i.e.*, the extemporized platform must be filled in to prevent him being able to watch for his target by looking under the elbow rest

The foregoing ruling governs all ranges, wherever situated when owing to the rocky nature of the ground or other sufficient reason the Brigade Commander considers the erection of a platform parapet, in lieu of an excavated trench, essential for the type of firing indicated

Organization—Indian Army—With reference to India Army Order No 740, dated 23rd October 1923, questions relating to class composition of Indian infantry and pioneer units will be submitted through the usual channels, and not direct from O C, Training Battalions to A. H Q

I A O 832. Allocation of Authorised Mileage Allowance for Staff Cars within the Commands and Independent Brigades—General Officers Commanding in Chief, Commands, and General Officers Commanding, Independent Districts are authorised to introduce the procedure laid down in para 5 of Army Instruction (India) No 777 of 1924, for the half year commencing 1st October 1924, by re allotting, as desired the anticipated unexpended balance of mileage on that date of all cars in their commands. As early notification as possible should be made to A H Q of the re allotment made. This notification will show also the mileage run by each car from 1st April 1924 to 30th September 1924. The totals of mileage run up to 1st October 1924 and re allotted from that date as regards all heavy and light cars in the command must not exceed the bulk mileage allotted to heavy and light cars shown in appendix 1 to Army Instruction (India) referred to above.

2 The allotments of mileages for staff cars shewing the number of cars should be communicated by the General Officers Commanding in Chief, Commands and General Officers Commanding, Independent Districts to the formations to which the cars are allotted, e.g. General Officer Commanding Districts Brigade etc., and also to the Controllers of Military Accounts of Districts concerned. Copies of these orders will be furnished by the formations to which the cars are allotted to the Mechanical Transport units maintaining the cars. The Mechanical Transport units will claim proportionate amount of petrol and allowance of lubricants in the P O L account on the basis of the allotment shown in Command Orders. The monthly allowance for petrol per 1000 miles annual running of car is given below —

Cars, light	5 17 $\frac{1}{2}$ gallons
Cars, heavy	6 17 $\frac{1}{2}$ gallons

The transfer of funds from one District to another will if necessary, be arranged in accordance with the orders contained in Army Department letter No 1023 dated the 11th December 1923.

I.A.O. 837. Pensions—Payment of — to Men belonging to Trans-Frontier Districts—Under the provisions of the note to Appendix III, Army Regulations, India, Volume III, as inserted by January Appendix of I A Os, 1919, the payment of pensions to men belonging to Trans-Frontier districts is made by Political* officers of North West Frontier. These orders have in some cases been lost sight of and consequently pensions to such men have been made payable at the Peshawar Post Office. This causes inconvenience to pensioners, delay in payment of pensions and unnecessary clerical work incidental to transfer of pensions.

IAO 843 Despatch to England of Armourers Royal Army
Ordnance Corps during the Trooping Season 1924
25—The Officer in charge Royal Army Ordnance
Corps Records Inland has represented that the
requirements of Armourers Royal Army Ordnance
Corps as reliefs during the trooping season 1924
25 for India and elsewhere abroad are somewhat
abnormal and that the home strength of these
units is at present much below establishment
steps will therefore be taken by all concerned for
the de patch of the relieved details to England
with the least possible delay after the arrival of
their reliefs

I A O 811. Lamps—Sig—Daylight—Short range—1 The

 1105 C splice is used for use with the above lamp when
 the latter is not mounted on the stand, is not to
 be hammered into the ground as such action causes
 the screw threads on the splice to become buried

2 The spile should always be fitted to the lamp before adding fuel into the ground.

457. Army Pupil Teachers—Preliminary Examination for the Board of Education Certificate

1 A preliminary Examination for the Certificate of the Board of Education will commence on 8th December, 1924, and on an approximately similar date in future years.

Applications from army pupil teachers serving in home commands to attend this examination should be addressed to the Local Education Authority for the County or County Borough, in which the candidate is serving.

Applications from army pupil teachers serving abroad should be addressed, through the usual channels, to the Under Secretary of State (S D 8), the War Office, and should reach the War Office by 15th September in each year. The optional subjects taken up should be stated. Instructions for this examination will then be issued from the War Office.

2 The Board of Education are prepared to consider the exemption of candidates from elementary science at the above examination, provided that candidates produce a certificate showing that no facilities for studying this subject were available at their station.

3 In addition to ensuring that applications are submitted in accordance with para 1, G O's C in C at home and abroad will forward to the Under Secretary of State (S D 8), the War Office, by 15th September each year, a list of army pupil teachers desirous of attending the preliminary examination, showing in each case.—

ANNEXURE TO INDIA ARMY ORDER No 882 of 1924

DEPARTMENT OF INDUSTRIES AND LABOUR LETTER
No 95 P T, DATED SIMLA, THE 13TH SEPTEMBER
1924

*Withdrawal of the privilege, hitherto allowed under
clause 361 of the Post and Telegraph Guide, of
sending official correspondence intended for public
functionaries, departments, etc, in London and
Edinburgh, unstamped*

The attention of the Government of India have recently been drawn to a growing tendency on the part of Government offices in India to post their official correspondence for London and Edinburgh unpaid, under clause 361 of the Post and Telegraph Guide "Some of these letters are impressed with the "official paid" stamp by the Post Office in India and are therefore delivered without any surcharge in London, but the majority do not bear the "official paid" stamp and are consequently taxed at the other side. The Indian Post Office, however, does not, under existing arrangements, in either case receive any payment from Government for letters which are posted unpaid under clause 361 of the Post and Telegraph Guide. As the Post and Telegraph Department is a Commercial Department it is proper that it should receive payment for all service rendered, nor does there appear to be any reason why India should lose revenue for the benefit of the British Post Office. The Government of India accordingly propose that, with effect from the 1st January 1925 all Government Departments should be required to send their official correspondence intended for public functionaries and Departments in London and Edinburgh fully prepaid in service stamps and I am to request that, (with the permission of His Excellency the Governor in Council) the necessary instructions may be issued to all concerned

IAO 922
5th Nov
1921
A-30682
A.G. 9

The following procedure will be observed to commemorate the sixth anniversary of the signing of the Armistice—

Bells of churches in cantonments will toll for five minutes from 10 55 A.M. The commencement of the two minutes silence will be signalled by the firing of a gun if available, or sounding of bugles, if no gun is available at 11 A.M.—Railway time. Similar measures will be taken to signal the termination of the two minutes silence at 11 02 A.M.—Railway time. At 11 A.M. all guards will turn out and present arms and at the same time all troops will stand to attention for two minutes. Arrangements for church services are left to the discretion of local commanders.

I. A O 938 Civil Compassionate Fund —The Compassionate
A 8265
A O 14 Fund maintained by the Government of India is intend
 ed for the families of those Government civil servants
 (who are paid from central revenues) left in indigent
 circumstances through the premature death of the
 person upon whom they depended for support It is
 formed by an annual grant of Rs 20 000 which is cum
 ulative, the unexpended balance of one year's grant
 being carried forward to the credit of similar expen
 diture in succeeding years The maximum limit of
 expenditure in any single year is Rs 25 000

2 The conditions which regulate a grant from the Fund are — IAO 938.
8th Nov.
1924

- (1) Grants from the Fund are restricted to case of an exceptional character
- (2) The deceased officer must have been a meritorious public servant. Unusually meritorious service gives special claim for consideration
- (3) Death due to special devotion to duty establishes a strong claim for consideration
- (4) In more ordinary cases preference should be given to the dependents of officers who have completed many years' service and have just failed to draw their pension
- (5) Other things being equal, preference should be given to those who have been on low rates of pay
- (6) As a general rule a grant should not be given if the salary of the deceased officer exceeded Rs 750 a month
- (7) Assistance should seldom be given to families of gazetted officers except so far as it may be necessary to assist them to obtain a passage home
- (8) Care should be taken that too many grants are not made to families of officers who have been serving at the headquarters of the Government of India

3 The rules for sanctioning grants are —

- (1) No pension is granted from the Fund but in some cases yearly grants are made for a limited period to defray the expenses of the education of children
- (2) The maximum gratuity payable in any individual case is Rs 5000. The precise amount in all cases is fixed according to the number in the family and the necessities of the case, the equivalent of a year's pay of the deceased being considered a suitable maximum in cases in which the circumstances are such as to require liberal treatment, but in most ordinary cases six months' pay is regarded as sufficient

I.A.O. 839 strict proof has been produced that the cause of death
 8th Nov. was entirely attributable to military service
 1924.

This will satisfy the requirements of paragraph 631, Pay and Allowance Regulations, Part II, in cases where the cause of death was contracted in ordinary peace condition.

ANNEXURE TO INDIA ARMY ORDER No 934 of
1924

THE WAR OFFICE,
LONDON, S. W.-1,
22nd September 1924.

114 General Order (A. G. 3.)

SIR,

I am commanded by the Army Council to inform you that they have recently had under consideration a proposal by the Air Council that premises and localities which have been placed out of bounds by the military authorities should regularly be placed out of bounds to air force personnel except where the local air force commander considers that there is some special reason for not taking this course; in which case he is to submit the matter for the approval of higher authority. The Air Council further propose that similar action be taken by the military authorities with regard to premises and localities which have been placed out of bounds by the local air force authorities.

I am to say that this proposal has been approved, but that in cases where premises and localities have been placed out of bounds by the local air force authority, and on the local military authority being notified, it is considered undesirable for some special reason, that the particular premises or locality should be placed out of bounds, he will submit the matter to the General Officer Commanding in Chief, or the General Officer Commanding, concerned for decision.

I am to request therefore that the necessary action be taken to acquaint local air force commanders with any orders issued, or which may from time to time be issued, to military personnel on the subject of "Out of bounds."

I am,

SIR,

Your obedient servant,

B B CUBITT

The General Officer
Commanding in Chief,
Command.

(To all General Officers
Commanding in Chief
and
General Officers Commanding
Commands at Home and Abroad).

No Z 945 1 (DMS)

ARMY HEADQUARTERS, INDIA

Pensions—Wounds and Injury

MEDICAL DIRECTORATE,
Simla, the 24th July 1924

To

Assistant Directors, Medical Services,

Districts and Independent Brigade Areas

The Senior Medical Officer, Zhob Area, Loralai

Some cases have recently been brought to the notice of the Medical Directorate in which it appears that the president and members of medical boards have probably not paid sufficient attention to the amendment to paragraph 608, Pay and Allowance Regulations Part II, introduced by Army Instruction (India) No 279 of 1924

2 It should be borne in mind that a disability contracted during military service in ordinary peace conditions is not necessarily attributable to that service

The conditions under which Indian soldiers serve in peace probably involve a smaller liability to certain diseases than that incurred by civilians of corresponding classes

It is considered therefore, that a case, for example, of tubercle of the lung of plague or of acute pneumonia arising in ordinary peace conditions should not be held to be attributable to military service unless the patient has, in the course of his duty, been subjected to unusual exposure, fatigue, privation or other conditions sufficient to cause a pre disposition to the disease or has been specially exposed to infection

Hard and fast rules cannot be prescribed on this subject. It should be sufficient to add that medical boards should consider carefully all the circumstances of each case and that they should not, as a matter of course, hold that every disability contracted during military service is attributable thereto

3 In future when a medical board records on page 5 of India Army Form Y 1948 its opinion that a disability contracted under ordinary peace conditions is attributable to military service a statement should be added to the effect that the board is satisfied that the proof produced that the disability is so attributable is "strict proof" as required by paragraph 608, Pay and Allowance Regulations, Part II

4 As questions whether disabilities are attributable to military service or not are to be decided solely by medical boards it is incumbent on presidents and members of such boards to exercise their powers in these matters with due regard to the interests of the State

5 Attention is in
Pay and Allowance
amended by Army

That now prescribes the conditions under which
:

Medical officers when completing death certificates in cases where the fatal wound, injury or illness was contracted in ordinary peace conditions should not certify that the cause of death was attributable to military service unless they are satisfied that there is strict proof that the cause was genuinely attributable to such service

ANNEXURE TO INDIA ARMY ORDER No 974
OF 1924

DRAFT ARMY INSTRUCTION (INDIA)

*Re introduction of the rule permitting officers to
accumulate 90 days' privilege leave after 33 months'
duty*

A /19985
A G 11 B

With the approval of the Right Hon'ble the Secretary of State for India, it has been decided that accumulated privilege leave for 90 days may be granted after 33 months' duty, which need not be continuous, to those officers who have not taken privilege leave within the period covered thereby. If accumulated privilege leave extends from one year to the next, the officer may, after rejoining, be allowed the ordinary privilege leave for the year. Accumulated privilege leave may be taken in instalments, but the last instalment must be commenced in the year in which the first is taken, otherwise the portion not taken will lapse.

2 As regards qualifying service, this decision has effect from the 19th September 1923, the date on which the right to accumulate privilege leave was abolished, vide Army Instruction (India) No 157 of 1923. The decision does not, however, extend to cases in which officers have already taken 60 days' privilege leave by itself or combined with furlough, although they had qualified for 90 days' privilege leave, between the 19th September 1923 and the date of this Instruction.

ANNEXURE TO INDIA ARMY ORDER No 995 of
1924

A.C.I. 576. Officers' Mess Contributions—1 With reference to A O 140 of 1920, relating to the re introduction of officers' mess contributions, it has been brought to notice that diversity of opinion exists as to its interpretation, and the following instructions are therefore promulgated for the guidance of all concerned

2 Officers who were serving in the regular army on 5th August, 1914, and who continued to serve after the date of the termination of the war, *i.e.*, 31st August, 1921, and who on 5th August, 1914, had not completed payment of the initial contribution payable under para 1146, King's Regulations, 1912, are liable with retrospective effect for the balance of that contribution, and in addition are liable, also with retrospective effect, to pay mess contributions for each substantive promotion during the war, and for each exchange or transfer which took place since the war. The liability to pay such contributions is governed as follows —

- (a) when incurred *prior* to the publication of King's Regulations, 1923 (13th August, 1923), payment will be made under para 1146, *et seq.*, King's Regulations, 1912
- (b) when incurred *subsequent* to the publication of King's Regulations, 1923 (13th August, 1923), payment will be made under para 1468 thereof

3 Officers who were permanently gazetted in the regular army *after* 5th August, 1914, if serving on 1st September, 1921, are liable with retrospective effect to pay —

- (a) their original mess contribution on joining, and
- (b) contribution on each substantive promotion which took place during the period of the war, or on each exchange or transfer since the war,

but under both heads at the scales operative when the liability was incurred

4 Contributions will be paid according to the rate of pay in force when the liability was incurred

5 *These instructions will apply only to officers actually serving at the date of this A C I* No recovery of arrears will be made from officers who have left the Service, or from officers who have been placed on half pay, or who from any other cause have permanently left their units

Extra Regimental Employment—British Army—India Army Order No 189 of 1924 is cancelled and the following substituted

A/10630
A.G. 1

2 Owing to the greatly reduced establishment of British Infantry battalions, every effort must be made to reduce the number of employed men, both—Recallable and Non Recallable. It is not intended, however, to close the field of recruitment for Administrative Services to combatant serving soldiers, and it will always be necessary to have a number of men temporarily employed to fill leave and furlough vacancies, etc. A register of all such men will be kept by General Officers Commanding in Chief, Commands and G.O.C., Burma District, and personnel required on probation to fill permanent vacancies will be drawn from among these men. The term "Seconded" will not be used in the case of extra regimentally employed British other ranks

3 Employed British other ranks are divided into three categories, and are required to be shown in India Army Form Y-1940, as under

I.A.O.
1007.
3rd Dec.
1924.

(A) *Column 43 F.*—Personnel borne super-numerary to the strength of their units, *i.e.*, Instructors and Administrative personnel posted to A and T F units, Schools of Instruction, Institutions, Embarkation staff, Railway Transport Establishment, etc., to fill *permanent* vacancies in establishments which have been authorized in India Army Orders, Army Instructions (India), or other Government authority. This category does not include India Unattached List ranks. If finally selected for permanent employment after 3 months' absence from regimental duty, Heads of Departments, etc., will notify the unit concerned through the usual channel.

(B) *Section 'B'—columns 6 to 35*—Personnel Non Recallable on mobilization who are returned on the effective strength of their units, *e.g.*—

- (a) Other ranks in various Services and Departments who have not been confirmed in a permanent appointment
- (b) Soldier clerks authorized under Note 1 to Appendix to A I (I) No 583 of 1923
- (c) Students at Thomason College, Roorkee, and the Engineering College, Guindy
- (d) Other ranks employed at the Military Food Laboratory, Kasauli, and those filling leave and furlough vacancies in authorized appointments
- (e) Nursing orderlies at British station hospitals
- (f) Other ranks for whom specific sanction to be included in this category has been accorded by Army Headquarters. Such sanction will only be given in very special cases

NOTE—Men undergoing courses of instruction in duties of Nursing Orderlies, *vide* A G in India's No A-16263/1 (A G-1), dated 24th October 1922, are *not* to be included

(C) *Column 36 D*—Personnel Recallable on Mobilization, to include all who are not referred to in either category (A) or (B) above, who are in Garrison or other *extra regimental* employment, this to exclude regimental employment

I A O
1007.
3rd Dec
1924

4 Extra regimentally employed personnel will be distributed as evenly as possible among the various combatant units in each Command, with the exception of technical arms such as Royal Artillery, Royal Tank Corps, etc., who will only be detailed under exceptional circumstances

5 No soldier will ordinarily be taken for extra-regimental employment unless he is qualified as under —

- (i) In possession of a 2nd Class Certificate of education
- (ii) Qualified as a 2nd Class Shot, in the case of Artillery to be a 1st Class Gunner
- (iii) Has completed 2 years' service, including at least one whole year's training

In exceptional circumstances, however, District Commanders are granted discretionary powers to waive the above conditions. Other ranks will not be sent on courses of instruction in Telegraph duties unless qualified as above

6 Instructions regarding personnel belonging to units moving in relief ex India, will be issued by Army Headquarters

7 With the exception of O Rs in Waziristan District, all men in extra regimental employment who come under category (C) above, will be found from the District in which the employment is situated. Only in very exceptional circumstances will this Rule be departed from and then only with the specific sanction of the G O C in C the Command. On a unit leaving a District all such personnel will be recalled, reliefs being provided by the incoming unit

8 It is essential that all formations, Services, Departments and other employers of extra regimentally employed men should notify movements, casualties, etc. to the Officer Commanding the unit upon whose strength the men are borne. Failure to submit the necessary information causes much unnecessary correspondence, inaccuracy in returns and often entails difficulties in connection with pay and preparation of accounts. The names of any individuals who cannot be traced will be reported by the Officer Commanding unit concerned to the Adjutant General in India, through the usual channel

ANNEXURE TO INDIA ARMY ORDER No 1011 of 1921

Letter No I 16104|2|F 2, dated the 30th September, 1924, from the Under Secretary of State for India, India Office, to the Military Accountant General, Simla

With reference to your endorsement No Pay|M|515|2312, dated 28th August, 1924, requesting this office to confirm your assumption that recoveries from Indian Army officers serving in Iraq on account of income tax are credited to Indian Revenues through this office, I am directed to inform you that pay issuable by the Imperial Authorities in Iraq is regarded as liable to income tax at British rates, and the tax is credited to *Imperial Revenues*.

In order, however, that officers of the Indian Army on Indian rates of pay shall not be penalised in this respect through service out of India, as a concession they are assessed to tax at Indian rates, the difference in revenue to the Imperial Government being adjusted by an arrangement between the Air Ministry and the Inland Revenue Department in this country

The above publications will shortly be obtainable in all British India

1. *Medical*—(1) Medical inspection of the Unit before leaving its station in India will be carried out in accordance with paragraph 7, Army Publications India Volume VI and paragraph 12, Army Regulations India Volume X

(ii) The Battalion will be accompanied from its station in India by one Medical Officer and one Sub Assistant Surgeon. These officers will be detailed by the Command within whose area the port of embarkation lies. They will accompany the Unit as far as Basrah and return to their station in India on completion of this duty.

(iii) The Field Medical Equipment of the Unit (Field Medical Panniers, Haversack, Compassion and Water Bottle) and First Field Dressings at the rate of one per man (all ranks) will be taken with the Unit.

(iv) During the hot weather in Iraq the same precautions against undue exposure to heat are necessary as are usual in India.

The hot weather in Iraq so far as precautions are concerned, is from the 1st of March to the 31st October.

No quito nets and electric fans are insufficient protection against mosquitoes. An issue to each of Bamber Oil is made to all Units in Iraq, as a further protection against mosquitoes and midflies.

The Port of Basrah is the most heavily infected area.

The various General Routine Orders issued with regard to Hot Weather Precautions, etc., are Nos 52, 96, 107, 122, 123, 135, 139, 168, 175, 177, 223 and 248 of 1924. It is suggested that they should be embodied in these "Notes."

11 *Discipline, Relations with the Royal Air Force*—(i) An Officer of the Royal Air Force is a "British Officer" within the meaning of the Indian Army Act in relation to a person subject to that Act when that person is serving under any of the conditions prescribed in Indian Army Act Rule 160 A.

(ii) A warrant or non commissioned officer of the Royal Air Force is only the "superior officer" of a person subject to the Indian Army Act when that person has been placed under his orders,—section 7 (7), Indian Army Act.

(iii) The relations between British Officers and officers and airmen of the Royal Air Force are governed by Section 184 A of the Army Act and Section 184 A of the Air Force Act. These sections have, with the exceptions of the provisos to subsection (1 A) of the sections been applied by orders made by the Army Council and Air Council to bodies of His Majesty's Military Forces and bodies of the Royal Air Force who are being conveyed together on a transport or troopship or are acting together under or within the command of the Air Officer Commanding, Iraq Command (Army Order 114 of 1923 and Air Ministry Weekly Order 336 of 1923).

(iv) A British Officer who is temporarily attached to the Royal Air Force under conditions prescribed in pursuance of section 179 A of the Army Act becomes subject to the Air Force Act

15 *Legal, Indian Soldiers (Litigation) Act*—An Indian soldier is deemed to be serving made war conditions when serving in 'Iraq or if serving in India, when under orders to proceed on service to 'Iraq or when the Unit to which he belongs is mobilized before proceeding on service to 'Iraq (*vide* H D Notification No F 906, dated the 11th March 1922)

16 *Books and Stationery*—

(a) *Books*—The General Officer Commanding the District or Independent Brigade Areas in which the Training Depôts of the units serving in 'Iraq are located, will arrange for the supply to the units abroad of the revised or new copies of books of Indian Regulations

(b) *Forms*—One year's supply of Army Forms, Army Books, Indian Army and other forms will be taken Units having Depôts in India obtain replacements of Indian Army Forms through their Depôts and Army or R A F forms the Air Ministry Publications Department (G R O 373 of 1923)

(c) *Stationery*—One year's supply of stationery will be taken When stocks are exhausted units obtain fresh supplies through their Depôts (G R O 373 of 1923)

17 *Furlough and Leave*—The grant of leave to British Officers is governed by the rules prescribed in Army Regulations, India, Volume II

Furlough and leave is inadmissible to Indian Ranks while serving in 'Iraq Leave for very urgent private affairs or on extreme compassionate grounds may, however, be granted at the discretion of the Officer Commanding, Military Forces in 'Iraq, in such cases the cost of passage to and from the Units' Depot in India is borne by the Air Ministry

18 *Passage concessions*—Indian personnel granted leave before proceeding to 'Iraq are eligible for free railway warrants for themselves only in respect of the journeys to and from their homes in India

[Authority A I (I) No 487 of 1923]

19 *General information*—Information of value to individuals and units ordered to proceed to 'Iraq is contained in the Appendix to the Orders

20 *Amendment to Standing Orders*—The Officer Commanding Units in 'Iraq will bring to the notice of the Officer Commanding, Military Forces in 'Iraq, any points contained in these orders and the appendices thereto, which in his opinion, require amendment

ANNEXURE to INDIA ARMY ORDER No 1027 of 1924—
contd

APPENDIX

Notes on conditions of the country for officers proceeding to
'Iraq

1 *Uniform and clothing, etc*—Mess dress both serge and white is required. Full dress for 'Iraq is Khaki with medals. Both serge and khaki drill are required. Mufti as for Peshawar or Hill stations. Shorts and shirts are the usual hot weather kit. Plenty of Polo and Tennis kit is required.

Evening Dress Mufti—Short coats, or even white or Alpaca are worn in the hot weather. Tail coats are not required, when dining out or going to dances, the short coat or uniform is worn. Plenty of soft fronted dress shirts should be taken. Shops containing all the requirements of both officers and other ranks exist in Baghdad. Articles are, however, very expensive and it is recommended that sufficient kit be bought to last the tour. The N A A F I operates in 'Iraq. The Institutes provide all kinds of foodstuffs (fresh and canned) drinks, sports gear, etc., etc. They pay no duty on imported goods and prices are much cheaper than in India. Units should therefore take no drinks or stores with them other than those required on the journey.

Mosquito Curtains are provided free in certain stations only where malaria is prevalent—Mosul and Basrah not Hinaidi. The provisions of Army Instruction, India, No 801 of 1923 have not yet been made applicable to 'Iraq, the matter being still under consideration at Air Headquarters. The only way to avoid sandflies is to sleep under a fan, with which every room is provided.

The following articles of kit are recommended —

Waterproof

Balaclava Cap

Electric torch

Leather boot laces

Hurricane Lamp (oil usually obtainable from Supply and Transport)

Emergency Cooking set, cups, plates, etc., for personal use

2 *Climate*—The climate is healthy, provided normal precautions are taken. It has great extremes of heat and cold, December, January and February are cold, winter clothing and warm coats are necessary. Three good blankets and a jaeger sleeping bag are recommended.

From May to September the climate ranges from 100° to 125°. Puggi cloth shirts are recommended or coats may be dispensed

with and shuts with spine pads, and shoulder straps for badges of rank worn, Cawnpore tops and dust proof dark glasses are essential

Certain Units in 'Iraq have found the most satisfactory hot weather kit for out door work to be an ordinary "grey back" shirt with short sleeves, a puttee round the waist, shorts, boots and putties

Officers should be inoculated against enteric before starting and against cholera just before the cholera season begins (August)

The rainfall is small (6 inch in a year) but nights are usually cooler than in the plains of India

Flies are very bad at certain seasons and every precaution should be taken to protect food from them. The strictest sanitary precautions are necessary to prevent their breeding. Most of the cases of enteric and para typhoid and a good deal of dysentery are caused by them

Officers are advised to take both their hot and cold weather clothing with them

3 *Water*—The river is the general source of supply, water requires sedimentation and should always be chlorinated

In Cantonments water is laid on everywhere, and is chlorinated in the reservoirs

4 *Medical*—All commodities can be bought in 'Iraq cheaper than in India. Asperin and Citronella only should be taken from India

5 *Sport*—Excellent shooting can be had, duck, geese, putridge snipe and sandgrouse. Plenty of cartridges, sizes 5, 7, 6, 5 and 4 are required and can be bought from the N A A I. I in 'Iraq cheaper than in India. The best way is to order 5,000 at a time direct from England

Good fishing is to be had, but not everywhere. It is difficult to get at, Mosul is the best station for fishing. No fishing tackle can be bought in 'Iraq, it is best to order it direct from England

Pig abound in certain parts of the country and the "going" is favourable for pig sticking

Polo—is played three times a week and offers a great chance for beginners as the form of the majority is very moderate at present

The Government of India will not pay for the transport of horses or chargers to 'Iraq. An officer wishing to take a Polo Pony with him will therefore have to pay the cost thereof, from his station in India to his destination in 'Iraq. Raw Arab Ponies can be brought in any quantity at an average price of Rs. 100. The ponies are quick to learn and can be played in slow chukkers after 3 months training

Hockey and Football—are the general games played by the B O Rs, but a few cricket matches, on coconut matting, occasionally take place.

It is unnecessary to take goal posts, Hockey sticks obtainable in India are cheaper than the English made sticks sold by the N A A F I, but are twice as expensive in 'Iraq as in India. Units should bring large stocks of hockey sticks from India. All other sports gear can be obtained from the latter at cheaper rates than in India.

Tennis—An amount to be got the whole year round. English racquets can be bought from the N A A F I cheaper than in India. Clubs do not provide tennis balls as they deteriorate so quickly in the hot climate. It is best for the messes to place a standing order for balls direct with Slazengers or some other firm in England, who supply them in our tight times.

Squash Racquets—No court in the country but it is hoped to make one or two during next year.

Motor Cars and Motor Bicycles—Most useful especially for shooting trips and going into Baghdad. Hiraidi is 5 miles from Baghdad and 3 miles from Alwajah Club. A motor car is invaluable. A good second hand Ford can be bought in Baghdad at from Rs. 750 to Rs. 1,000. Push bicycles are not much used as the roads are too rough. Serviceable Ford Cars have been bought recently for as little as Rs. 400.

6 Financial Arrangements—British service officers draw British rates of pay and allowances *plus* colonial allowance, the rate of which is liable to variation. Colonial allowance is subject to income tax. Servant allowance is Rs. 180 per diem.

Indian Army Officers draw Indian rates of pay *plus* colonial allowance of Rs. 100 whilst in 'Iraq. They also draw rations for themselves, and forage for their horses and are accommodated at the public expense. Indian Army Officers mentioned in Appendix VI of Pay and Allowance Regulations, Part II, draw syce allowance of Rs. 15 per man em. They do not draw syce allowance in 'Iraq if they use a charger provided by the Government. A concession granted for officers entitled to be mounted not in possession of a private charger in 'Iraq.

7 Servants—Good native servants in 'Iraq are few and very expensive. Officers are advised to bring their own bearers and mess servants. Free rations for servants of Indian Army Officers are not admissible (see G. R. O. 360[1923]). A fair wage would therefore be about Rs. 30. Khan-amahs are useless in 'Iraq but a good cook is essential. British Service Officers are allowed batmen and grooms from the ranks as in England.

8 Conditions of service—The force in 'Iraq is still on active service but conditions approximate to those of peace. Leave is

Indents for Medical Stores—Officers Commanding or in charge of Military Medical Institutions will ensure that the instructions in the Priced Vocabulary of Medical Stores (India) are strictly adhered to

In particular if the vocabulary number of the articles required is not entered in all the indents lay accounting clerks who have no training in the nomenclature of drugs and other medical stores will fail to identify articles correctly and make wrong charges

2 In the revised annual indent form the numbers shown in the Priced Vocabulary of Medical Stores (India) will be printed against each item. The indenting officer will then only have to enter the vocabulary number in the case of manuscript entries
